

Commencement

The 86th Commencement

Degrees Conferred

University of Idaho

Saturday, May 16, 1981
William H. Kibbie-ASUI Activity Center
Moscow, Idaho

HERE WE HAVE IDAHO

- 1 *Alma Mater, the hope of a pioneer race;
You're fashioned of dreams and of toil,
Your walls and your towers by stout-hearted men
Were raised from the rock and the soil.*

Chorus:

*And here we have Idaho
Winning her way to fame
Silver and Gold in the sunlight blaze,
And romance lies in her name;
Singing, we're singing of you, ah, proudly too;
All our lives through we'll go singing,
singing of you, Alma Mater, our Idaho.*

- 2 *Now ours is the heritage, rich and so full,
The gain of their toil and their tears;
And ours is the fruit, and the harvest is ours,
Oh, Idaho, gift of the years.*

Chorus:

*And here we have Idaho
Winning her way to fame
Silver and Gold in the sunlight blaze,
And romance lies in her name;
Singing, we're singing of you, ah, proudly too;
All our lives through we'll go singing,
singing of you, Alma Mater, our Idaho.*

ADDITIONAL EVENTS TODAY

The University of Idaho Museum will be open on Commencement Day from 9:00 a.m. to 5:30 p.m. Its permanent collection includes objects from native peoples in Africa, Asia, and North America, plus a special exhibit of Canadian drawings. The museum is in the Faculty Office Complex West, across the mall from the Agricultural Science Building.

The University of Idaho Art Gallery, located on the corner across from Morrill Hall and the Satellite SUB, will be open today from 3:00 p.m. on. Following Commencement, the public is cordially invited to attend a reception at the Gallery. On display will be various works by university graduate students.

An exhibit of watercolor paintings by Larry Ferguson of Clarkston, Washington, will be on display in the Vandal Lounge of the Student Union Building.

The David Memorial Carillon will be played immediately following the Commencement Ceremony. Selections will be performed by Marian Frykman, professor of music emerita.

An Alumni Association Commencement Social Hour is

scheduled from 5:00 p.m. - 6:30 p.m. at Cavanaugh's Motor Inn, 645 Pullman Road.

The annual Commencement Banquet will be held at 6:30 p.m. in the Student Union Building Ballroom. Everyone is welcome to attend.

CRYROOM

A cryroom for parents with infants needing attention is available in the south concourse.

FIRST AID STATION

A first aid station with a nurse in attendance is located at the center of the south concourse. Restrooms are located near the center of the south concourse.

CAP AND GOWN RETURN

All graduates should return their caps and gowns to the tables set on the floor of the Activity Center immediately following the ceremony.

PHOTOGRAPHY

Image Studios, 222 Troy Road, Moscow, Idaho, will provide the photography for the 1981 Commencement.

Citations of Merit Upon Retirement

Elbert M. Barton, Professor of Naval Science and Director of Personnel Services Emeritus

Professor Barton has worn three distinctive hats during his career. He came to the University of Idaho in 1960 after some 18 years as an officer in the U.S. Navy. For five years, he was associate professor of Naval Science before becoming Director of Personnel Services in 1965. He obtained a bachelor's degree in 1942 at Oklahoma State University and a master's degree in business in 1963 from UI. In 1957 and 1958, he attended courses at the Naval War College. His civic service is also noteworthy. He has held leadership positions with the Boy Scouts of America since 1961, has been president and district governor of the Moscow Central Lions Club, and president and board member of the Moscow United Way. He is a member and has been a board director of the College and University Personnel Association, and has received several awards, including Lion of the Year and seven Lions International President's Extension awards.

Cecil W. Bondurant, Senior Instructor in Communication Emeritus

Professor Bondurant, the most senior member of the staff of the KUID television and radio station on the University of Idaho campus, was instrumental in putting the station on the air in the mid-1960s. The station's first director of engineering, he designed its electronic components and supervised their installation. He came to UI in 1962 and has also been an instructor in broadcast in the UI School of Communication. He obtained a bachelor's degree from the American Television Institute of Technology and attended the U.S. Air Force Photo School. He holds a diploma from the Elkins Institute where he has also been an instructor, a certificate in television learning from the University of Wyoming and a certificate in radiological monitoring. He also holds certificates from Sony, RCA and the University of Wyoming Division of Education. Before coming to UI he had also been employed with the Public Broadcasting Service in satellite and studio installation, at WENR-TV in Chicago, Ill., KBTB in Denver, Colo., KXLY-TV in Spokane, Wash., and KWSU-TV at Washington State University in Pullman. He served in the U.S. Army and U.S. Air Force and was awarded the Bronze Star. He is a member of numerous professional and scholarly organizations and is active in several civic groups.

