1 *Alma Mater, the hope of a pioneer race;
You're fashioned of dreams and of toil,
Your walls and your towers by stout-hearted men
Were raised from the rock and the soil.*

Chorus

*And here we have Idaho,
Winning her way to fame;
Silver and Gold in the sunlight blaze,
And romance lies in her name;
Singing, we're singing of you, ah, proudly too;
All our lives through we'll go singing,
Singing of you, Alma Mater, our Idaho.*

2 *Now ours is the heritage, rich and so full,
The gain of their toil and their tears;
And ours is the fruit, and the harvest is ours,
Oh, Idaho, gift of the years.*

Chorus

*And here we have Idaho,
Winning her way to fame;
Silver and Gold in the sunlight blaze,
And romance lies in her name;
Singing, we're singing of you, ah, proudly too;
All our lives through we'll go singing,
Singing of you, Alma Mater, our Idaho.*

Thomas O. Bell (Coeur d'Alene Center Commencement Guest Speaker) is President, Provost, Dean and Professor of Education Emeritus.

We celebrate the University of Idaho Coeur d'Alene Commencement Ceremony because of the leadership of Thomas O. Bell. The University of Idaho Coeur d'Alene could accurately be described as the house that Dr. Bell built. His vision and hard work initiated the programs available to this years' graduates. Honoring him is no overstatement, as almost all of the academic degrees we are now able to provide in northern Idaho were fostered under his guidance. And, he continues to be interested in and supportive of the center as it grows. Last summer, we planted and dedicated a Camperdown Elm tree in his honor on the Coeur d'Alene campus to remind us for years to come of his commitment to higher education in Idaho and the Coeur d'Alene area. We insist that he drop by often to inspect his tree and dispense encouragement – his trademark.

Dr. Bell began his service to Idaho education in 1953. He has been a leader as a teacher, coach, principal and superintendent in three Idaho schools districts. He came to the University of Idaho in 1966. He has served as Director of the Division of Teacher Education, Dean of the College of Education, Vice President of Academic Affairs and Research, Provost, and Interim President of the University of Idaho. He and his wife, Jody, and children lived in Guam and the Micronesia Islands of the Pacific as well as American Samoa and Australia, participating in the Northwest Regional Education Laboratory, providing research and development assistance to education programs. He is highly regarded for his dedication to education.

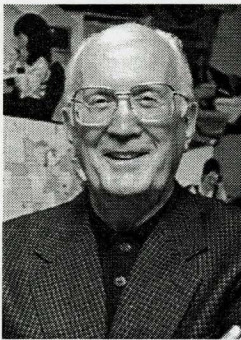

Elizabeth Sellers, (Idaho Falls Center Commencement Guest Speaker) manager of the U.S. Department of Energy's Idaho Operations Office. Ms. Sellers is directly responsible for 300 federal employees and has oversight of 6,500 contractor employees. The Idaho Operations Office is a multi-program lab involved in nuclear energy research, national security, environmental restoration technology development and application, and basic science research and development. Before accepting her current position in Idaho, she served as the manager of the U.S. Department of Energy's National Nuclear Security Administration's Kansas City Site Office. Elizabeth has been recognized as a key leader who promotes innovative concepts and accountability for federal and contractor performance.

Ms. Sellers joined the Department of Energy (DOE) in 1983 as a program engineer for nuclear materials production in Albuquerque, New Mexico, and quickly became responsible for all nuclear material requirements within the DOE complex. In 1986, she served as a program engineer in the Weapon Programs Division where she worked on privatizing parachute production and the B90 research and development program. By 1989 she had moved to the Uranium Mill Tailings and Remedial Action Project as the Environment, Safety and Health manager. During her tenure she initiated several new waste policies before being promoted to team leader in the Environmental Restoration Project Office. In that post she was responsible for creating and institutionalizing the environmental management cleanup at four production facilities. In 1995, she became the director of the Spent Nuclear Fuel Project at the Richland Operations Office. This first-of-a-kind, \$1.6 billion project is the largest cleanup project ever performed under CERCLA by a federal agency.

