

BUNKER HILL & SULLIVAN M. & C. Co.

Wardner, Idaho. Aug.8, 1900.

On the 5th inst. operative went to work, and was timbering until a man was needed at the machine, when he was put to work running a one-man machine in a stope by himself. This work does not afford a very good chance to get among the men, as he sees no one during the entire shift. Operative will not work for a couple of shifts, having caught a severe cold. He has not seen Mr.B.—yet to speak to him, but nothing is lost, as operative has had nothing to report so far.

From the outlook, operative thinks it will be slow work. Voigtlander was here last week, but has gone out on a fishing trip, and will remain for a short time. When he returns, operative will advise.
