

*125th
Commencement
Spring 2020*

A black and white photograph of cherry blossoms. In the foreground, there are several large, detailed cherry blossoms in full bloom, showing multiple layers of petals. Some buds are also visible. In the background, a building with a prominent tower or steeple is visible, though it is out of focus. The overall scene is set outdoors, likely on a campus.

“HERE WE HAVE IDAHO”

1 Alma Mater, the hope of a pioneer race;
You’re fashioned of dreams and of toil,
Your walls and your towers by stout-hearted men
Were raised from the rock and the soil.

Chorus

And here we have Idaho,
Winning her way to fame;
Silver and Gold in the sunlight blaze,
And romance lies in her name;
Singing, we’re singing of you, ah, proudly too;
All our lives through we’ll go singing,
Singing of you, Alma Mater, our Idaho.

2 Now ours is the heritage, rich and so full,
The gain of their toil and their tears;
And ours is the fruit, and the harvest is ours,
Oh, Idaho, gift of the years.

Chorus

And here we have Idaho,
Winning her way to fame;
Silver and Gold in the sunlight blaze,
And romance lies in her name;
Singing, we’re singing of you, ah, proudly too;
All our lives through we’ll go singing,
Singing of you, Alma Mater, our Idaho.

PRESIDENT C. SCOTT GREEN

Dear Vandal graduate,

Congratulations! You did it! You can be proud of your accomplishment and optimistic about your future. Even in these uncertain times, a Vandal degree holds so much promise.

You are joining the ranks of more than 110,000 Brave and Bold Vandal Alumni. It's a network that will support you personally and professionally for the rest of your life. In addition, a University of Idaho degree earns the keeper the highest annual starting and mid-career salary of any public college or university in the state.

The Class of 2020 is, without a doubt, special. You will go down in history as the group who lived through one of the most unique challenges of the 21st century. This class has epitomized how to roll with the punches and how to pivot to new ways of learning, all while "social distancing" from friends and family. Yours is a story of resilience, a story that will motivate you for decades to come.

Lessons learned over the past few years, and especially the past few months, have prepared you well as you embark on your chosen field. You've earned your right to compete, to navigate your own path to prosperity. Completing a college

degree is an achievement worthy of celebration, and Commencement is one of the most important traditions at the University of Idaho.

I sincerely wish we could have celebrated this milestone together this spring, but we have to do our part to slow the spread of COVID-19. However, we will have the opportunity to honor your accomplishment soon. I'd like to welcome you back for a special Summer Commencement ceremony at 9:30 a.m. Saturday, Aug. 1, in the ASUI-Kibbie Activity Center in Moscow. Alternatively, you're welcome to walk in our December 2020 or May 2021 ceremonies. Please choose the time that works best for you and your loved ones.

Until then, take pride in the fact that you've met the rigorous requirements of a University of Idaho education. You've more than earned your degree. The Class of 2020 will always hold a special place in the history of our alma mater.

Take care of yourselves and each other. Keep Calm and Vandal On. It won't be long until we can shake hands to celebrate your success.

Go Vandals!

UNIVERSITY OF IDAHO ALUMNI ASSOCIATION

About the University of Idaho Alumni Association, Inc.

The University of Idaho Alumni Association, Inc. (UIAA, Inc.) is a non-dues-paying group, founded in 1898, that supports University of Idaho alumni to connect them with their alma mater. This network of more than 110,000 alumni worldwide is made of University of Idaho graduates and students who have completed 90 credits or more.

The University of Idaho Alumni Association, Inc. is managed by an elected board of directors that governs the UIAA, Inc. and meets formally three times a year. Duties of elected directors include managing corporate affairs, business and assets of the association. Appointed members may also serve on the board with no voting privileges.

UNIVERSITY OF IDAHO FOUNDATION

About the University of Idaho Foundation, Inc.

The University of Idaho Foundation was established in 1970 to attract private financial support to aid in the achievement of institutional goals and to manage assets for the benefit of the University of Idaho. The Foundation is governed by a board of directors of up to 25 volunteer voting members.