Ms. Sellers holds a Bachelor of Science degree in chemical engineering from the University of New Mexico and a Bachelor of Arts degree in English from the University of Alabama. She has served on the board of directors and as president of the New Mexico Network of Women in Science and Engineering. She also completed a three-year Leadership in Training curriculum through the Department of Energy.

Honorary degrees may be awarded to a person deserving of honor by virtue of scholarly distinction, noteworthy public service or significant contributions to the state of Idaho. In the selection of candidates for honorary degrees, preference is given to those who are Idaho residents or University of Idaho graduates.

Thomas C. Wright (Moscow Commencement Guest Speaker and Honorary Degree recipient) is founder and CEO of the Wright Foundation.

As a lifelong educator, Tom Wright aspired to improve the lives of children through the preparation of teachers, particularly special education teachers.

After receiving his undergraduate and graduate degrees from the University of Idaho's College of Education, he began his career as a teacher. Although he found this rewarding, the demands of a growing family and the challenges of providing for a son with special needs led to his involvement with a school textbook company for more than 17 years.

During that time, he realized a critical need for better educational materials and founded the Wright Group in 1975, revolutionizing the textbook industry by combining quality text book development with teacher training programs. His company became known as "America's Leader in Whole Learning." Teachers throughout the world have used the Wright Group materials to enhance the education of literally millions of students. In 1994, he sold the business to the Tribune Company of Chicago and served as the company's CEO until his retirement in 2000.

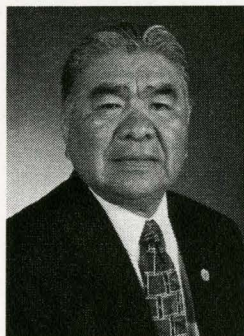

He has been a dedicated volunteer to his alma mater and serves as a member of the University of Idaho Foundation. In 2001, Tom was inducted into the University of Idaho Alumni Association Hall of Fame.

Through his generosity and with his vision, an innovative graduate program for K-12 teachers was established at the University of Idaho — the Wright Fellowships. This powerful program, which features an intensive and individualized course of study, has transformed the lives of the teachers and the way the College of Education provides teacher education.

In recognition of a lifetime of excellence, contributions and achievements for the betterment of all citizens, the University of Idaho is proud to confer upon Thomas C. Wright, a most distinguished alumnus, the degree of Doctor of Administrative Science.

U N I V E R S I T Y O F I D A H O P R E S I D E N T ' S M E D A L L I O N

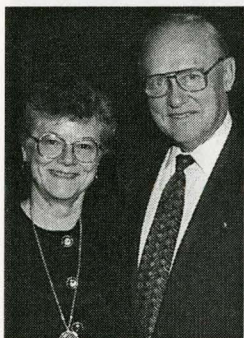

The President's Medallion is presented to individuals who have made significant contributions to the cultural, economic, scientific or social advancement of Idaho and its people, and have provided exceptional service to the state or nation that has influenced the well-being of humankind. At the May 2005 Commencement, the University honors four extremely deserving individuals.

Delbert Farmer, community and business leader and former chairman of the Shoshone-Bannock Indian Tribe. Delbert Farmer received his bachelor's degree in animal science in 1970 from the University of Idaho.

As a strong advocate for higher education for Indian people, Mr. Farmer established an academic scholarship for members of the Shoshone-Bannock tribe. He is an artist with several pieces of art related to the Lewis and Clark Expedition in his portfolio. He is an active leader in the community, currently serving as revenue director for the tribe and as a representative of the tribe on commissions and committees such as the Lower Snake River Juvenile Salmon Migration Feasibility Study. He is a past member of the Fort Hall Business Council, dance team leader for the International Folkdance Festival and past chairman of the Shoshone-Bannock Festival.

The Shoshone-Bannock Tribe was part of the welcoming group for athletes and cultural ceremonies participants by special invitation of the 2002 Salt Lake City Olympics Organizing Committee. The tribe, under the direction of Mr. Farmer, was the representative for more than 500 tribes from across the United States.

The Honorable James A. McClure (Boise Center Commencement Guest Speaker) and Louise M. McClure.