Howard Campbell, Professor Emeritus of Mathematics

Professor Campbell has served the University of Idaho for 18 years, 15 of them as chairman of the mathematics department. He came to the university in 1963 as professor and chairman, and stepped down as chairman to return to teaching fulltime at the close of the 1978 academic year. Professor Campbell obtained a bachelor's degree in electrical engineering in 1946, and a master's degree in 1947 and a doctorate in 1949 in

mathematics, all from the University of Wisconsin. He also taught at the University of Pennsylvania, Emory University and Michigan State University before coming to UI. He has been author or co-author of five textbooks, four of them on calculus and one on arithmetic. He is a member of Pi Mu Epsilon, Sigma Xi and Phi Delta Kappa honor societies and has been selected for five different biographical honorary publications.

Gordon H. Dailey, Extension Professor Emeritus

A member of the University of Idaho Cooperative Extension Service staff since 1946, Professor Dailey served in Latah County for the past 11 years. He earned a degree in agronomy in 1943 from UI. During World War II, he served three years in the Army. At the beginning of his Extension Service career, Professor Dailey spent two years in Idaho County. He then transferred to Lewis County, where he stayed 20 years before moving to Moscow. His responsibilities in Latah County were in agronomy and in supervision of county extension programs. In addition, he worked on crop production problems in Benewah County. Professor Dailey has been an active member of the Idaho County Agents Association, serving successively as secretary, vice president and president. He is a member of the Moscow Grange and the agriculture committee of the Moscow Chamber of Commerce.

Melvin O. Farley, Professor of Education and Director of Clinical Experiences in Teacher Education Emeritus

Melvin Farley has been director of Clinical Experiences in Teacher Education for 14 of the 27 years he has taught at the University of Idaho, and he has continually stressed the importance of giving student teachers firsthand experience in classroom teaching and instruction in teaching methodologies. He obtained a bachelor's degree in 1940 from Westmar College, a master's degree in 1948 from the University of South Dakota and a doctorate in 1953 from the University of Nebraska. He also completed some postdoctoral work at UI. Professor Farley came to UI in 1953 and is author of several publications on education. He was a master sergeant in the U.S. Army from 1942 to 1946 and has held several civic, staff and professional positions. Among them, he was a member of the Idaho State Textbook and Improvement Instruction Committee for eight years and served two years as chairman and vice chairman.

Campbell M. Gilmour, Professor of Bacteriology and Department Head Emeritus

In an academic career that has spanned some 33 years, Professor Gilmour has conducted and published a large body of research on a variety of microbiological topics, from the influence of certain bacteria on soil composition to the role nitrogen-fixing bacteria has on growing wheat. He came to the University of Idaho in 1970 as head of the Department of Bacteriology and Biochemistry. He obtained bachelor's and

master's degrees from the University of British Columbia in 1942 and 1945, respectively, and a doctorate in 1949 from the University of Wisconsin. Prior to coming to UI, he taught at Oklahoma State University, Oregon State University and the University of Utah. He was an air cadet in the Canadian Air Force in 1942-43, and is a member of numerous academic and professional societies, and civic organizations. He has been author or co-author of more than 50 academic papers.

James L. Graves, Extension Professor Emeritus

During his 31 years of service to the University of Idaho and the state, Professor Graves has implemented several improvements in the Extension Service's system of delivering information to the people of the state, in program expansion and in professional growth. Since 1973, he has been director of the Cooperative Extension Service. He has also held the position of associate dean of the College of Agriculture, and between 1962 and 1973 was district supervisor, acting associate director and associate director of Cooperative Extension. In March, Professor Graves embarked on a several-weeks trip to Egypt to analyze problems and opportunities in the Egyptian system of agricultural extension. He was serving in the Egyptian Cereals Improvement Project, a development program under the direction of New Mexico State University. Professor Graves obtained a bachelor's degree from UI in 1949 and a master's degree from the University of Wisconsin in 1962. He began his extension service career in 1949 at UI and has been active in several national professional and policy-making groups, and academic societies since then. He held a leadership role in developing an international youth exchange program involving American 4-H members. Under the program, 255 Idaho 4-H'ers have visited Japan and 630 Japanese young people have visited Idaho. The program has been expanded in recent years and now draws participants from 40 states and three countries.

Grant B. Hall, Extension Professor Emeritus

Professor Hall's 34-year record of service to the University of Idaho Cooperative Extension Service has included work as district extension supervisor, dairy herdsman, county agent and supervisor of extension programs in southwestern Idaho. He served as district extension supervisor since 1966. From 1952 to 1966, he was extension agricultural agent in Canyon County. Earlier, he had spent one year as extension agent in Boundary County and four years as a member of the UI dairy science department. He graduated from UI in 1950 and obtained a master's degree from UI in 1960. Professor Hall is former president of the Idaho Association of County Agricultural Agents, and has held the offices of analyst and secretary in Epsilon Sigma Phi, extension workers' honorary society. He was presented the "Distinguished Service Award" by the Idaho Jaycees and the "Outstanding Work Award" by Epsilon Sigma Phi. During the past 30 years, he has been actively associated with the agriculture committees of the Caldwell and Boise Chambers of Commerce.

