COMMENCEMENT
2007

UNIVERSITY OF ILLINOIS
WINTER CEREMONY

ONE HUNDRED THIRTEENTH
COMMENCEMENT

DECEMBER 8, 2007

H E R E W E H A V E I D A H O

1 *Alma Mater, the hope of a pioneer race;
You're fashioned of dreams and of toil,
Your walls and your towers by stout-hearted men
Were raised from the rock and the soil.*

Chorus

*And here we have Idaho,
Winning her way to fame;
Silver and Gold in the sunlight blaze,
And romance lies in her name;
Singing, we're singing of you, ah, proudly too;
All our lives through we'll go singing,
Singing of you, Alma Mater, our Idaho.*

2 *Now ours is the heritage, rich and so full,
The gain of their toil and their tears;
And ours is the fruit, and the harvest is ours,
Oh, Idaho, gift of the years.*

Chorus

*And here we have Idaho,
Winning her way to fame;
Silver and Gold in the sunlight blaze,
And romance lies in her name;
Singing, we're singing of you, ah, proudly too;
All our lives through we'll go singing,
Singing of you, Alma Mater, our Idaho.*

GUEST SPEAKER

Steven B. Daley-Laursen '79, '84, Dean of the University of Idaho College of Natural Resources and Professor in the Department of Forest Resources.

Steven Daley-Laursen has 28 years of experience working in land-grant universities. He began his career as a research associate at the University of Idaho in 1979. He joined Montana State University and the University of Montana in 1984 as an assistant professor and natural resources Extension specialist. From 1988 to 2002, he worked at the University of Minnesota in several capacities, including Extension professor, director and co-founder of the Interdisciplinary Center for Environmental Learning and Leadership, director of the statewide Regional Sustainable

Development Partnerships Program, director of the Sea Grant College, program leader for Natural Resources and Environmental Programs with the University of Minnesota Extension Service, special assistant to the president, and associate dean in the College of Natural Resources.

His areas of academic and administrative concentration are leadership theory in natural resource management and environmental education; technology transfer processes between scientists and management agencies; and organizational and institutional design for sustainable development and sustainability. He has worked throughout the United States and in 11 other countries.

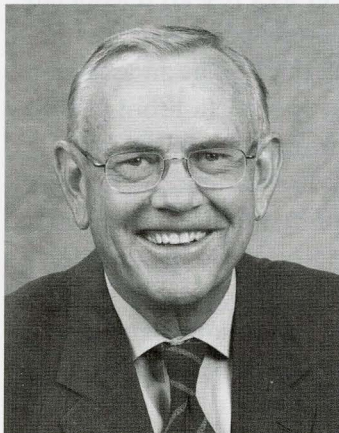

In 2002, Dr. Daley-Laursen became dean and professor for the College of Natural Resources at the University of Idaho. He oversees a college with more than 800 graduate and undergraduate students, 140 faculty and staff, and leading research, education and outreach initiatives with impact in Idaho, the West and the world. The college just established the nation's first undergraduate wildland fire ecology and management program. Faculty, staff and students are actively involved in the University's sustainability efforts and in three significant new universitywide, interdisciplinary initiatives. The college houses the Laboratory for Conservation and Ecological Genetics, the Reveley Geo-Spatial Technologies Complex, the Taylor Ranch Field Research Station in the Frank Church Wilderness and the McCall Outdoor Science School on the University's McCall campus.

Daley-Laursen received the Secretary's National Honor Award from the U.S. Department of Agriculture for his work on an environmental science education program on the White Earth Indian Reservation. He was an inaugural fellow in the Mondale Emerging Leaders Public Policy Program at the University of Minnesota, and an inaugural fellow in the Kellogg Foundation National Leadership Program at the University of Wisconsin. He currently is the national public policy chair for the National Association of University Forest Resources Programs and has held several leadership positions at the national, state and local levels in the Society of American Foresters and the National Association of State Universities and Land-Grant Colleges.

Daley-Laursen studied international relations at the College of William and Mary, and earned a bachelor's in conservation and resource development from the University of Maryland. He earned a master's in forest resources management and a doctorate in forest science from the University of Idaho in 1979 and 1984, respectively.

