# Food Stamp Plan For Local Relief To Be Used Here

Valley county has just been select-  
ed as the newest area in which the  
Food Order Stamp Plan will be put  
in operation, a telegram from Wash-  
ington, D. C. stated this week.

A single plan of food order stamp  
distribution will be used in this meth-  
od of relief. Eligible relief famil-  
ies will be given the opportunity to  
buy orange colored stamps, which  
can be used at grocery stores to buy  
food and which guarantee a continu-  
ance of the family's regular food  
purchases, at a general minimum  
rate of \$1.00 worth of stamps per  
week for each member of the family.  
With each dollar's worth of orange  
stamps bought, the family will get  
50 cents worth of free blue surplus  
stamps which can be used to secure  
designated surplus food commodities  
as additions to normal food purchas-  
es.

The Stamp Plan will operate on a  
county-wide basis.

Officials of the Federal Surplus  
Commodities Corporation report that  
complete co-operation of state and  
local officers and relief officials, and  
by the food trade, banking and other  
interest concerned in the areas cov-  
ered by the plan so far. The same  
cooperation is expected in this com-  
munity and actual operation of the  
program is expected to begin in the  
near future.