Widely recognized for his expertise in energy and natural resources matters, particularly in the areas of mining, forestry, public land, water and general natural resource law, the Honorable James A. McClure represented the people of Idaho in the U.S. Congress for more than a quarter century. He was first elected to the U.S. House of Representatives in 1966, after serving three terms in the Idaho State Senate. He was elected to the U.S. Senate in 1972 and served there until his retirement in January 1991.

While in Washington D.C., he was chairman of the Senate Energy and Natural Resources Committee, the Senate Interior Appropriations Subcommittee, the Senate Republican Conference and the Senate Steering Committee. He also served on the Senate Rules Committee, the Senate Budget Committee and the Senate Environment and Public Works Committee. He was a member of the Senate Select Committee investigating the Iran/Contra Affair, and was a member of the Helsinki Commission on Human Rights.

He also is widely recognized as an authority on nuclear, natural gas, oil and electrical energy matters as they relate to national and international policy. His concern about world energy needs first led him to the Middle East in the 1960s. Since that time, he has frequently traveled worldwide on energy and foreign policy matters.

A close personal friend of former President George Bush, he served as a "Bush for President" national campaign co-chairman. He also served as vice chairman of the Board of Trustees of the John F. Kennedy Center for the Performing Arts in Washington, D.C.

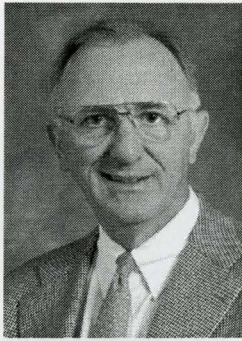

He was born in Payette, Idaho. After graduating from the University of Idaho College of Law in 1950, he was elected Payette County and City Prosecuting Attorney. He served three terms in the Idaho State Senate before being elected to the U.S. House of Representatives in 1966.

Louise McClure was very active in Congressional circles. She combined her love for art and music with her interest in politics and community affairs.

She was raised in Nezperce, Idaho, on the family wheat farm. Neither farming nor politics played a particularly important role in her early life. Instead, it was her love of music. During her youth, she studied both the piano and the clarinet and took voice lessons. It was while majoring in music at the University of Idaho and singing as a soloist in the university's choral group, the Vandaleers, that she noticed an aspiring young law student singing with her in the group.

Throughout the years, Mrs. McClure's interest in the fine arts grew. In the early 1980s, she played an important role in the organization of a major exhibition of Idaho art at the National Museum of American Art in the nation's capital. She also served on the board for the National Endowment of the Arts.

Senator and Mrs. McClure's interest and support of the University of Idaho has remained a constant over the years. They currently serve as members of the University of Idaho Foundation and have served on various college advisory boards over the years.

Gary G. Michael, former Interim President of the University of Idaho and CEO of Albertson, Inc., retired.

At the urging of the Governor and the State Board of Education, Gary Michael assumed the responsibilities of interim president of the University of Idaho in July 2003. He left retirement—and the golf course—to lead the university until a permanent president could be appointed. He also took the post without remuneration, by his own choice.

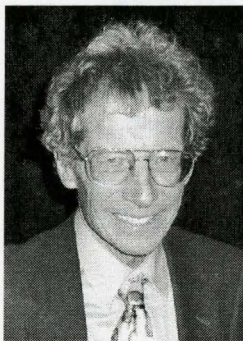

Mr. Michael is recognized for his distinguished business career, rising to an elite rank among corporate executives in America, while maintaining a concentrated community involvement and commitment. His philanthropy is well known, and he is widely respected as a compassionate, principled leader who leads by example. He is a person of the highest ethical standards.

As former chairman of the board and CEO of Albertsons, Inc., Mr. Michael culminated his 34-year career with Albertsons in 2001. The retail food and drug chain has become the fourth largest in the nation, with more than 2,200 outlets and annual sales exceeding \$35 billion.

