Dear Sir:-

Enclosed please find carbon copy of letter to Holman regarding the purchase of Sierra Nevada Mining stock I made in New York.

As I wrote you from New York, I authorized C. W. Truslow to purchase some Empire State Idaho Mining & Developing Company stock, and to draw upon you for the necessary payment. I want this transaction kept entirely confidential, so in your Treasurer's cash account, call it "Miscellaneous Mining Stock," so that the details of the business will not reach our Wardner office. I had Mr. Truslow make this purchase in order to secure a complete list of the holders of Empire State Company's stock. He paid \$20. per share for fifty shares; no more purchases will be made at this figure, because it is altogether too high.

Yours truly,

F. W. Bradley
