

Bunker Hill & Sullivan Mining & Concentrating Company.

MINES AND WORKS AT WARDNER, IDAHO.

POSTOFFICE ADDRESS,

KELLOGG, IDAHO,

June 12th., 1899.

Alex Granger, Esq.,
Crocker Bldg.,
San Francisco, Cal.

Dear Sir:-

I duly received your telegram of the 9th. saying: "Proxies to date 214,120, including yours. Sloan and Dougherty not yet to hand. Crocker's proxy expected to arrive about June 12th." In reply I wired you:--"Write for all missing proxies immediately, saying, ^{have} nearly enough ^{but} must have 7/8 for Tacoma Smelter business."

It may be that either Sloan or Dougherty cannot be reached in time. In that case, I figure that we would be 2,180 shares short of 7/8. By writing for missing proxies, and seeing any stockholders in San Francisco who have not furnished proxies, you can probably secure sufficient to make sure of the 7/8.

Yours truly,

F. W. Bradley
