

Bunker Hill & Sullivan Mining & Concentrating Company.

MINES AND WORKS AT WARDNER, IDAHO.

POSTOFFICE ADDRESS. KELLOGG, IDAHO, July 29th, 1899.

F. W. Bradley, Esq., President,
Bunker Hill & Sullivan Mining & Conc. Co.
San Francisco, California.

Dear Sir,-

It is just three months ago today since our mill was destroyed, and we have just turned the water into the new mill. Tomorrow we expect to turn the machinery over and make necessary adjustments, and by Monday or Tuesday, the east side should be working on the regular mill feed. I think this is about as rapid work on construction as has ever been done on a mill of this size.

Yours truly,

Frederick Burbidge
