Dear Sir,-

I have your letter of Aug. 4th advising the placing of another \$25,000 insurance on our property. As I understand it, this makes, with the amount of the policy as given in Mr. Delafield's letter of June 17th, a total of \$89,050, and would leave about \$28,000 to be placed later on to make the total policy the same as it was before. I think the policy might stand as it is now until the new Power Plant is completed, which will probably be sometime in November, and then we can make a new survey of the property, and have a new distribution of the items made in time for the issuance of the new policy in December.

Yours truly,

Frederick Burbidge