Roderick R. Hardies, Science-Technology Librarian Emeritus with rank of Professor

Enlarging and improving the University of Idaho's science library has been Professor Hardies' task over the past 15 years. He came to UI in 1965 as acquisitions librarian and became head of the Science Division the following year. Since then, making book purchasing decisions has been a major part of his job and he has worked to ensure that acquisitions are balanced and cover all science fields where there is a demand for information. Before coming to UI, Professor Hardies was general librarian for the U.S. Naval Postgraduate School in Monterey, Calif. He has also held librarian and cataloging posts with Weyerhaeuser Company's Research Division, Washington State University Science Division, University of Washington Law Library, Seattle University and Pierce County Public Library, Tacoma, Wash. He obtained a bachelor's degree in 1940 from the University of Washington, a master's degree in 1952 from Columbia University and a master of library science degree in 1955 from UW.

Robert C. Heller, Research Professor Emeritus of Forest Resources

An internationally recognized remote sensing expert, Professor Heller has been instrumental in developing many of the remote sensing techniques now in use, including the use of aircraft photos and satellite imagery. He has trained resource managers nationwide in the techniques and has been an advisor to the National Aeronautics and Space Administration's Apollo and Skylab Projects. Professor Heller obtained a bachelor's degree in 1940 and a master's degree in 1941 from Duke University and was a flight instructor in the U.S. Navy in World War II. His career has spanned 35 years, seven of them at the University of Idaho. He received a superior service award in 1971 from the Secretary of Agriculture for outstanding research leadership on the U.S. Forest Service remote sensing project. Author of more than 55 publications, he has also served as technical advisor to the Food and Agricultural Organization of the United Nations, and to the Mexican Space Agency. In 1980, he was the first UI researcher to visit the People's Republic of China on an exchange program and taught a course in remote sensing for natural resources inventory there.

Russell G. Hillman, Extension Professor Emeritus

Professor Hillman, extension agricultural agent in Fremont County at the time of his retirement, joined the University of Idaho Cooperative Extension Service in 1950, after earning a bachelor's degree in agriculture from UI that year. After joining Cooperative Extension, he conducted 4-H programs in Bonneville County for two years, was extension agricultural agent in Lemhi County from 1952 to 1957 and was stationed in St. Anthony for the past 13 years. In 1975, Professor Hillman received the "Distinguished Service Award" from the National Association of County Agricultural Agents. On two occasions, he has been cited for meritorious service by Epsilon Sigma Phi, the extension workers' honorary society. He received the society's "Outstanding Work Award" in 1961 and again in 1980.

Melbourne L. Jackson, Research Professor of Chemical Engineering and Dean Emeritus

Through his research in pollution control and separation of chemical material, Dean Jackson has established an international reputation. Twice acting dean of the University of Idaho College of Engineering, in 1973-74 and 1978-1980, he has an outstanding record of teaching, research and writing in engineering and education. Dean Jackson retired from administration and teaching in fall 1980 but has continued research in producing methane from potato wastes. He obtained a bachelor's degree from Montana State University in 1941 and a doctorate from the University of Minnesota in 1948, and came to UI in 1953 as head of the chemical engineering department. He was also dean of the UI Graduate School and coordinator of research 1965 to 1970 and has contributed his expertise to government and industry. His field of specialization in chemical engineering uses "mass transfers" to separate materials or bring them together chemically. While on the Idaho Air Pollution Control Commission from 1959 to 1972, he applied transport processes to air pollution control. The processes can also be applied to waste water treatment and fermentations and he has a patent on an aeration process for treating industrial waste water. He is a fellow of the American Institute of Chemical Engineers, received an honorary doctorate degree from Montana State University in 1980, and is recipient of several Sigma Xi research awards. He is listed in several biographical books, is author of more than 40 papers in national journals and has delivered papers in the U.S. and abroad.

Frank Jacobs, Extension Professor Emeritus

Serving in Madison County during a time when the Rexburg Bench was being transformed from a dryland farming area to an irrigated potato production region, Professor Jacobs helped farmers develop sound programs of soil fertilization and irrigation management. He has been extension agricultural agent in Madison County since 1954 when he joined the University of Idaho Cooperative Extension Service. He was a leader in the development of malting barley production in eastern Idaho, and has been active in weed control, initiating successful programs for the control of wild oats and quack grass. During a 33-year career of educational service in Eastern Idaho which also included employment as an extension 4-H agent and teaching vocational agriculture in Rexburg, he has worked closely with families, and following the Teton Dam disaster was active in representing the needs of flood victims to Bureau of Reclamation policy makers. Professor Jacobs obtained a bachelor's degree from the University of Idaho in 1948, and served with the U.S. Army in Africa and Europe during World War II. He has been active in many church, professional and civic activities, including promoting 4-H activities and improving the Madison County Fairgrounds. He has held statewide offices in several professional groups.