He also has been a leader in promoting excellence in education. A graduate of the University of Idaho, he has given unselfishly of his time, wisdom and financial support to his alma mater. He has been a member of the University of Idaho Foundation since 1975, serving under four different University presidents, before becoming the Interim President. He also chaired the College of Business and Economics Campaign Cabinet, which helped build the college's first permanent home, the J. A. Albertson Building. Through his leadership on *The Campaign for Idaho*, the University of Idaho surpassed its private fund-raising goal and raised \$128 million for scholarships, professorships, curriculum, technology and facilities in nearly half the time expected. The University and the state of Idaho will benefit greatly from these fund-raising efforts.

Mr. Michael also sits on numerous boards of directors, including IDACORP, Harrah's Entertainment, The Clorox Company, Questar, Inc., and Boise, formerly Boise Cascade Corp. He is a member of the Financial Executives Institution and is retired chairman of the board of directors for the San Francisco Federal Reserve Bank.

His recognized record of community service and his national prominence have brought great distinction to the state of Idaho.

Scott W. Reed, attorney and authority on water and environmental issues.

An attorney in Coeur d'Alene, Idaho, Scott Reed is known nationally for his work in water and environmental issues. His areas of specialty include general civil and trial practice, business, commercial, land use, environmental law and local government law.

He has established a national reputation for his work on behalf of conservation, much of which is *pro bono*. Whether it has been at the local level through his membership on the Coeur d'Alene Planning Commission; at the state level as a member of the Idaho Water Resources Board; at the regional level as a member of the Board of Directors of the Western Environmental Law Center; or at the national level as a member of the Board of Directors of the National Audubon Society, Scott Reed has given selflessly of his many talents to help society as a whole.

A former Assistant U.S. Attorney, Mr. Reed was born in Klamath Falls, Ore. He graduated from Princeton University with an A.B.A. degree and Stanford University with an L.L.B. He was admitted to the Idaho Bar in 1956.

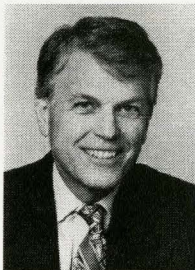

In addition to his previously mentioned activities, his public service includes the North Idaho College Board of Trustees, Board of Trustees of the North Dakota Wetlands Trust, Board of Advisors of the Northwest Water Law and Policy Project, Coeur d'Alene Library Board of Trustees, and Board of Directors of the Idaho Nature Conservancy.

He and his wife, Mary Lou, were named Idaho Conservationists of the Year by "Idaho Wildlife" in January 1984. He also received the Professionalism Award from the Idaho State Bar Association in November 1998.

ALUMNI ASSOCIATION

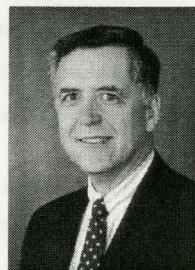

ALUMNI HALL OF FAME INDUCTEES 2005

The purpose of the Alumni Hall of Fame Award is to recognize living alumni who have achieved national or international distinction by their accomplishments and leadership.

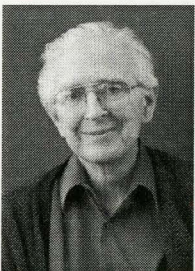

Carl Berry of Mill Valley, Calif., is a 1962 graduate from the College of Education. Berry is a national business leader in the resort property industry. He pioneered the urban component of the timeshare industry in North America more than two decades ago. Berry has been an active volunteer of the UI Foundation and served as co-chairperson of the National Campaign Council of the

Campaign for Idaho which raised more than \$128 million.

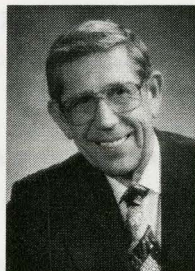

Dale Bosworth of Washington, D.C., is a 1966 graduate of the College of Natural Resources. In April 2001, Bosworth was named the 15th chief of the U.S. Forest Service. He has worked for the Forest Service for more than three decades, serving as regional forester of the Northern Region (northern Idaho, Montana and portions of North Dakota and South Dakota) from 1997-2001 and the

Intermountain Region (Utah, Nevada, southern Idaho and western Wyoming) from 1994-97. Dale and his wife, Carma, live in Washington, D.C., and have two grown children.