The Foundation receives gifts in a variety of forms that include cash contributions, marketable securities and real estate, and through planned giving opportunities such as bequests, gift annuities, charitable remainder trusts and others.

More than 1,585 individual endowments have been funded through charitable contributions. The endowed funds are managed in the Consolidated Investment Trust (CIT), the Foundation's pooled endowment fund. The principal is non-expendable; distributions support scholarships, faculty development, research and other programs in accordance with our donors' wishes.

With more than \$363 million in assets, the University of Idaho Foundation is the largest public foundation in the state of Idaho.

CANDIDATES FOR DEGREES AND DEGREES PREVIOUSLY AWARDED

GRADUATE DEGREES

COLLEGE OF GRADUATE STUDIES

Established in 1925. Jerry R. McMurtry, Ph.D., Dean

DOCTOR OF ATHLETIC TRAINING

Jason A. Dubs**, *Hanover,
Pennsylvania*

Major Professor: Alan Nasypny

Kurrel G. Fabian, *Little
Neck, New York*

Christopher David Goodman**,
Springville, Utah

Major Professor: Alan Nasypny

Shelli Lee Green, *Pella, Iowa*

Major Professor: Alan Nasypny

Samantha Layne Hanna, *Jacksonville,
Florida*

Major Professor: James May

Christa Marie Hendley, *Lexington,
Kentucky*

Major Professor: James May

Jenna Marie Morogiello,
Whitehouse Station, New Jersey

Major Professor: Alan Nasypny

Megan Nicole Mulready**,
Castro Valley, California

Major Professor: Lindsay Larkins

Emi Takahashi*, *Otsu, Japan*

Major Professor: James May

DOCTOR OF EDUCATION

Krishna Charbonneau, *Spokane,
Washington*

Dissertation: "Perceptions of Secondary
Administrators on the Theory, Implementation
and Outcomes of Restorative Practices."
Major Professor: Anne Kern

Bradley Kirk Wallace, *Idaho Falls*

Dissertation: "Perceptions of Social Media
Use by Idaho Educators: Information for
Policy Development." Major Professor:
Kathryn Marie Canfield-Davis

DOCTOR OF PHILOSOPHY

Mohamed Mohamed Ali Abuagreb,
Garabolli, Libya

Electrical Engineering. Dissertation: "Improving
Frequency Stability of Distributed Generation
by Using Virtual Synchronous Generation."
Major Professor: Brian K. Johnson

Ezekiel Olusola Adekanmbi*,
Ogere Remo, Nigeria

Chemical Engineering. Dissertation:
"Dielectrophoretic characterization of living cells
real-time on a point-and-planar microwell (PPM)
platform." Major Professor: Soumya K. Srivastava

Mohammad Omar Al Assi**,
Irbid, Jordan

Civil Engineering. Dissertation: "Tire-Pavement
Interaction, Experimental Measurements and
Modeling." Major Professor: Emad A. Kassem

Ibtihaj Mulfi Alanazi, *Hafr AlBaten,
Saudi Arabia*

Computer Science. Dissertation: "Detection of
Cyber Bullying Using Social Media Network
Data." Major Professor: James Alves-Foss

Hamza Mohammad Alkuime**,
Mafraq, Jordan

Civil Engineering. Dissertation: "Innovative
Assessment Tests and Indicators for
Performance-Based Asphalt Mix Design."
Major Professor: Emad A. Kassem

Maryam Mohammed Alomran*,
Riyadh, Saudi Arabia

Plant Science. Dissertation: "Symbiotic of
Venenata dubia, Bromus tectorum, Boechera
stricta, and Phoenix dactylifera L." Major
Professor: Timothy Shawn Prather

Kathryn Victoria Baker*,
Colorado Springs, Colorado

Natural Resources. Dissertation: "Hydraulic
Properties and Processes of Conifer Trees in the
Inland Northwest through Extended Seasonal
Drought." Major Professor: Tara Wayne Hudiburg

Mohammad Baqer, *Kuwait, Kuwait*

Computer Science. Dissertation: "On the Reliability
of VANET Safety Applications for Drivers Traffic
Participants." Major Professor: Axel W. Krings