Erling J. Johannesen, Extension Professor Emeritus

Professor Johannesen has been a University of Idaho extension agricultural agent for nearly 35 years, serving in Gem County throughout his career. A native of Emmett, he earned a bachelor's degree in animal husbandry from the UI in 1944.

Before joining the UI Extension Service in 1945, he served in the Army for three years and worked for several months in the war foods program. As extension agent in Gem County, he worked closely with community groups and agricultural organizations. He received the "Outstanding Citizen" award from the Southwestern Idaho and Eastern Oregon Chambers of Commerce in 1969. He has been both vice president and president of the Idaho County Agents Association, and has been an active member of the National Association of County Agricultural Agents, holding memberships on national committees for the past 30 years and serving several years as Western states regional director.

Glen R. Lockery, Professor Emeritus of Music

For 34 years, Professor Lockery's name has been synonymous with the "Vandaleers," the University of Idaho's popular choral group which he has inspired and conducted. Under his direction, the group has become a deeply rooted part of the university's overall program and has entertained alumni groups around the world. This year, Professor Lockery helped to establish an endowment fund to benefit the group. The fourth conductor in the Vandaleers' 50-year history, he came to UI in 1947. He obtained bachelor of arts and bachelor of music degrees in 1940 and 1942 from Lawrence University, and a master's degree in 1947 from Columbia University. He did post-graduate work at Columbia and the Juilliard School in 1951. He attained the rank of lieutenant in the U.S. Naval Reserve during World War II. Among his numerous scholarly and creative activities, he was organizing chairman and Northwest regional director of the National Association of Teachers of Singing workshops, and a two-term member of the organization's national board of directors. He also served as music director of the Inland Empire Summer Music Festival on the UI campus and was a charter appointee to the Idaho Commission on the Arts. He has served widely in the Northwest as a guest choral conductor and clinician, has received two merit citations from the Associated Students and has been named an honorary member of the UI Alumni Association. He received the association's Resolutions Award for outstanding contribution to the University in the area of public relations for his work with the Vandaleers. He is a past president of the Moscow Kiwanis Club, and is chairman of the Idaho Committee of the national Association of the Partners of the Americas. He has made several trips to Ecuador as recipient of special cultural exchange grants from the U.S. State Department and he has directed the music for several Moscow Community Theatre productions.

Craig MacPhee, Professor Emeritus of Fishery Resources

Professor MacPhee is widely known for his work in improving fisheries in the Pacific Northwest, including developing a chemical for the selective eradication of squawfish and other undesirable fish in the region's streams and lakes. He received a patent for the pesticide squoxin in 1965. A native of Canada, MacPhee obtained a bachelor's degree in 1947 and master's degree in 1949 from the University of British Columbia. After obtaining a doctorate at the University of Washington, he taught at Eastern Washington University for three years before joining

the University of Idaho faculty. In the early 1960s, Professor MacPhee made some of the initial contacts that led to establishing a cooperative fisheries research unit on the UI campus in 1963, one of the first of its kind in the nation. He participated in fishery research connected with the Alaska oil pipeline, and has held many academic and scholarly positions and offices. He returned a year ago from an exchange professorship with the Department of Aquaculture's National Marine College of Science and Technology in Keelung, Taiwan.

Paul Mann, Professor Emeritus of Electrical Engineering

Power production in Idaho through hydroelectric, hydrothermal, electric pumps and other methods has been Professor Mann's main focus throughout his 33 years of teaching and research at the University of Idaho. He obtained bachelor's and master's degrees at UI in 1938 and 1951, respectively, and was first employed at UI in 1948. He has written a score of papers on electricity production and electrical engineering, and before coming to UI was employed by Pacific Power and Light Company, Westinghouse Electric and General Electric. He has also worked for Washington Water Power Company and EG&G in Idaho Falls. He has been active in the community, as well, serving on the Moscow City Council 1970 to 1974 and as mayor 1974 to 1978. He has also held offices in the Boy Scouts, Campfire Girls, and United Way organizations, served on the Bonneville Regional Advisory Council and is a member of numerous professional and scholarly organizations.

J. Ted Norgord, Professor Emeritus of Mechanical Engineering

Ted Norgord is closing out a teaching career that has spanned 33 years with the University of Idaho. He came to UI in 1948 after finishing a bachelor's degree in mechanical engineering at the University of Washington. He also obtained a master's degree from the University of Michigan in 1961. He served with the U.S. Marine Corps in World War II and was injured in the Battle of Iwo Jima. He received a Fulbright Fellowship to teach for a year at the University of Aleppo in Syria in 1966. Professor Norgord has also done consulting and other work for the General Electric Company, Boeing Company, Pacific Gas and Electric Company, Hanford Atomic Works and Pratt & Whitney Aircraft. A member of several civic and scholarly organizations, he was named Engineer of the Year by the Spokane Chapter of the American Society of Mechanical Engineers in 1971, and, in July 1979, the Moscow Baseball Association commemorated his work with them by designating a special Ted Norgord Day.

