

Bunker Hill & Sullivan Mining & Concentrating Company.

MINES AND WORKS AT WARDNER, IDAHO.

O. K. G. H.

POSTOFFICE ADDRESS,

Kelloo^o, Idaho, May 24 1899

Alex. Granger Esq.
San Francisco, Calif.

Dear Sir,

I have just wired you to have the Pinkerton Agency send a man to Joe. Mac Donald, Helena & Trisco Mining Co., Gen. Ida. a man who can work underground, and to have the agency instruct our operator at Wardner to report any information of interest gained, to Col. J. H. Torney, the one of the State's attorneys engaged in the prosecution of the riot cases.

Col. Torney is staying at Bolger's Hotel in Wardner. The telegram also requested you to refer any parties who may apply at your office for work, to Joe. Mac Donald. We are full handed ourselves, but there is work to be had at the other mines in the district, miners, ^{& machinememen} especially being in great demand. There is ample

military protection and perfect safety to all who wish to work. Yours truly
Fred. Burbidge

Please point out to the Supt. of P. D. H. that this extra business from Mac Donald & from the State is secured thro' our efforts, & with a view to centralizing the entire operations of their office, so that information from one operator may be used to put others on proper track.

B.
