

THE UNIVERSITY OF IDAHO

THIRTIETH

ANNUAL COMMENCEMENT

UNIVERSITY AUDITORIUM
MONDAY, JUNE FIRST
NINETEEN HUNDRED AND TWENTY-FIVE

SIGNIFICANCE OF ACADEMIC COSTUMES is determined especially by the sleeves and hoods. DOCTORS wear the round, bell sleeve, and wear no hood. Hoods are lined and barred on the sleeves with black velvet or velvet of color indicating the degree; the doctor's hood is large. The doctor may, if he so choose, wear the gold tassel on his cap. MASTERS wear the long, closed sleeve, with a slit near the upper part for the arm; the master's hood is of more moderate size. BACHELORS wear the long, pointed sleeve; the hood is small. UNDERGRADUATES wear the round or pointed sleeve, and wear no hood. Hoods are lined with the colors of the institution granting the degree, or with which the wearer is connected, and are trimmed with velvet of the color distinctive of the degree—for example, arts and letters, white; philosophy, blue; science, gold-yellow; music, pink; forestry, russet; pedagogy, light blue; commerce and accountancy, drab.
