Mr. Bradley Esq.

Dear Sir,

Complying with your request of 30th. ulto. I enclose statement of expenditures and Reconstruction and Improvements for May & June, with estimate of probable amount needed for completion.

This may not show as much detail as you wish, but I am short handed in the office at present, & have lost some time myself, as the murder trials at Wallace. Will send you another statement if required, with greater detail, after the June a/c are made up.

Yours truly
Fred. D. B. Biddle