Gerald O. Bierwag of Tucson, Ariz., was a 1958 graduate of the College of Letters and Science. He passed away Feb. 15, 2005. Bierwag was a retired college economics professor who served on the faculty at the University of Oregon, University of Arizona and Florida International University. He specialized in Duration Analysis, which involves assessing interest rate risk on investment portfolios.

Allen Derr of Boise is a 1951 graduate with a bachelor's degree in journalism. He also earned a UI College of Law degree in 1959. He entered private law practice in 1960. In 1971, he successfully argued *Reed vs. Reed*, the first case in U.S. Supreme Court history to declare a state law unconstitutional because it discriminated against women and violated the 14th amendment. Allen

Derr is married to Judy Peavey-Derr (Ramseyer). The Boise couple has two adult children. He continues his private law practice in Boise.

Degrees Conferred Earlier

* August 20, 2004

** December 17, 2004

The appearance of a name in this program is presumptive evidence of graduation and graduation honors; it must not in any sense be regarded as conclusive. The academic transcript, signed and sealed by the proper university officers, remains the official testimony of the possession of the degree.

MEDICAL EDUCATION PROGRAMS

WASHINGTON-WYOMING-ALASKA-MONTANA-IDAHO PROGRAM IN MEDICAL EDUCATION

Established in 1971. Andrew L. Turner, Ph.D., Director

Idaho students receiving Doctorates in Medicine from the University of Washington through participation in the WWAMI Medical Education Program:

Katherine A. Anderson, <i>Coeur d'Alene</i>	Lupe Mesina, <i>Burley</i>
Courtenay B. Barlow, <i>Twin Falls</i>	Nancy L. Miller, <i>Fairfield</i>
Adam B. Barrus, <i>Sugar City</i>	Bart C. Moulton, <i>Tetonia</i>
Gregory J. Basura, <i>New Plymouth</i>	Jason M. Poston, <i>Rigby</i>
Brenna A. Davis, <i>Boise</i>	Justin A. Sell, <i>Boise</i>
Alison G. DeSano, <i>Pocatello</i>	Olivia M. Sementi, <i>Coeur d'Alene</i>
Julie K. Gunther, <i>Boise</i>	William M. Stapleton, <i>St. Anthony</i>
Michael D. Hedemark, <i>Boise</i>	Raphael J. Streiff, <i>Boise</i>
David Y. Khechoyan, <i>Twin Falls</i>	Michael C. Thurgood, <i>Blackfoot</i>
David C. Mauchley, <i>Moscow</i>	Lindsay M. Tverdy, <i>Buhl</i>

In the WWAMI Medical Education Program, offered by the University of Washington School of Medicine and selected universities and communities in Washington, Wyoming, Alaska, Montana and Idaho, medical students from Idaho receive the first year of their medical training at the University of Idaho. Students attend classes at the University of Idaho and Washington State University, thus benefiting from a large group of instructors and varied selection of elective courses; laboratories and other facilities for individual work are available at both institutions. First-year students also have the opportunity to work with local physician-preceptors. Third and fourth year clinical rotations are also available in Idaho.

WASHINGTON-OREGON-IDAHO PROGRAM IN VETERINARY MEDICAL EDUCATION

Established in 1974. Richard A. Battaglia, Ph.D., Director

Idaho students receiving Doctorates in Veterinary Medicine from the Washington State University College of Veterinary Medicine through participation in the WOI Veterinary Medical Education Program:

Liana M. Dallmann, <i>Sandpoint</i>	Brian A. Luce, <i>Hayden</i>
Matthew D. Edmonds, <i>Parma</i>	Misty A. Manfull, <i>Lenore</i>
Trina M. Hadden, <i>Moscow</i>	James P. Murnighan, <i>Boise</i>
Paul L. Haderlie, <i>American Falls</i>	Tami L. Olson, <i>Boise</i>
P. Greg Huff, <i>Moscow</i>	Randall C. Raymond, <i>Menan</i>
Kevin J. Hyde, <i>Coeur d'Alene</i>	

The University of Idaho cooperates with Washington State University and Oregon State University in a program of veterinary medical education, research and service. In the WOI program, students from Idaho take the first three years of professional training in veterinary medicine at Washington State University; faculty members from UI and WSU offer instruction in the professional and academic curricula. In the fourth year of the program, students receive part of the clinical training at the Caldwell, Idaho, veterinary medical facility.

