H.M. Ritner,

Victoria, B.C.

Dear Sir:-

I have been away from Port Hughes for some time; have been up to Cat Face mountain with two other prospectors, but the weather was so stormy that we could not do much prospecting. It has been raining here for the last six weeks.

I forgot to send you that receipt, but will send it with this letter. I got the money all right.

I was going further up the coast but the rainy weather set in so quick that I did not go. I am back here on Bear river, will stay here till the 25th of next month and then I may go into Victoria.

The weather is very bad here now.

Yours truly,