Hussain Beleed, *Almarj, Libya*

Electrical Engineering. Dissertation: "An Investigation
of the Impact of Distributed Flexible AC Transmission
System (D-FACTS) Devices on Transmission Line
Protection." Major Professor: Brian K. Johnson

Jacob Seth Benjamin, *Ammon*

Computer Science.
Major Professor: Michael A. Haney

Carol Leigh Billing, *Middleton*

Education. Dissertation: "A Quantitative Study
of Student Perceptions of the Community of
Inquiry Presences in Community College Online
Courses." Major Professor: Allen Kitchel

Patrick Christopher Blaufuss*,
Moscow

Animal Physiology. Dissertation: "Studies on
Development and Amelioration of Distal Gut
Enteritis in Rainbow Trout (Oncorhynchus
mykiss) Fed Diets High in Soybean Meal."
Major Professor: Madison Stuart Powell

Christopher Bowman-Prideaux**,
Sherman Oaks, California

Natural Resources. Dissertation: "Wildfire and
Rehabilitation History Effects on Artemisia tridentata
subsp. wyomingensis Communities Invaded by Bromus
tectorum." Major Professor: Eva Kristina Strand

Lisa Elaine Brown*, *Rupert*

Education. Dissertation: "Social and Moral
Reasoning in Sport of Secondary School
Administrators." Major Professor: Sharon K. Stoll

Amrah Jomar Canul, *Belize City,
Belize*

Physics. Dissertation: "Analysis of the Temperature
Dependent Band-Edge Distribution as a Function
of Annealing in ZnO and ZnO-Based Thin Film
Alloys." Major Professor: Leah Bergman

Robert Ormal Chancia**,
Utica, New York

Physics. Dissertation: "Dusty, Dense, Bright,
Dark, Narrow, and Broad: The Rings in our Solar
System and a Few of The Things They Can Tell
Us." Major Professor: Matthew Hedman

Regina Karin Cruzado Gutierrez*,

Entomology. Dissertation: "Interspecific
Interactions in the Zebra Chip Pathosystem:
Identifying Host Plant Resistance, Vector Cold
Tolerance, Multipartite Interactions with Potato
virus Y." Major Professor: Arash Rashed

Dawn Dee Davis, *Fort Hall*

Natural Resources.
Major Professor: Eva Kristina Strand

Doug Joseph Decock, *Mount Angel,
Oregon*

Mathematics. Dissertation: "Vertex-disjoint
Large Cycles." Major Professor: Hong Wang

Yazhuo Deng**, *Shenzhen Guangdong,
People's Republic of China*

Education. Dissertation: "The Relationships
between Self-efficacy, Social Support and
Physical Activity in Chinese College Students."
Major Professor: David Richard Paul

Paris Brianna Edwards*, *Corvallis,
Oregon*

Water Resources. Dissertation: "Preparing for Water
Change in the Columbia River Basin: An Integrated
Analysis of Vulnerability and Climate Research
Review." Major Professor: Eva Kristina Strand

Carlet Mesonge Enang, *Pittsburg,
California*

Electrical Engineering. Dissertation:
"Enhanced Modular Multilevel Converter-
Based Statcom with Hybrid Energy Storage."
Major Professor: Brian K. Johnson

* Degree awarded August 2, 2019

** Degree awarded December 20, 2019

§ Degree to be completed in a future semester

The appearance of a name in this program is presumptive evidence of graduation and graduation honors; it must not in any sense be regarded as conclusive. The academic transcript, signed and sealed by the proper university officers, remains the official testimony of the possession of the degree.

Mary Sophia Engels*, *Moscow*

Water Resources. Dissertation: "Island Connections: Soils, Water, Vegetation, and Education in a Small Low Island Context." Major Professor: Robert Heinse

Idaho's WWAMI Medical Education Program is a partnership with the University of Washington School of Medicine and the states of Washington, Wyoming, Alaska, Montana and Idaho. Started in 1972, WWAMI is currently in its 48th year of successfully educating Idaho's physicians. The WWAMI program is nationally accredited through its partnership with the UW School of Medicine, allowing 40 Idaho medical students to complete their first 18 months of medical training at the University of Idaho, Moscow campus. Idaho's medical students complete the remainder of their clinical training in Idaho through the WWAMI clinical site in Boise and throughout the five-state WWAMI region.