Lella S. Old, Professor Emerita of Home Economics

Over the past 24 years, Professor Old has influenced ideas about clothing design and textiles among countless economists in Idaho. Her field of specialization has been clothing design, weaving and textiles, and she published one text on apparel design in 1977 and a number of bulletins and pamphlets. Professor Old has also prepared a series of 25-minute television programs on the Bishop Method of clothing construction for classroom and television instruction. She obtained a bachelor of

education degree in 1937 from the University of California Los Angeles and a bachelor of science degree in home economics in 1941 from Oregon State University. She obtained a master's degree in art in 1942 from the University of Southern California and a doctorate in 1964 from Washington State University. She has taught at WSU, and at schools in California, Alaska and Hawaii as well. At UI, a fund for maintaining and enlarging a historic costume collection has been established in her honor.

Warren K. Pope, Research Professor Emeritus of Agronomy

Professor Pope's many years of research and work in breeding disease-resistant wheat strains has earned him an international reputation, and his discoveries concerning the genetics of disease resistance in wheat have enabled farmers worldwide to grow increasingly heartier and more productive wheat crops. Professor Pope obtained a bachelor's degree in 1941 and a doctorate in 1948, both from the University of California. He came to the University of Idaho in 1947 and since then has authored or co-authored scores of publications, and delivered papers on wheat breeding at agricultural symposia from Australia and the U.S. to Yugoslavia and India. He is a member of the American Society of Agronomy and the American Genetic Association, and has chaired a wheat workers' conference and a wheat improvement committee. He is also a member of several civic organizations.

Elmer K. Raunio, Professor of Chemistry and Dean Emeritus

Dean Raunio has been dean of the College of Letters and Science, the university's largest college, for the past nine years. His leadership has been widely recognized and, during his tenure, the School of Communication and the School of Home Economics were established within the college. He has also continued to contribute to the chemistry program while dean. Dean Raunio's career at UI has spanned 31 years. He was chairman of the chemistry department from 1962 to 1966, associate dean of the college from 1968 to 1970 and acting dean in 1970 before being appointed dean in 1971. He obtained a bachelor's degree in 1940 from the University of Wyoming, a master's degree in 1942 from North Dakota Agricultural College and a doctorate in 1950 from the University of Michigan. Before joining the UI faculty, he worked as a chemist in private industry. He was named an "Outstanding Professor" by the Associated Students in 1959 and again in 1963. During his academic career he published several scientific articles in the *Journal of Organic Chemistry* and other publications, and is a member of many professional and scholarly organizations.

Howard W. Smith, Professor Emeritus of Entomology

Professor Howard W. Smith has performed a variety of teaching, administrative and research activities since joining the university in 1954. A native of Chelsea, Mass., he has conducted research projects on dryland cereal insects, stored product insects, grasshopper population physiology, Idaho insect pest management, the alfalfa leafcutter bees and the corn earworm. He also took part in research on the Douglas fir tussock moth.

He was a member of the American Association for the Advancement of Science, the Washington State Entomological Society, the Idaho Academy of Sciences, the Northwest Scientific Association, and the Moscow Community Concert Association. The author of more than 16 publications, he taught at the University of Connecticut, Purdue University, Kansas State College and Ohio State University prior to joining the university.

Walter C. Sparks, Research Professor Emeritus of Horticulture

Innovation in potato storage methods which have affected Idaho's economy and that of many foreign countries can be traced to the research efforts of Professor Sparks. His work on potato storage methods has made potato processing in Idaho virtually a year-round industry, and Professor Sparks, who has an international reputation, has been central to the College of Agriculture's obtaining a \$2.25 million grant to establish an institute to study post-harvest loss of food. Professor Sparks came to UI in 1947 and in 1976 became coordinator of the potato program located at the Agricultural Experiment Station in Aberdeen. In three different years he was also named acting superintendent of the experiment station at Aberdeen. He obtained a bachelor's degree in 1941 and a master's degree in 1943, both from Colorado State University, and did work toward a doctorate at the University of Minnesota and Washington State University. He is author of more than 180 bulletins, scientific articles and other materials and has been an advisor on potato problems to countries around the world. He is a member of numerous professional, academic and civic organizations, and has been recognized by the Governor of Idaho, the nation of Belgium and many scholarly organizations for outstanding contributions to agriculture and to teaching.

