UNEMPLOYMENT IN IDAHO BELOW NATIONAL AVERAGE

Washington, Jan. 20 (AP)—Unemployment in Idaho is well below the national average, a nationwide survey showed today.

The state's totally unemployed number 18,641 persons—15,819 men and 2,322 women—John D. Biggers, administrator of the census taken Nov. 16—20, 1937 reported to president Roosevelt.

Idaho's population was given as 493,000.

The State's unemployed totaled 3.8 per cent of the population, compared with a national average of 4.6 per cent.