P R E S I D E N T ' S M E D A L L I O N

The University of Idaho President's Medallion is awarded to recognize outstanding contributions to the cultural, economic, scientific and/or social advancement of Idaho and its people. This uncommon recognition is given to those who have provided exceptional service to the state or nation that has influenced the well-being of humankind. This is a specially commissioned medallion minted in Idaho from Idaho silver.

V. Lane Rawlins, a noted economist and academic leader, is the President Emeritus and Professor of Economic Sciences at Washington State University. In addition, he serves as the interim director of the William D. Ruckelshaus Center, a joint effort of WSU and the University of Washington.

Rawlins served as Washington State University's ninth president from 2000 - 2007. He is the first WSU president to have been a member of the university's faculty earlier in his career.

As president, he led one of the nation's most productive research universities, classified with 95 of America's leading public and private universities with very high research activity by the Carnegie Foundation for the Advancement of Teaching.

During his presidency, student enrollment and admission standards reached all-time highs. Research funding also reached new levels, and WSU experienced a substantial increase in the enrollment of high-ability students.

Under Rawlins' leadership, the university's campuses in Pullman, Vancouver, Spokane and the Tri-Cities evolved into a University system in which WSU's regional campuses had greater flexibility to meet the needs of their communities. And more than \$300 million in construction took place including major facilities for research in shock physics and biotechnology.

Rawlins' commitment to quality public higher education in a research environment was a key factor in promoting partnerships with the University of Washington. Together they advocated for increased enrollment and research funding to benefit the state's economy.

Rawlins' association with WSU began in 1968, when he joined the university faculty in the Department of Economics as an economist. He chaired the department and later, served as WSU vice provost. He then served as vice chancellor of the University of Alabama System and for nine years as president of the University of Memphis before returning to WSU.

Born in southeastern Idaho, Rawlins completed his bachelor's degree in economics at Brigham Young University in Utah and earned a doctoral degree in economics from the University of California Berkeley. Rawlins is a labor economist by training and much of his research work focused on the effects of education on earnings in people's lives. He published widely in major journals and co-authored books that include "Public Service Employment: The Experience of a Decade."

He and his wife, Mary Jo, have three children and 11 grandchildren. Rawlins enjoys fly-fishing, golf, history and literature. The Rawlins' have a vacation cabin in eastern Idaho and now make their home in Lewiston, Idaho.

GRADUATE DEGREES

COLLEGE OF GRADUATE STUDIES

*Established in 1925. Margrit von Braun, Ph.D., Dean****Ryan Seamus Adams, Pocatello**

Electrical Engineering. Dissertation: "Simulation, Design and Fabrication of Microwave Ferrite Components for Monostatic Radar Applications."
Major Professor: Jeffrey L. Young

***Ashley M. Ater Kranov, Gooding**

Education. Dissertation: "Challenges Facing Non-Native English Speaking Sciences and Engineering Graduate Assistants in Fulfilling their Writing Responsibilities: A Case Study Using the Delphi Methodology."
Major Professor: James A. Gregson

***Jeffrey J. Barry, Boise**

Civil Engineering. Dissertation: "Bed Load Transport in Gravel-Bed Rivers." Major Professor: John M. Buffington

****Stephen James Bent, New York, New York**

Bioinformatics and Computational Biology. Dissertation: "Bacterial Diversity and Competition from the Population to the Community Level." Major Professor: Larry J. Forney

****Heidi Bigler Cole, Cove, Oregon**

Natural Resources. Dissertation: "Increasing Fuel Reduction Research Use: A Theory-Based Evaluation." Major Professor: James Fazio

***Rena Jane Bovee, Burley**

Education. Dissertation: "Becoming a Teacher: A Collective Case Study of the First Semester of Being an Elementary Teacher."
Major Professor: Mary E. Gardiner

****Karla C. Bradley, Ellicott City, Maryland**

Natural Resources. Dissertation: "Curriculum Theory in Four Graduate Environmental Education Residency Programs: A Critical Philosophical Inquiry." Major Professor: Steven J. Hollenhorst

****Sean Scott Burlile, Boise**

Education. Dissertation: "The Experience of Transitioning from the Armed Forces to the Civilian Workforce as a Result of Service-Connected Disabilities." Major Professor: Martha Yopp

****Yun Chen, Nantou, Taiwan**

Education. Dissertation: "A Research Procedures and Study of Elementary Music Curriculum for Children with Special Needs in Inclusive Music Programs." Major Professor: Dale N. Gentry