Arthur J. Walz, Extension Professor Emeritus

Professor Walz has had significant impact on the potato and onion industries through implementing advanced technology. He has been Cooperative Extension Service potato specialist since 1967 with the University of Idaho's Southwest Idaho Research and Extension Center at Parma. During that time, he has encouraged growers to plant a month earlier, harvest sooner, improve storage, use higher quality seed, irrigate more precisely and apply pesticides more effectively. Professor Walz joined the UI staff in 1948, serving as research entomologist at Moscow and at the Parma R&E Center until 1956. For the next 11

years, he was Nampa branch manager for the Asgrow Seed Company, before returning to UI. He received a bachelor's degree in 1942 and a master's degree in 1948, both from the University of California at Berkeley, and spent three years with the U.S. Marine Corps during World War II. He is author of a dozen scientific publications in addition to his numerous contributions to growers' magazines. He has been chairman of several Pacific Northwest vegetable insect and disease conferences. He is also a past chairman of the Canyon County Water Ways Commission, of which he remains a member, and is also a member and officer in several civic organizations.

Charles A. Webbert, Head Emeritus, Department of Special Collections and Archives in the University Library, with rank of Professor

The university library's special collections and archives, which range from university presidents' papers to famous Idaho photographs and valuable letters, have grown tremendously during the tenure of Charles Webbert, head of Special Collections for the past 12 years. Professor Webbert, a librarian at UI for the past 31 years, came to UI in 1948 and was reference librarian until 1957 and then social science librarian until he attained his present rank in 1969. He obtained a bachelor's degree from the University of Washington in 1937, a bachelor's degree in library science from George Peabody College for Teachers in 1940 and a master's degree in library science in 1947 from the University of Illinois. He has been a librarian in South Dakota and Nebraska and was in the U.S. Army Air Force from 1942 to 1945. He is author of several bibliographies, guides, checklists and other scholarly materials for the library, and is a member of Phi Beta Mu.

R. Aaron York, Extension Professor Emeritus

Professor York has been extension agricultural agent for Butte County since 1947, when he joined the University of Idaho Cooperative Extension Service. He obtained a bachelor's degree from UI in 1947 and served in the U.S. Navy from 1942 to 1946. He has received several honors and awards including distinguished service awards from the Butte County Chamber of Commerce, and has been a member of the Arco Lions Club, RAD Committee, Butte County Comprehensive Planning Committee, Butte County Economic Development Committee and Butte County Fair Board.

Special Awards to Graduating Seniors 1981-82

ADVOCACY AWARD — The International Academy of Trial Lawyers awards a plaque to the graduating student who, on the basis of standards set by the Dean and faculty of the College of Law, has demonstrated outstanding ability in courtroom advocacy. For 1981 this award goes to *Sidney Brown, Rexburg.*

AMERICAN DEFENSE PREPAREDNESS ASSOCIATION SCHOLARSHIP AWARD — Awarded to the graduating NROTC midshipman who has demonstrated high scholastic achievement and outstanding leadership qualities. The 1981 recipient is Midshipman *Brian F. Beavdoin, Clarissa, MN.*

AMERICAN INSTITUTE OF ARCHITECTS CERTIFICATE OF MERIT — This award to a graduating student is based on excellence in the study of architecture and comes through the Henry Adams Fund. This year it is awarded to *Roger Reeves, Idaho Falls.*

AMERICAN INSTITUTE OF ARCHITECTS MEDAL — This award to a graduating student comes through the Henry Adams Fund and is based on excellence in the study of architecture. It is given this year to *Richard Dallum, Fair Oaks, CA.*

AMERICAN INSTITUTE OF CHEMICAL ENGINEERS — An award sponsored by the local student chapter to the society is presented annually to senior who, in the opinion of the students and chemical engineering faculty, has the most outstanding record of scholarship, service, and leadership. The winner of the 1981 award is *G. Holton Quinn, Leadore.*

AMERICAN INSTITUTE OF CHEMISTS AWARD — This award is made to the senior who, on the basis of a demonstrated record of leadership, ability, character and scholastic achievement, has shown the potential for advancement of the chemistry profession. *Ron M. Beloin, Moscow,* received an appropriately inscribed certificate as the winner for 1981.

AMERICAN LEGION MILITARY EXCELLENCE AWARD — Awarded to the graduating NROTC midshipman who has demonstrated outstanding qualities in military leadership, discipline, character, and citizenship, the gold medal for 1981 is presented to Midshipman *James T. Slyfield, Mercer Island, WA.*

AMERICAN SOCIETY OF AGRICULTURAL ENGINEERS STUDENT HONOR AWARD — Awards are given each year to two graduating seniors, one in Agricultural Mechanization and one in Agricultural Engineering, in recognition of conspicuous student activity: scholarship and participation in local and national ASAE student branch activities, campus and other activities. The winners of this award are *Daniel R. Smith, Agricultural Engineering, Hayden Lake, and Wesley D. Harris, Agricultural Mechanization, Moscow.*