SIGNIFICANCE OF ACADEMIC APPAREL AND SYMBOLS OF INVESTITURE

University of Idaho Academic Mace

Maces date to the Middle Ages and symbolize strength and authority. Each is unique and reflects the values and characteristics of the institution. The university's chief marshal, who leads all academic processions, carries the mace.

The University of Idaho's mace, used for the first time at the centennial commencement, is 32 inches long, made of walnut and encircled with bands of Idaho gold and silver in which Idaho garnets and opals have been inlaid. The head is embellished with silver and gold representations of camas plants and syringa flowers. The chair of the university's Faculty Senate, the marshal of the academic procession, carries the mace in the American tradition, at a 45-degree angle across the chest, while in England, the bearer carries it over the shoulder.

University of Idaho mace

University of Idaho President's Medallions

The first medallion was created by Idaho artists George and Macky Roberts. The President's Medallion was first used in 1965 at the inauguration of Ernest Hartung, the University of Idaho's 12th president.

The medallion's base is a three-and-a-half-inch disc of pure Idaho silver. Mounted on the base is a disc of native jasper; a sterling silver sunburst is inlaid in the disc. Inside the sunburst is a modification of the Chinese character meaning "mountain," which features three upward-pointing prongs. Over the center prong is a gold inlay, thus symbolizing "Light on the Mountain."

The heavy medallion was worn suspended from a collar woven of Idaho wool, some of which is dyed with dahlia flowers to match the jasper and some of which is from a black sheep.

The second President's Medallion, worn during commencement by then-President Timothy P. White, was commissioned in 2004. This medallion's base is a gold-leafed university seal and is worn suspended by a chain with gold leaf charms, each representing the presidents who have served the university.

The university's second, and current, President's Medallion.

The first President's Medallion, created in 1965.

SIGNIFICANCE OF ACADEMIC APPAREL AND SYMBOLS OF INVESTITURE

University of Idaho Academic Apparel

By observing certain features of the academic apparel, it is possible to learn several things about the academic status of the scholar: the level of the degree attained, the branch of learning in which it was earned, and the college or university conferring the degree.

Gowns

The gowns differ according to the level of the degree. The sleeves are the principal indicator — gowns of bachelor's have pointed sleeves; those of master's have oblong sleeves with an arc cut away at the front; and doctors have round, bell-shaped sleeves. Bachelor's and master's gowns are untrimmed. Doctoral gowns have distinctive velvet facing down the front and three velvet bars on each sleeve.

The University of Idaho adopted a doctoral gown of its own in 1989. The silver gown has a panel and sleeve bars of black velvet outlined in antique gold. The beret-styled soft cap is patterned after the Cambridge version instead of the traditional Oxford-style mortarboard. The cap and gown were designed by Emeritus Professor Edmund Chavez in the university's centennial year and are worn today by officials and university administration.

Honor Cords

Honor Cords, worn around the neck and hanging loosely down the front, identify students who are graduating with honors: gold, summa cum laude (with highest distinction); silver, magna cum laude (with great distinction); and bronze, cum laude (with distinction). The cords are provided by the University of Idaho and are worn on this one occasion only.

