

# Bunker Hill & Sullivan Mining & Concentrating Company.

MINES AND WORKS AT WARDNER, IDAHO.

POSTOFFICE ADDRESS,

KELLOGG, IDAHO,

June 24th, 1899.

F. W. Bradley, Esq., President,  
Bunker Hill & Sullivan Mining & Concentrating Co.  
Crocker Building, San Francisco, California.

Dear Sir,-

I received your message of 22nd inst. from Portland enquiring whether Lyne had offered to take our crude ore at Tacoma rate. In reply, I wired you that he had made the offer to take the ore on these terms until August 1st. I now have your telegram of 23rd inst. saying "Make proper arrangements to divert to Helena at Tacoma rate immediately". I have notified the smelter at East Helena that we would ship them crude ore in accordance with Mr. Lyne's letter, and cars for the service will be put in here today. I suppose that Rust will be ready to take the ore again after August 1st.

Yours truly,

*Fred. Burbidge*
