FIRST TRAINLOAD OF C. C. C. WORKERS LEAVES FOR CAMP DIX

The first transport train for movement of C. C. C. workers back to Camp Dix left Cascade Thursday morning when over 300 men from Profile Gap and Twin Bridges Camps entrained. Very few of the New York and Jersey boys signed up to remain in Idaho winter camps.

Other camp movements will take place during the next fifteen days.

Idaho men have been retained in these camps to prepare them for the winter months.
