Dear Sir:

A miner by the name of Ed Barrett informs me that he had a small check in the vault at the time of the explosion, No. 46610 for \$11.00. I remembered that he had not drawn this as he was laid up in the hospital with a broken leg, and it has not been paid according to your statement of the 31st May. Please handle the same as the others.

Yours truly,

C. W. Finney
