

**CCC CAMP MOVES
TO LAKEFORK CREEK;
ALTITUDE 6,000**

Lakefork CCC camp moved to Lake Fork Creek yesterday and the company was greeted with a flurry of snow remindful of their departure from this camp on November 1, 1940. The altitude there is about 6,000 feet.

With the enrollment date set for Thursday, May 29 there was just about time to get things in readiness for the new members who joined on that date, according to N. J. Bush, company commander.
