H E R E W E H A V E I D A H O

*1 Alma Mater, the hope of a pioneer race;
 You're fashioned of dreams and of toil,
 Your walls and your towers by stout-hearted men
 Were raised from the rock and the soil.*

Chorus

*And here we have Idaho,
 Winning her way to fame;
 Silver and Gold in the sunlight blaze,
 And romance lies in her name;
 Singing, we're singing of you, ah, proudly too;
 All our lives through we'll go singing,
 Singing of you, Alma Mater, our Idaho.*

*2 Now ours is the heritage, rich and so full,
 The gain of their toil and their tears;
 And ours is the fruit, and the harvest is ours,
 Oh, Idaho, gift of the years.*

Chorus

*And here we have Idaho,
 Winning her way to fame;
 Silver and Gold in the sunlight blaze,
 And romance lies in her name;
 Singing, we're singing of you, ah, proudly too;
 All our lives through we'll go singing,
 Singing of you, Alma Mater, our Idaho.*

GUEST SPEAKER AND HONORARY DEGREE

Honorary degrees may be awarded to a person deserving of honor by virtue of scholarly distinction, noteworthy public service or significant contributions to the state of Idaho. In the selection of candidates for honorary degrees, preference is given to those who are Idaho residents or UI graduates.

A. L. "Butch" Alford Jr., Editor and Publisher of the Lewiston Morning Tribune and former member of the University of Idaho Board of Regents.

Butch Alford is widely recognized as an influential and thoughtful leader, and a most visionary statesman. His contributions to Idaho are legend.

He is recognized by his peers as a principled, steady and brilliant leader, with a sense of humor and compassion, and a unique ability to inspire his staff to journalistic excellence. As one of the state's foremost advocates for excellence in education at all levels, he has had a salutary effect on public schools and institutions of higher learning.

As a newspaper publisher, Mr. Alford understands and defends the role of a free press in a democracy. He has created a climate that allows reporters, editors and photographers to do their best work. His behind-the-scenes ability to inspire and lead with quiet courage has given his newspaper a national reputation. He has had the vision to insist that the Tribune cover news of its community, state and region without fear or favor.

In a time of growing concentration of media ownership, Mr. Alford has kept the newspaper, founded by his grandfather and great uncle more than 100 years ago, independent and locally owned. It is one of the most admired community newspapers in the West. Under his leadership, the Lewiston Tribune has been a strong advocate for education, the environment, good government and responsible economic development. The Tribune has consistently set the journalistic standard in Idaho by demonstrating the highest levels of quality, integrity and community service. Under the leadership of three generations of Alford's, the Tribune has consistently shown editorial courage, even when it meant taking unpopular stands.

Mr. Alford also is committed to serving his community. He has generously contributed his time and leadership to many community groups and economic development efforts. In addition, he currently serves on the Martin Institute Advisory Board, the University of Idaho Foundation and the Professional Advisory Board for the University of Idaho School of Journalism and Mass Media.

In recognition of a lifetime of service to the state and the region, the University of Idaho is proud to confer upon A. L. "Butch" Alford Jr., the degree of Doctor of Humane Letters.

By observing certain features of the academic apparel, it is possible to learn several things about the academic status of the scholar: the level of the degree attained, the branch of learning in which it was earned, and the college or university conferring the degree.

Gowns-

The gowns differ according to the level of the degree. The sleeves are the principal indicator—gowns of bachelors have pointed sleeves; those of masters have oblong sleeves with an arc cut away at the front; and doctors have round, bell-shaped sleeves. Bachelors and masters gowns are untrimmed. Doctoral gowns have distinctive velvet facing down the front and three velvet bars on each sleeve.

Caps-

The color of the tassel worn on the cap varies with the level of degree. The bachelor’s tassel represents the color appropriate to the major field of study; the masters and specialists tassels are black; and the doctoral tassels are old gold.

Hoods-

The length of the hood also varies according to the level of degree. The bachelor’s gown is worn without a hood. A master’s hood is three and one-half feet long, and a doctor’s hood is four feet in length and has panels at the sides. It is from the colors adorning the hood that one can learn two other facts. **Lining-** the hood is lined with the official color or colors of the college or university conferring the degree (silver and gold, signifying the University of Idaho). **Trimming-** the hood is trimmed with velvet of a color appropriate to the wearer’s branch of learning. For example, the trimming for the degree of Master of Science in Agriculture is maize, representing agriculture, rather than golden yellow, representing science. (In the case of the Doctor of Philosophy degree, the dark blue color is used, representing the mastery of the discipline of learning and scholarship, regardless of the branch of learning.) Colors associated with the different disciplines are as follows:

Architecture (MArch)	Violet	Medicine	Green
Agriculture	Maize	Music	Pink
Arts, Letters, Humanities	White	Nursing	Apricot
Commerce, Accountancy, Business	Drab	Oratory (Speech)	Silver Gray
Dentistry	Lilac	Pharmacy	Olive Green
Economics	Copper	Philosophy	Dark Blue
Education	Light Blue	Physical Education	Sage Green
Engineering	Orange	Public Administration	Peacock Blue
Fine Arts	Brown	Public Health	Salmon Pink
Forestry	Russet	Science	Golden Yellow
Journalism	Crimson	Social Work	Citron
Law	Purple	Theology	Scarlet
Library Science	Lemon	Veterinary Science (DVM)	Gray

Honor Cords—

Honor Cords, worn around the neck and hanging loosely down the front, identify students who are graduating with honors: gold, summa cum laude (with highest distinction); silver, magna cum laude (with great distinction); and bronze cords designate graduation cum laude (with distinction). The cords are provided by the University of Idaho and are worn on this one occasion only.

The University of Idaho adopted a doctoral gown of its own in 1989. The silver gown has a panel and sleeve bars of black velvet outlined in antique gold. The beret styled soft cap is patterned after the Cambridge version instead of the traditional Oxford-style mortar-board. The cap and gown were designed by Emeritus Professor Edmund Chavez in the university’s centennial year and is worn today by faculty serving as officials at the university commencements.

The MACE, a heavy staff or club used in medieval times for breaking armor, acquired a ceremonial function in 13th century France as a symbol of secular authority. The University of Idaho mace, designed by Edmund M. Chavez, professor emeritus, with metal work by Idaho artist Ray Goodner, was used for the first time at the 1989 centennial commencement. It is 32 inches long, made of walnut, and encircled with bands of Idaho gold and silver in which Idaho garnets and opals are set. The head is embellished with silver and gold representations of camas plants and syringa flowers.

To enrich education through diversity, the University of Idaho does not discriminate on the basis of race, color, national origin, religion, sex, age, disability, or status as a Vietnam-era veteran in employment or in admission to or the operation of its educational program and activities, as required by state and federal laws and regulation. Inquiries may be directed to the university’s Human Rights Compliance Office.