****McKay Christensen, Idaho Falls**

Education. Dissertation: "Leader as Potential: A Mixed Method Study Exploring the Development of Higher Order Leadership in Adults."
Major Professor: Michael Kroth

****Dana Michele Cotton, Perry, Georgia**

Education. Dissertation: "A Critical Analysis of a Development Education Reform Project in Pakistan." Major Professor: Karen Guilfoyle

***Shannon Marie Donovan, New Rochelle, New York**

Environmental Science. Dissertation: "The Palouse: A Bioregional Approach for Assessing Sense of Place." Major Professor: J. D. Wulforth

***Deanna C. Dye, Driggs**

Education. Dissertation: "The Effect of Specific Feedback on Critical Reflection of Physical Therapy Students During Internships."
Major Professor: Lee Thomas Ostrom

***Barbara Ellen Endicott, Seattle, Washington**

Computer Science. Dissertation: "A Methodology for Calibrating Forensic-Ready, Low Layer Network Devices."
Major Professor: Deborah A. Frincke

***Susan Michele Esp, Boise**

Education. Dissertation: "An Exploratory Case Study Examining and Describing the Barriers and Incentives to Utilizing Best Practices and Guiding Principles in Secondary School Substance Abuse Prevention Programs." Major Professor: Jerry R. McMurtry

***Amon Brock Eubanks, Spokane, Washington**

Education. Dissertation: "The Roles and Competencies of Career Entrepreneurs: Implications for Training and Career Development."
Major Professor: Jerry R. McMurtry

****Mohammad Faheem, Lahore, Pakistan**

Materials Science and Engineering. Dissertation: "Experimental And Theoretical Study Of Dilute Magnetic Semiconductors."
Major Professor: Keith A. Prisbrey

***Alessandra Falcucci, Rome, Italy**

Natural Resources. Dissertation: "Conservation of Large Carnivores in a Human Dominated Landscape: Habitat Models and Potential Distribution." Major Professor: Edward O. Garton

****Gabrielle Rochelle Feldman, Los Gatos, California**

Natural Resources. Dissertation: "Protecting Old Growth and Other Non-Timber Forest Values in Idaho's State Forests: A Policy Sciences Approach for Integrated Natural Resource Management."
Major Professor: Jay O'Laughlin

****Lynn Kaye Fischer, Moscow**

Education. Dissertation: "A Systems Theory Approach to Analyzing Community Rehabilitation Program Outcomes."
Major Professor: Jerry LeRoy Tuchscherer

****Sung-Hoon Gee, Masan, South Korea**

Materials Science and Engineering. Dissertation: "Spherical Barium Ferrite Nanoparticles and Barium Ferrite Film."
Major Professor: Yang Ki Hong

***Kelly Shane Goodwin, Rexburg**

Education. Dissertation: "Gender Differences in Mathematics Self-Efficacy and Wiseness in Multiple-Choice Assessment."
Major Professor: Lee Thomas Ostrom

***Stanley Phillips Gotshall, Longview, Washington**

Computer Science. Dissertation: "Evolutionary Training of a Biologically Plausible Spino-Neuromuscular System Model."
Major Professor: Terence Soule

***Gina Marie Gridley, Boise**

Education. Dissertation: "Participation in an Online Basque Heritage Language Learning Program." Major Professor: Martha Yopp

****Crag Allen Hill, Moscow**

Education. Dissertation: "Teaching Question Source and Discussion Behaviors to Improve Classroom Discourse."
Major Professor: Georgia G. Johnson

***Bernard Walter Holliday, Middletown, New York**

Education. Dissertation: "Hitting Past the Block: Examining How a Periodized Mental Skills Training Program Can Overcome Mental Training Obstacles and Maximize Volleyball Mental Toughness."
Major Professor: Damon Burton

****Kathleen Hranac, Boise**

Education. Dissertation: "Mathematics Achievement and Self-Efficacy at the Junior High Level: Beliefs of Students from Low-Income Backgrounds of Their Knowledge, Abilities, and Skills."
Major Professor: Carolyn Keeler

***Jason Anthony Hubbart, Fresno, California**

Natural Resources. Dissertation: "Measuring and Modeling Hydrologic Responses to Timber Harvest in a Continental/Maritime Mountainous Environment." Major Professor: Tim Link

