## GOVERNMENT TO EXPEND HUGE SUM FOR WINTER WORK

---

The federal government is planning to extend several millions of dollars this winter to keep men at work and establishment of civil works camps will be begun shortly. 500,000 men are expected to be used in forest service and allied works.

According to the tentative plans upwards of 1,000 men are expected to be used in the Payette and Idaho forests and local men are to be used as long as they are available.

Wages are expected to be 50 cents per hour with a maximum of 132 hours per month.