AMERICAN SOCIETY OF AGRONOMY AWARD — Presented to an outstanding senior in agronomy, the award is based on scholarship, leadership activities, and personal traits. The 1981 recipient is *Neal B. Christensen, Crop Management, Eagle.*

AMERICAN SOCIETY LANDSCAPE ARCHITECTS HONOR AWARDS — Awarded to faculty nominated candidates, this year's recipients are *Philip Steele Ward, Jr., Amherst, N.Y., and Jori Adkins, Moscow.*

AMERICAN SOCIETY OF CIVIL ENGINEERS AWARD — The Spokane section of the American Society of Civil Engineers makes this award to the civil engineering senior who has written the best paper on an engineering subject. The winner of this award for 1981 is *Kim Zentz, Chattaroy, WA.*

AMERICAN VETERANS OF WORLD WAR II AWARD — This award consists of a medal pendant and ribbon bar and is presented to the MS III student who has demonstrated outstanding personal development in leadership, a strong dedication to the ROTC program, and a definite interest in serving our nation as a career officer in the military service. This year's recipient is *Cadet Captain Scott A. Lang, Westminister, CA.*

ARCHITECTURE FACULTY BOOK AWARD — Awarded to an outstanding graduating fifth year student by the architecture faculty, this year the book award goes to *Benjamin Trogdon, Spokane.*

ART FACULTY BOOK AWARD — Awarded to an outstanding graduating senior student by the art faculty, the award goes to *Douglas F. Griffin, Boise.*

ASSOCIATE STUDENT CHAPTER AMERICAN INSTITUTE OF ARCHITECTS — Awarded by the department of art and

architecture, the book award goes to outstanding members of the school ASC chapter, *Joanne Reece, Moscow, and Chokaku Suzumura, Cheney, WA.*

ASUI DISTINGUISHED SENIOR AWARDS — The following graduating seniors were presented citations by the Associated Students University of Idaho for outstanding achievements in academic and extracurricular areas in recognition for their overall contribution to the University of Idaho community: *Linda Jo DeMeyer, Olympia, WA, Andrew David Wiseman, Twin Falls, George A. Inverso, Sanger, CA, Richard A. Howard, Fruitland, Teri F. Willey, Terre Haute, IN., Leslie D. Larson, Caldwell, Melinda L. Sloviaczek, Caldwell, Dennis A. Vauk, Nampa, Lori Limbaugh, Fruitland, Judy L. King, Bruneau, Paula K. Pierce, Filer, Charlie F. Connolly, Meridian, Jeffrey A. Thomson, Coeur d'Alene, Kevin Lee Holt, Worley, Ann Rowan, Weiser, Barbara Lynn Reeve, Pocatello, Richard G. Reilly, Lewiston, Valerie Dasenbrock, Cottonwood, Jo Ellen Leitch, Nezperce, Tim Roden, Boise, Jennifer Lynn Holmes Hansen, Bliss, Mary Kay Delay, Priest River, Irma J. Calnon, Merician, Jeri Mae Rowley, Grangeville, Jo Anne Stringfield, Caldwell, Patricia Ann Thomas, Gooding, Patrick J. Miller, Caldwell, Clark W. Collins, III, Redlands, CA., Stephanie Ann Kambitsch, Genesee.*

BOYER PLAQUE — Mrs. Katy Rae Boyer has provided a plaque upon which is engraved the name of the senior woman graduating with a major in physical education who has the highest four year scholastic average. *Michelle M. Lierman, Gooding*, is the winner of this honor for 1981.

COMMERATIVE ART SCHOLARSHIP — Given by Mary Kirkwood, Professor Emeritus of Art, the award is based on need and ability. It is awarded to *Cindy L. Ward, Moscow.*

WILLIAM H. CONE HONOR AWARD — This award is made annually to a senior for achievement in chemistry, judged on the basis of grade point and professional promise. Recipient of the award and inscribed plaque for 1981 is *Nancy N. Sauter, Moscow.*

The recipient is *Cadet Captain Rickey E. Cox, Grangeville.*

MARY AND JAMES DECOURCEY AWARD — The Decourcey award, for the outstanding senior in classical studies is presented this year to *Stephen Davis Ott, Pullman, WA.*

DEPARTMENT OF THE ARMY SUPERIOR CADET AWARD — This award, consisting of a gold lapel button and a medal pendant with ribbon bar and citation, is presented annually to the outstanding senior in Military Science at the University of Idaho. This year's recipient is *Cadet Lieutenant Colonel Scott S. Watts, Wallace.*

THE JOHN B. GEORGE/BUNKER HILL MEMORIAL AWARD — This award is made possible by funds from family and friends of John B. George and from the Bunker Hill Mining Company as a memorial to John B. George, a pioneering mine operator in the Coeur d'Alene mining region for more than 60 years. It is in the form of a 25 ounce engraved silver bar with accompanying certificate presented annually to the outstanding graduating senior in the College of Mines and Earth Resources. The student's name is also inscribed on a permanent plaque in the Mining Building. For 1981 this award goes to *George A. Inverso, Sanger, CA.,* outstanding graduating senior, College of Mines & Earth Resources.