OFFICER EDUCATION PROGRAMS

Army Reserve Officer Training Corps Awards

Daughters of the American Revolution Award

This award is presented to the senior cadet who is in the top 25 percent of his ROTC and academic class, demonstrates qualities of loyalty and patriotism, dependability and good character, adherence to military discipline, leadership ability and a fundamental and patriotic understanding of the importance of ROTC training.

Robby James Gabehart, *Moscow*

Department of the Army Superior Cadet

This award is presented to the ROTC cadet who is in the top 25 percent of his class in both ROTC and academic standing and demonstrates superior officer potential.

Daniel Orban Siazon, Jr., *Moscow*

George C. Marshall Award

This award is presented to the ROTC cadet who is the most outstanding of his class in both ROTC and academic standing, demonstrates leadership qualities and possesses scholastic qualities that epitomize the career of General George C. Marshall.

Joshua William Hoston, *Mountain Home*

Distinguished Military Graduate

Joshua William Hoston, *Mountain Home*

Joshua Donald Lazzarini, *Viola*

Rose Mary MacHarg, *Evanston, Illinois*

Daniel Orban Siazon, Jr., *Moscow*

American Legion Award for Scholastic Excellence

This award is presented to the ROTC cadet who is in the top 25 percent of his class in both ROTC and academic standing.

Joshua William Hoston, *Mountain Home*

Naval Reserve Officer Training Corps Awards

Naval Submarine League Outstanding Achievement Award

This award is presented to the most outstanding graduate who will pursue a career in the submarine service. This individual must also demonstrate superior academic performance and exceptional military aptitude.

Dillon J. Barrett, *Mesa, Arizona*

Professor of Naval Science Officer's Sword

This award is presented to the graduating senior from the Naval ROTC Battalion who is at the top of their class in both academics and aptitude.

Gabriel D. Burgi, *Tehachapi, California*

Society of American Military Engineers ROTC Award

This award is presented annually to 20 Naval ROTC students nationwide for outstanding academic achievement in engineering or engineering related fields.

Scott K. Daniels, *Hailey*

SECNAV Distinguished Midshipman Graduate Program

The SECNAV Distinguished Midshipman Graduate Program is an award program to honor one graduating Midshipman at each NROTC Unit and 20 Midshipmen at the U.S. Naval Academy who demonstrate the highest standards of leadership, academic and military performance.

Jessica L. Denney, *Victor*

Admiral James L. Holloway, Jr. Scholarship Award

This award is presented to 13 Midshipmen or Officer Candidates nationwide who demonstrate outstanding leadership and managerial skills, along with the highest of moral and ethical qualities.

Reinhardt F. Eder, *Idaho Falls*

Veteran's of Foreign Wars Award

This award is presented to a graduating member of the Navy ROTC Battalion who demonstrates the highest standards of academics, unit involvement, and leadership by example.

Alexander J. Stiegemeier, *Hudson, Ohio*

AFCEA Educational Foundation Commissioning Award

This award recognizes the top NROTC graduate nationwide majoring in computer and electrical engineering related fields.

Terry W. Triplett, *Louisville, Kentucky*

Military Order of the Purple Heart Award

This award is presented annually to the Naval ROTC Battalion member who shows outstanding initiative towards unit mission accomplishment, while maintaining superb academic standing and participation within the Battalion and the community.

By observing certain features of the academic apparel, it is possible to learn several things about the academic status of the scholar: the level of the degree attained, the branch of learning in which it was earned, and the college or university conferring the degree.

Gowns-

The gowns differ according to the level of the degree. The sleeves are the principal indicator — gowns of bachelors have pointed sleeves; those of masters have oblong sleeves with an arc cut away at the front; and doctors have round, bell-shaped sleeves. Bachelors and masters gowns are untrimmed. Doctoral gowns have distinctive velvet facing down the front and three velvet bars on each sleeve.

