Dear Sir:-

I have your letter of the 7th. inst. together with letter from Judge Lindley of same date in reference to the matter of insurance on our property destroyed by rioters on April 29th. Lindley's letter confirms the impression we have had from the beginning that we should be unable to collect anything under our policies, and you may therefore notify the Insurance Companies, formally, that no claim will be made upon them for this loss. The adjustment of the policies, and the claim for the return of the unearned premium, I suppose you will be able to arrange through Mr. Delafield.

Yours truly,

Frederick Burbidge