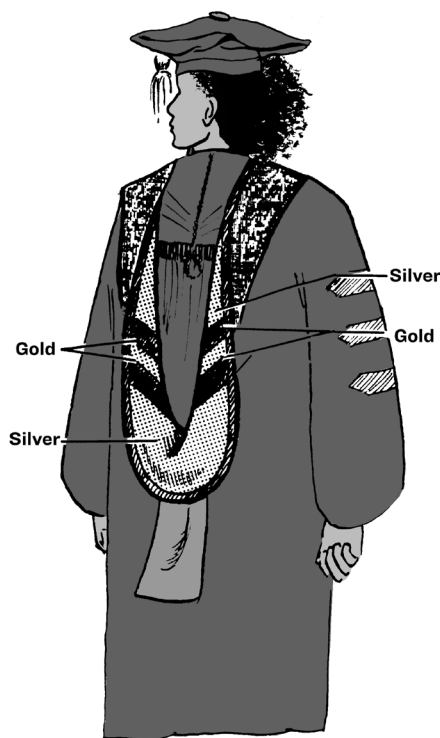

Caps

The color of the tassel worn on the cap varies with the level of degree. The bachelor's tassel represents the color appropriate to the major field of study (see colors at right); the master's and specialist's tassels are black; and the doctoral tassels are old gold.

Hoods

The length of the hood also varies according to the level of degree. The bachelor's gown is worn without a hood. A master's hood is three and one-half feet long, and a doctor's hood is four feet in length and has panels at the sides. It is from the colors adorning the hood that one can learn two other facts. Lining: the hood is lined with the official color or colors of the college or university conferring the degree (silver and gold, signifying the University of Idaho). Trimming: the hood is trimmed with velvet of a color appropriate to the wearer's branch of learning. For example, the trimming for the degree of Master of Science in agriculture is maize, representing agriculture, rather than golden yellow, representing science. (In the case of the Doctor of Philosophy degree, the dark blue color is used, representing the mastery of the discipline of learning and scholarship, regardless of the branch of learning.) Colors associated with the different disciplines are listed below:

Agriculture.....	Maize
Arts, Letters, Humanities.....	White
Commerce, Accountancy, Business.....	Drab
Economics.....	Copper
Education.....	Light Blue
Engineering.....	Orange
Fine Arts, including Architecture.....	Brown
Forestry.....	Russet
Journalism.....	Crimson
Law.....	Purple
Music.....	Pink
Philosophy.....	Dark Blue
Physical Education.....	Sage Green
Public Administration.....	Peacock Blue
Science.....	Golden Yellow

UNIVERSITY OF IDAHO BOISE

University of Idaho Boise originated in 1910 when an agricultural Extension program was established in Ada County. In 1953, U of I Boise grew with the introduction of teacher education programs, which were expanded in the early 1980s. A cooperative agreement between the university and the Idaho Department of Fish and Game led to the 1963 opening of the Idaho Water Resources Research Institute (IWRRI) with offices in Boise, Moscow and Idaho Falls. Engineering courses were first delivered in Boise in 1988. Agricultural Extension, regional and state personnel, and several university support offices were located in Boise for greater statewide access and service in the early 1990s. In the late 1990s, Idaho WWAMI opened its doors in Boise and all U of I programmatic, advancement, athletics and other efforts in the community were brought together under the umbrella of U of I Boise. In the early 2000s, the College of Art and Architecture began offering courses in Boise, now including the first two years of its bachelor's degree in architecture. At the same time, the College of Law started offering externship opportunities and is now offering its complete Juris Doctor curriculum in Boise.

Today, students, faculty, researchers and staff work on a variety of topics that include water; natural resources and the environment; education; law; community sustainability and design; family economics; childhood education; nutrition education; pesticide safety and management; food technology, safety and processing; water resources engineering; and public policy.

Excellence at U of I Boise can be measured by the success of the many people we serve across the region and by the quality and achievements of our more than 140 faculty and staff members.

U of I Boise provides southwest Idaho access to all university resources. The center is focused on community impact, regional economic development and supporting university growth.

Strategically located in Boise – the economic and governmental center of Idaho and home to more than 55 percent of the state's population and business entities – U of I Boise supports teaching, learning, research, medical education and outreach. U of I Boise distinguishes itself through:

- Quality programs that accommodate working professionals and full-time students with a focus on professional and workforce development;
- Outreach to southwest Idaho's communities to foster their sustainability, growth and educational access;
- Proactive research for domestic and global solutions;
- Collaborative and interdisciplinary work with the public and private sectors, including other institutions of higher education; and
- Enduring relationships with alumni and friends to carry forward the proud history and traditions of the University of Idaho.