***Akihiro Koyama, Miyazaki, Japan**

Natural Resources. Dissertation: "Fire Effects on Soil Nitrogen Dynamics in Coniferous Forests of Central Idaho, USA."
Major Professor: Kathleen Kavanagh

****Benjamin Ryan LaFrentz, Hudson, Iowa**

Natural Resources. Dissertation: "Identification of Immunogenic Candidate Antigens, Proteins Expressed *In Vivo*, and Development of Attenuated Strains of *Flavobacterium psychrophilum* for Vaccine Development." Major Professor: Kenneth D. Cain

****Julee Lynn Leavitt, Pocatello**

Education. Dissertation: "The Relationship of the Utilization of the Science of Human Factors to Operational Effectiveness and Efficiency and Overall Organizational Learning: A Mixed Method Study."
Major Professor: Lee Thomas Ostrom

Degrees Conferred

*August 17, 2007

**December 14, 2007

The appearance of a name in this program is presumptive evidence of graduation and graduation honors; it must not in any sense be regarded as conclusive. The academic transcript, signed and sealed by the proper university officers, remains the official testimony of the possession of the degree.

SIGNIFICANCE OF ACADEMIC APPAREL AND MACE

By observing certain features of the academic apparel, it is possible to learn several things about the academic status of the scholar: the level of the degree attained, the branch of learning in which it was earned, and the college or university conferring the degree.

Gowns

The gowns differ according to the level of the degree. The sleeves are the principal indicator—gowns of bachelors have pointed sleeves; those of masters have oblong sleeves with an arc cut away at the front; and doctors have round, bell-shaped sleeves. Bachelors and masters gowns are untrimmed. Doctoral gowns have distinctive velvet facing down the front and three velvet bars on each sleeve.

Caps

The color of the tassel worn on the cap varies with the level of degree. The bachelor's tassel represents the color appropriate to the major field of study; the masters and specialists tassels are black; and the doctoral tassels are old gold.

Hoods

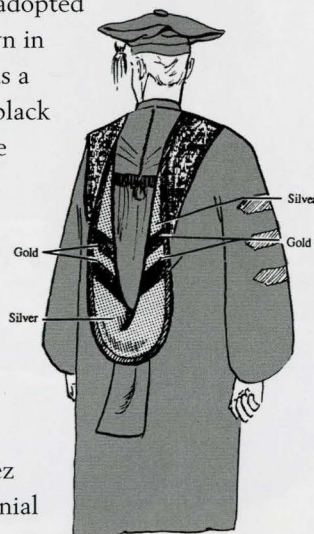

The length of the hood also varies according to the level of degree. The bachelor's gown is worn without a hood. A master's hood is three and one-half feet long, and a doctor's hood is four feet in length and has panels at the sides. It is from the colors adorning the hood that one can learn two other facts. **Lining**- the hood is lined with the official color or colors of the college or university conferring the degree (silver and gold, signifying the University of Idaho). **Trimming**- the hood is trimmed with velvet of a color appropriate to the wearer's branch of learning. For example, the trimming for the degree of Master of Science in Agriculture is maize, representing agriculture, rather than golden yellow, representing science. (In the case of the Doctor of Philosophy degree, the dark blue color is used, representing the mastery of the discipline of learning and scholarship, regardless of the branch of learning.) Colors associated with the different disciplines are as follows:

Architecture (MArch)	Violet	Medicine	Green
Agriculture	Maize	Music	Pink
Arts, Letters, Humanities	White	Nursing	Apricot
Commerce, Accountancy, Business	Drab	Oratory (Speech)	Silver Gray
Dentistry	Lilac	Pharmacy	Olive Green
Economics	Copper	Philosophy	Dark Blue
Education	Light Blue	Physical Education	Sage Green
Engineering	Orange	Public Administration	Peacock Blue
Fine Arts	Brown	Public Health	Salmon Pink
Forestry	Russet	Science	Golden Yellow
Journalism	Crimson	Social Work	Citron
Law	Purple	Theology	Scarlet
Library Science	Lemon	Veterinary Science (DVM)	Gray