Caps-

The color of the tassel worn on the cap varies with the level of degree. The bachelor's tassel represents the color appropriate to the major field of study; the masters and specialists tassels are black; and the doctoral tassels are old gold.

Hoods-

The length of the hood also varies according to the level of degree. The bachelor's gown is worn without a hood. A master's hood is three and one-half feet long, and a doctor's hood is four feet in length and has panels at the sides. It is from the colors adorning the hood that one can learn two other facts. **Lining**- the hood is lined with the official color or colors of the college or university conferring the degree (silver and gold, signifying the University of Idaho). **Trimming**- the hood is trimmed with velvet of a color appropriate to the wearer's branch of learning. For example, the trimming for the degree of Master of Science in Agriculture is maize, representing agriculture, rather than golden yellow, representing science. (In the case of the Doctor of Philosophy degree, the dark blue color is used, representing the mastery of the discipline of learning and scholarship, regardless of the branch of learning.) Colors associated with the different disciplines are as follows:

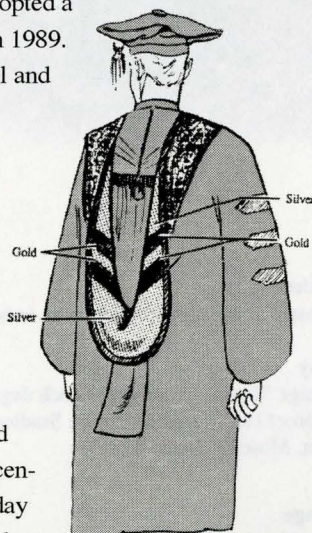

Architecture (MArch)	Violet	Medicine	Green
Agriculture	Maize	Music	Pink
Arts, Letters, Humanities	White	Nursing	Apricot
Commerce, Accountancy, Business	Drab	Oratory (Speech)	Silver Gray
Dentistry	Lilac	Pharmacy	Olive Green
Economics	Copper	Philosophy	Dark Blue
Education	Light Blue	Physical Education	Sage Green
Engineering	Orange	Public Administration	Peacock Blue
Fine Arts	Brown	Public Health	Salmon Pink
Forestry	Russet	Science	Golden Yellow
Journalism	Crimson	Social Work	Citron
Law	Purple	Theology	Scarlet
Library Science	Lemon	Veterinary Science (DVM)	Gray

Honor Cords—

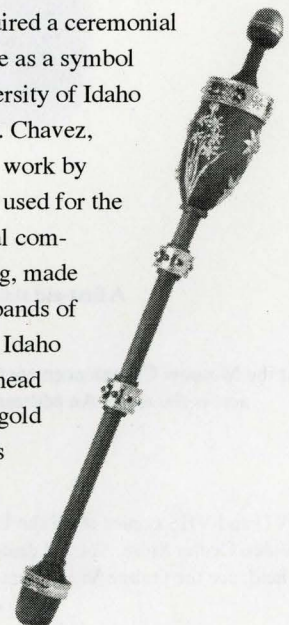

Honor Cords, worn around the neck and hanging loosely down the front, identify students who are graduating with honors: gold, summa cum laude (with highest distinction); silver, magna cum laude (with great distinction); and bronze cords designate graduation cum laude (with distinction). The cords are provided by the University of Idaho and are worn on this one occasion only.