At U of I Boise, we are accessible and responsive to the public. We are committed to strength through diversity. We serve the region, the state, the nation and the world.

UNIVERSITY OF IDAHO COEUR D'ALENE

The University of Idaho Coeur d'Alene shapes the future of North Idaho by bringing university resources into our local communities. The center engages university expertise to transform education, develop innovative research and cultivate a knowledge-based economy.

Students can reach higher education excellence in Coeur d'Alene through live and online bachelor's and graduate programs. Six U of I colleges are represented by nearly 20 local faculty, and video communication allows classroom collaboration statewide. Professional development and certificate programs bring continuing education opportunities to leaders in both the public and private sector.

Coeur d'Alene is the proud host site for the U of I Executive Master of Business Administration program. With a new cohort starting every other year, the class schedule allows students to earn their MBA in 20 months without interrupting careers. The program combines the rigor and depth of a traditional MBA with the integrated curriculum and flexible format of an executive program.

Technological innovation is carving a prominent place in the future of North Idaho. The University of Idaho Coeur d'Alene elevates this emerging sector with tech opportunities for all. More than 1,000 middle and high school students have attended a Dig'nIT tech camp since the program's inception in 2013. In the heart of downtown, a growing robotics laboratory is home to the latest U of I Computer Science degree program. This department piloted Co-op Education in 2018, allowing students to spend six to 12 months during their junior and senior years working full time for near-market pay in the regional tech industry. For learners of all ages, the center spearheads InspireIdaho, which provides free app development training statewide.

Building a pipeline of engaged early learners is a key tenet of the U of I Coeur d'Alene mission. In partnership with local schools, industry partners and foundations, the university supports childhood literacy through Opening Books, Opening Doors. Local Confucius Institute instructors deliver Chinese language and culture classes across Kootenai County. As a founding partner of community makerspace Gizmo-CDA, U of I grows opportunities for innovation through the Emerging Media Arts Lab.

Surrounded by lakes, rivers and mountains, U of I Coeur d'Alene is uniquely positioned to build programming connected to the rich natural environment. Through the Confluence Project, the U of I Community Water Resource Center and regional partners give hundreds of high school students hands-on water science experience from the shores of Lake Coeur d'Alene to the slopes of Lookout Pass. The Lake Social Ecological Systems Lab and the Idaho Water Resources Research Institute conduct research on the health of our vast water systems.

U of I Coeur d'Alene strategically plans for the future of the Lake City as an active participant with the North Idaho Higher Education consortium, CDA 2030, chambers of commerce and economic development corporations. The DeArmond Higher Education Center opened in 2019, bringing state-of-the-art student services from five higher education institutions under one roof. In Post Falls, the Jacklin Science and Technology Center supports startup companies.

Through its degree programs, technology and research centers, and collaborative philosophy, U of I Coeur d'Alene provides outreach and opportunity for all people of North Idaho.

UNIVERSITY OF IDAHO, IDAHO FALLS

In Idaho Falls, our core missions are engineering, science and technology. Our campus at University Place features high-tech classrooms, excellence in the curriculum offered and renowned faculty who are actively engaged in research. The Center for Advanced Energy Studies research facility is a partnership between the three Idaho universities, University of Wyoming and the Idaho National Laboratory, which is the Department of Energy's lead nuclear research laboratory.

University of Idaho has offered degree programs in Idaho Falls for more than 60 years. Since our first graduating class in 1955, more than 2,000 students have earned degrees. Many more have completed certificates and courses for professional and personal development.

Students, faculty and staff at the Idaho Falls Center are part of a community that extends throughout the entire state of Idaho. University of Idaho has Extension offices located in 42 counties and academic centers in Idaho Falls, Boise, Twin Falls, Coeur d'Alene and the main campus in Moscow. Students can take courses offered by faculty at multiple locations and interact with students from other disciplines.

The University of Idaho, Idaho Falls staff and faculty extend congratulations to the graduating class of 2019-20 for their achievements.
