Gordon
Editor,
McCall, Idaho
Squires
Payette Lakes Star

Dear Mr. Squires:

This letter is in the form of an appeal to the readers of your publication for protection of members of our CCC camp who are working on the various Technical Service projects in the hunting area of this section of the State.

Our enrollees will be wearing four inch red bands on their arms and hats as required by our CCC safety regulations so that they will not be taken for the elusive but plentiful game in this area.

The area in which these boys will be working will be the east and west sides of the Payette Lakes and up and down Boulder Creek. Signs denoting CCC work projects to warn hunters will be placed on the roads leading to the work areas.

There is never an open season on CCC enrollees.

Very sincerely yours
Dexter Kline
