IMPORTANT NEWS EVENTS OF WEEK

ARMY STAFF RAPIDLY LINING UP FOREST PROGRAM

A large group of army officers have arrived in Boise and are rapidly lining up the program for the conservation forestry camps in this state. According to latest reports Idaho is to have 164 camps, 100 on the national forests, 31 on state lands and 33 for control of blister rust.

The first three camps to be started on the program are located at Idaho City, at Gallagher Station on the South Fork above Garden Valley and at Guyer Hot Springs near Ketchum.

Reports are that Idaho's 25,000 recruits will mostly be drawn from the Atlantic seaboard, mostly from the New York area.

Muscle Shoals Bill Passes Congress

Congress has passed the Muscle Shoals bill and the President's signature remains to make it a law, thus putting the government into the power production business.

Idaho to Ask For 20 Million for Highway Work

Idaho to Ask For 20 Million for Highway Work

Idaho is asking for 20 million dollars of the national public works program which calls for the expenditure of three and a half billion dollars.

Plans for the construction of three main highways in Idaho are being considered and J. H. Stemmer, director of highways has been sent to Washington to press the state's request for a share of the fund.

Wool Prices Jump to New High Level

Idaho sheep growers are jubilant over the latest big jump in wool prices, the highest in several years.
