CCC
INSPECTION
Camp F-154
(Steamboat Spike)
Coeur d'Alene

District Ranger,
Kingston, Idaho.

Dear Mr. Hand:

Attached is a copy of Lt. Dyer's inspection of the
Steamboat Spike Camp.

He mentions a number of small matters concerning the
camp itself which need attention and apparently these things
need to be impressed somewhat on Foreman Hafterson. Akridge's
recent inspection was generally complimentary about the
Steamboat Camp but we do need to watch the points emphasized
by the Army.

Very sincerely yours,

CHAS. D. SIMPSON

CHAS. D. SIMPSON,
