

# CCC Barracks To Undergo Repair Job

---

A considerable amount of repair work will be done at the local camp this month, according to Lieutenant Charles M. Carman, company commander. The work will include new flooring for some of the buildings and paint and finishing for the camp office.

A contract has been let for 200 cords of wood and a carload of coal is expected in the near future.

Lieutenant Carman has received authorization for two NYA girl clerks to work in the camp office. No one has yet been placed in the position and applicants will be welcome at the camp office during business hours. Those desiring to apply should be between 18 and 24 years of age and out of school or not attend-

work will be done at the local camp this month, according to Lieutenant Charles M. Carman, company commander. The work will include new flooring for some of the buildings and paint and finishing for the camp office.

A contract has been let for 200 cords of wood and a carload of coal is expected in the near future.

Lieutenant Carman has received authorization for two NYA girl clerks to work in the camp office. No one has yet been placed in the position and applicants will be welcome at the camp office during business hours. Those desiring to apply should be between 18 and 24 years of age and out of school or not attending full time. Typing ability is necessary.

The class in shipwright training has started in the camp under the instruction of John Nasi. The course will be a full time day course lasting about 90 days.
