WAR VETERANS MAY NOW ENROLL IN CIVILIAN CONSERVATION CORPS

There will be an opportunity for enrollment of a limited number of Idaho World War and Spanish-American war veterans in the veterans contingent of the Civilian Conservation Corps between Jan. 2 and Jan. 10, 1934, according to a statement just released by C. H. Huddelson, Manager, Veterans' Administration Facility, Boise.

The number of ex-service men to be enrolled in the Civilian Conservation camps is dependent on the number of vacancies existing in the various veterans' camps now located in California. All veterans who are enrolled will be sent to fill the vacancies in camps near Sacramento and Redding.

All enrollments will be for the period terminating at the discretion of the Government between the dates of March 31 and April 15, 1934.

Any veteran interested in enrollment in the Civilian Conservation Corps should immediately communicate with the Veterans' Administration Facility in Boise which is charged with the responsibility of selecting applicants for enrollment. Application blank forms will be furnished immediately upon receipt of inquiry.