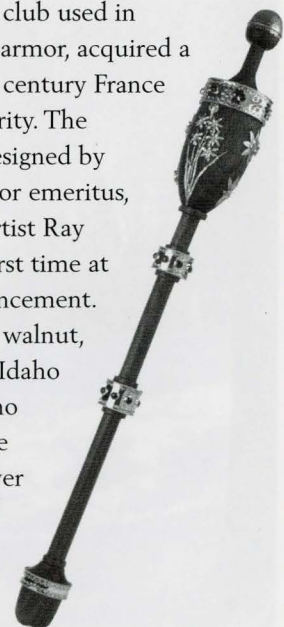

Honor Cords

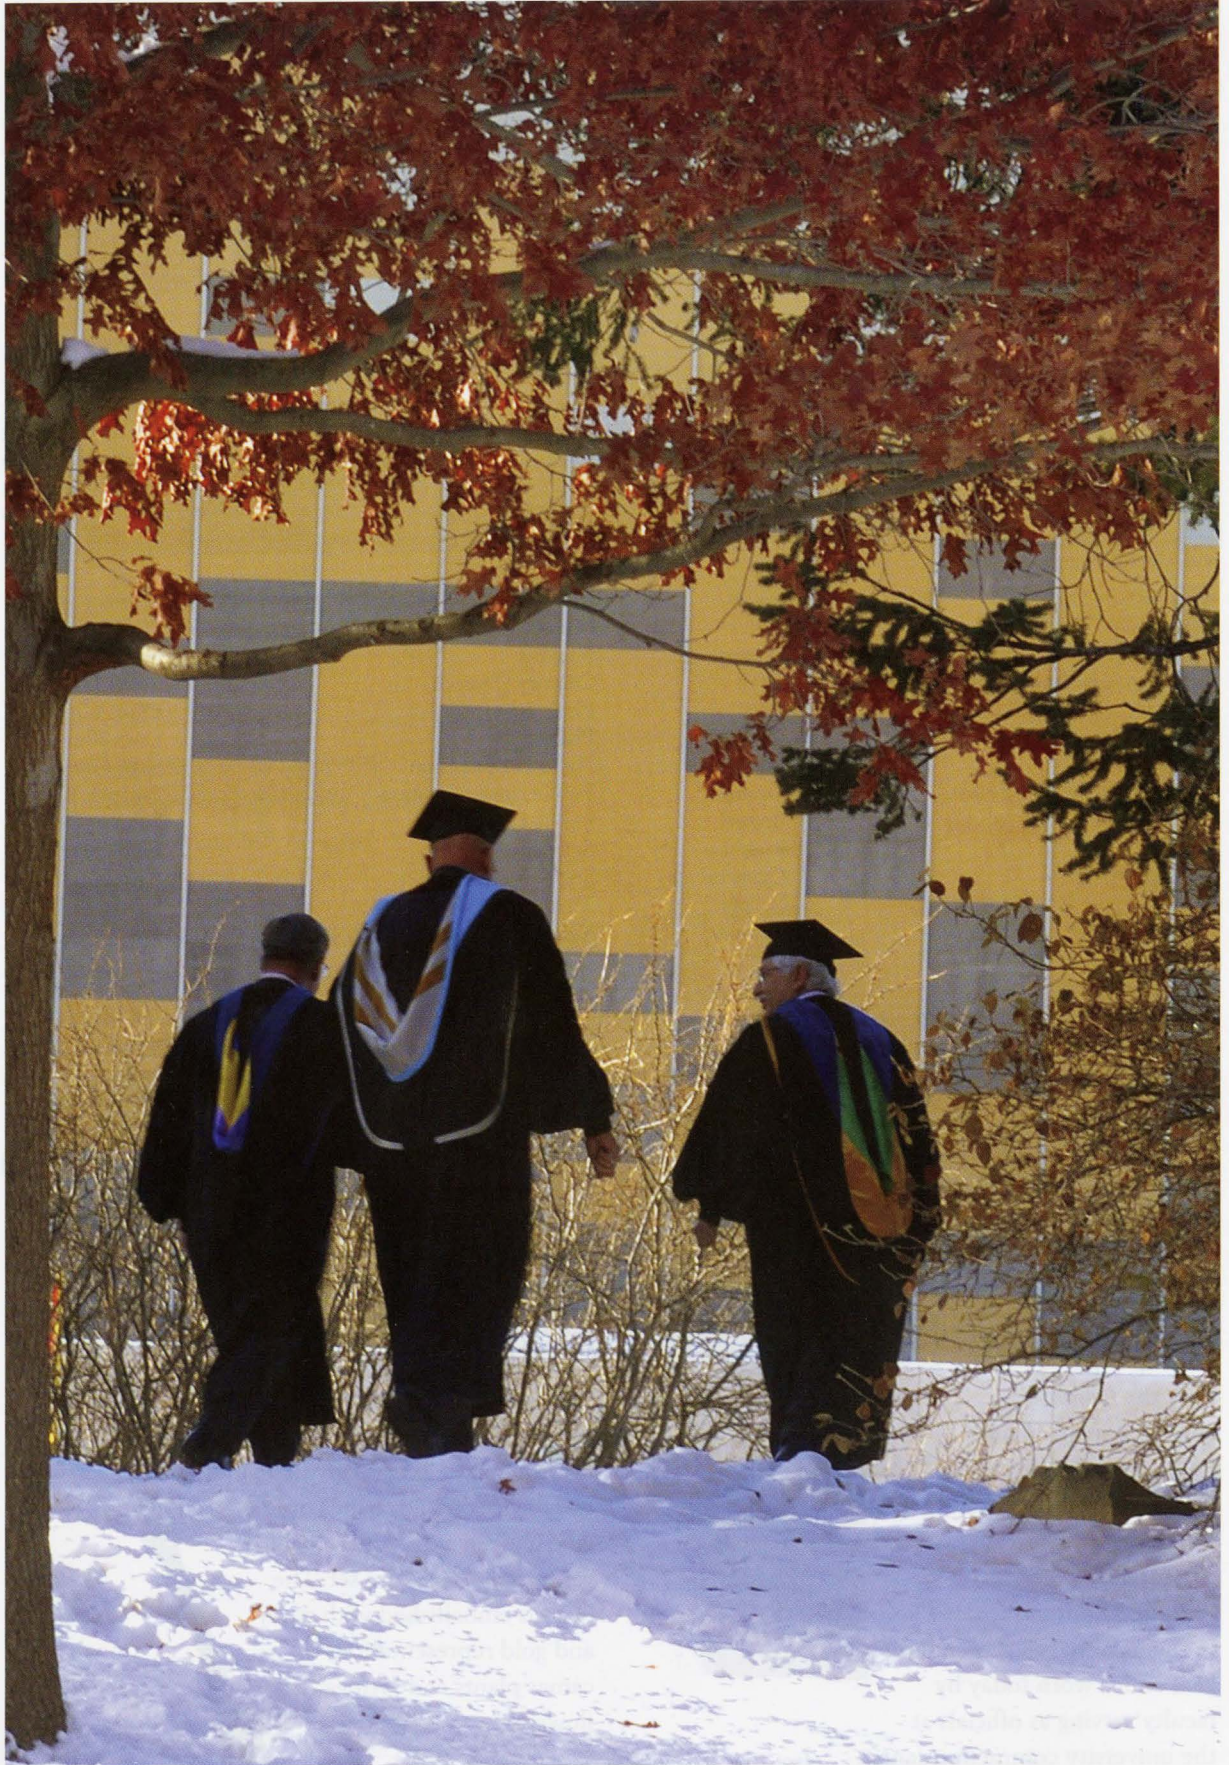

Honor Cords, worn around the neck and hanging loosely down the front, identify students who are graduating with honors: gold, summa cum laude (with highest distinction); silver, magna cum laude (with great distinction); and bronze cords designate graduation cum laude (with distinction). The cords are provided by the University of Idaho and are worn on this one occasion only.

The University of Idaho adopted a doctoral gown of its own in 1989. The silver gown has a panel and sleeve bars of black velvet outlined in antique gold. The beret styled soft cap is patterned after the Cambridge version instead of the traditional Oxford-style mortarboard. The cap and gown were designed by Emeritus Professor Edmund Chavez in the university's centennial year and is worn today by faculty serving as officials at the university commencements.

The MACE, a heavy staff or club used in medieval times for breaking armor, acquired a ceremonial function in 13th century France as a symbol of secular authority. The University of Idaho mace, designed by Edmund M. Chavez, professor emeritus, with metal work by Idaho artist Ray Goodner, was used for the first time at the 1989 centennial commencement. It is 32 inches long, made of walnut, and encircled with bands of Idaho gold and silver in which Idaho garnets and opals are set. The head is embellished with silver and gold representations of camas plants and syringa flowers.
