No CCC Camp Scheduled For Vicinity of Cascade

Supervisor Ben Rice of the Payette National Forest in town Wednesday reported that according to his information there will be but one CCC Camp in the Payette Forest this year, the present one at Gallagher in Garden Valley.

The CCC schedule shows one camp on the Idaho Forest, presumably at Thorn Creek and one on the Boise Forest at Idaho City. There will be a state camp at McCall and the state camp at Gardena will continue.

Forest Crews Begin Work

The Payette Forest now has sixty men at work on four road projects located at Stibnite, Yellow Pine, Middle Fork Payette and the maintenance crew under Bert Thane which started work from Cascade Wednesday on the Cascade-Knox section. This crew and the Yellow Pine crew under Jim Stephens will work toward each other in opening the road to Yellow Pine and Stibnite.

EMMETT MILL RUNNING ON FULL TIME

The deep-toned mill whistle which "sent the echoes flying" through-

ble." Throwing a zling light on the "open gold-fish" man may be entitled salary from a consumer, labor, are all interested, to object to having about it."

At the opening sessions, where criticisms and procedure were urged by General lined 12 classifications and suggestions were all of the oral and treated to that date the extraordinary advances of NRA's in-plaint was advanced week which did not the 12 categories. ed that that the A profited by its 8-ience.

At the close of ings, preliminary ferences on codes, summarized the "f-lems of NRA", and the 8 months and the public hearing