IDAHO ASSOCIATION OF PROFESSIONAL GEOLOGISTS AWARD — The Idaho Association of Professional Geologists (IAPG) recognizes the outstanding graduating senior geologist or geological engineer in all three of the institutions of higher education in the state of Idaho. The IAPG is the state organization representing the professional geologists who are licensed to practice in the state of Idaho. It is represented by geologists in the Coeur d'Alene Mining Region, the Silver City Mining District, the Boise area and the Phosphate Mining District of southeastern Idaho. For 1981 this award goes to *Susan Stillings-Jackson, Boise.*

IDAHO CONCRETE MASONRY ASSOCIATION PRIZE — Awarded to fourth year architectural students on the basis of a design competition, the awards are given by the Idaho Concrete Masonry Association to First prize: *Ron Hall, Henderson, NE.;* Second prize: *Brent Ewing, Speartish, S.D.;* Honorable mention: *Christian Chimits, Reno, NE.;* Honorable mention: *Steven Wescott, Sandpoint.*

IDAHO CHAPTERS AIA PRICHARD MEMORIAL SCHOLARSHIP — This scholarship is awarded by the Idaho Chapter AIA and made on the basis of design, scholarship, and service. The award is given this year to *Millard T. Pratt, Fairbanks, AK.*

IDAHO SOCIETY OF CERTIFIED PUBLIC ACCOUNTANTS — This society provides a plaque upon which is inscribed the name of the outstanding senior majoring in accounting. This society also presents a certificate to be awarded to the same senior, *Brad Swan, Troy.*

CARLTON LAIRD IIAMS AWARD — Presented to the outstanding senior in foreign languages, the Iiams award is presented this year to *Neil Alvin Rice, Moscow,* majoring in Spanish.

THE DAVID DEAN KENDRICK AWARD — This award is made possible by funds from family, friends, and colleagues as a memorial to David Kendrick, who was the Dean of the College of Business and Economics at the University of

Idaho from 1957 to 1970. A watch is awarded annually to a graduating senior in the College of Business and Economics who has encountered and overcome exceptional obstacles while earning a degree. For 1981, the Dean David Kendrick Award goes to *James D. Landerman, Rigby*.

LANDSCAPE ARCHITECTURE FACULTY BOOK AWARD — Awarded to outstanding graduating seniors in Landscape Architecture. Receiving the award are *Jori Adkins, Moscow*, and *Philip Steele Ward, Jr., Amherst, N.Y.*

THE LAW WEEK AWARD — The Bureau of National Affairs, Inc., awards a year's complimentary subscription to "Law Week" to the graduating student who is judged by the faculty to have made the most satisfactory scholastic progress in his/her final year. The 1981 senior receiving the award is *Paul Raymond Erickson, Troy*.

ERNEST HIRMAN LINDLEY AND ELISABETH KIDDER LINDLEY AWARD — This award is presented to the outstanding senior in the College of Letters and Science. The student's name is placed on a permanent plaque in the Administration building and the recipient receives reference works in his/her field of study. The 1981 senior receiving this award is *Stephanie Ann Kambitsch, Genesee*.

GEORGE C. MARSHALL ROTC AWARD — The George C. Marshall Research Foundation provides the Award annually to an outstanding senior cadet. The recipient must demonstrate those leadership and scholastic qualities which epitomized the career of General Marshall. This year's recipient is *Brian Keeth, Boise*.

Significance of Academic Costume

DOCTORS wear the round, bell sleeve; the gown is faced down the front and barred on the sleeves with black velvet or velvet of color indicating the degree; the doctor's hood is large. The doctor may, if he so chooses, wear the gold tassel on his cap.

MASTERS wear the long, closed sleeve, with a slit near the upper part for the arm; the master's hood is of more moderate size.

BACHELORS wear the long pointed sleeves; the hood is small.

UNDERGRADUATES wear the round, or pointed sleeve, and wear no hood.

Hoods are lined with the colors of the institutions granting the degree, or with which the wearer is connected, and are trimmed with velvet of the color distinctive of the degree — for example, arts and letters, white; fine arts, brown; philosophy, blue; science, gold-yellow; music, pink; agriculture, maize; engineering, orange; forestry, russet; pedagogy, light blue; commerce and accounting, drab.

HONOR CORDS draped over the shoulders designate the students who are graduating with honors: cum laude with silver cords and summa cum laude with gold cords. These are recognition cords and are worn on this one occasion only — they are not part of the academic costume.

Honor Cords are provided by the Honor Society of Phi Kappa Phi.

*“This university is a special place,
and it’s special because of our people --
our faculty and staff, and
our alumni and students.”*