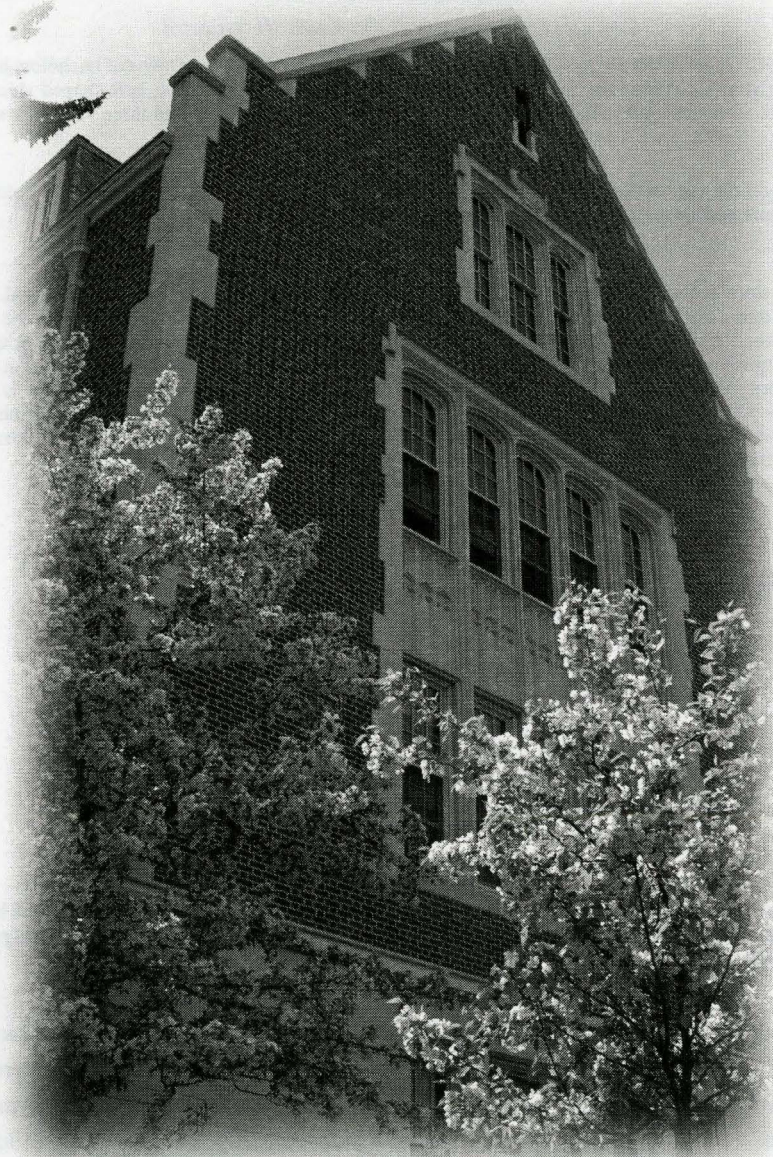

The University of Idaho adopted a doctoral gown of its own in 1989.

The silver gown has a panel and sleeve bars of black velvet outlined in antique gold. The beret styled soft cap is patterned after the Cambridge version instead of the traditional Oxford-style mortarboard. The cap and gown were designed by Emeritus Professor Edmund Chavez in the university's centennial year and is worn today by faculty serving as officials at the university commencements.

The MACE, a heavy staff or club used in medieval times for breaking armor, acquired a ceremonial function in 13th century France as a symbol of secular authority. The University of Idaho mace, designed by Edmund M. Chavez, professor emeritus, with metal work by Idaho artist Ray Goodner, was used for the first time at the 1989 centennial commencement. It is 32 inches long, made of walnut, and encircled with bands of Idaho gold and silver in which Idaho garnets and opals are set. The head is embellished with silver and gold representations of camas plants and syringa flowers.

First-Aid Station

A first-aid station, with an EMT in attendance, is located at the center of the south concourse.

Photography

At the Moscow Commencement Ceremonies in December and May, Image Studios photographs each degree candidate as they walk across the stage. An address form is provided so that a free color proof can be mailed. Image Studios can be contacted at (208) 882-5594 or 611 E. First Street, Moscow, Idaho 83843.

Video Coverage

DVD and VHS copies of all the UI Commencement Ceremonies recorded by the UI Video Center can be ordered through the Online Video Center Store. Special discount prices are available for orders received by the last day of the month in which the ceremony is held; see the Online Video Center Store for details. Orders are shipped 4-6 weeks after the ceremony. For additional information, e-mail videocr@uidaho.edu or call (208) 885-0569 extension 1#.

Commencement Ceremonies are telecast on cable channel UITV-8 in Moscow. Check the UITV-8 schedule for dates and time.
