PRESIDENT C. SCOTT GREEN

C. Scott Green took office as the 19th president of the University of Idaho on July 1, 2019. President Green joined U of I as a highly accomplished executive with a career in global finance, operations and administration. He is also a proud alumnus of the university, graduating in 1984 with a Bachelor of Science in accounting.

Born in Moscow, Green's family moved to Boise, where he graduated from Boise High School. Following his degree from the University of Idaho, the third-generation Vandal went to work for Boise Cascade Corporation. He went on to attend Harvard Business School and received a Master of Business Administration in 1989.

Green worked for Deloitte and Touche as part of its accelerated career program from 1989-94. He then worked in banking, serving in various management roles for Goldman Sachs and ING Barings. He published two books on the Sarbanes-Oxley Act of 2002, which reformed regulations around auditing and financial reporting.

Green went on to leadership in global law firms, including service as CEO at Pepper Hamilton and as executive director at WilmerHale. He most recently served as the chief operating and financial officer for Hogan Lovells, one of the largest law firms in the world, with annual revenues of more than \$2 billion. Green led all of the firm's worldwide operations, technology, conflicts and finance functions. He had global responsibility for more than 3,000 employees in more than 30 countries.

The first non-lawyer to run an American Lawyer 100 law firm, Green was recognized as one of the Top 50 Big Law Innovators of the Last 50 Years by The American Lawyer magazine in 2013. A certified public accountant, Green was inducted into the American Institute of Certified Public Accountants' Business and Industry Hall of Fame in 2006. He received the Institute of Internal Auditors Outstanding Contributor Award in 2004 and 2006.

Green's commitment to the University of Idaho over many years has included service on the U of I Alumni Association's national Board of Directors, the College of Business and Economics Advisory Board and on the U of I Foundation Board. He is also a Vandal Scholarship Fund supporter.

Green and his wife, Gabriella, an interior design project manager, have two adult children: Nicholas and Christina.

GUEST SPEAKERS

UNIVERSITY OF IDAHO MOSCOW

Hamdi Ulukaya

Hamdi Ulukaya was raised in a dairy-farming family in a small village in eastern Turkey. After moving to the United States, he founded Chobani in 2005 with the mission and vision of making high-quality food more accessible. Five years after selling the first cup of yogurt, Chobani was a billion-dollar brand, and today is the #1 selling yogurt brand in the U.S. The company has since expanded to an innovative modern food portfolio, adding creamers and oat milk. In 2023 Chobani acquired La Colombe, a leading coffee roaster with a shared commitment to quality, craftsmanship and impact. As a result, the company began selling cold-pressed espresso and lattes on tap at cafes nationwide, as well as Ready to Drink (RTD) coffee beverages at retail.

As a leader in the food and beverage industry, Ulukaya built Chobani on the foundation that it would do well by doing good. Since 2022, Chobani has donated over 6.4 million pounds of food to combat hunger in America. Ulukaya is well-known for his employee-first policies, including instituting innovative profit-sharing and paid parental leave programs for Chobani's almost 4,000 employees, and implementing competitive hourly wage increases well above the federal rate. He has also become a leading voice in the movement to hire refugees, having discovered through his own experience hiring them that "the minute a refugee gets a job is the minute they stop being a refugee."

This inspired him to start the Tent Partnership for Refugees in 2016, with the mission of mobilizing the world's biggest businesses to integrate refugees. In under a decade, Tent has expanded its operations to a dozen countries across the Americas and Europe and grown its network to more than 400 major companies – including Amazon, Hilton, Marriott, and Pfizer – that are committed to hiring refugees and helping them become job-ready. Ulukaya also signed the Giving Pledge, committing the majority of his personal wealth to help bring an end to refugees' crisis.

For those efforts, Ulukaya was named an Eminent Advocate by the United Nations Refugee Agency (UNHCR) and received the United Nations Foundation Global Leadership Award, among other recognitions. UN Secretary-General António Guterres has also named him as a Sustainable Development Goals Advocate. Ulukaya has received the Oslo Business for Peace Award and George H.W. Bush Points of Light Award, is a Global Citizen Prize winner, and was named one of TIME's 100 Most Influential People in the World for his work on the refugee crisis and his innovative approach to business.

GUEST SPEAKERS

UNIVERSITY OF IDAHO BOISE

Payton McGriff

In 2017, **Payton McGriff** was finishing her marketing degree at the University of Idaho when a book changed the trajectory of her life. While reading *Half the Sky*, she learned that a required school uniform is one of the largest financial barriers to education for millions of girls around the world. This realization led her to enroll in an entrepreneurship course during her final semester, where she developed a class project to explore the idea of providing school uniforms to girls in need.

By chance, she was introduced to Dr. Romuald Afatchao, a professor from Togo, West Africa, who invited her to visit his hometown of Notsé, Togo to research the barriers to education for girls. There, Payton met Elolo, a vivacious 15-year-old girl whose family could no longer afford her school uniform or school fees. Inspired by Elolo's resilience and determination, Payton decided to turn her class project into something more—launching Style Her Empowered (SHE), a nonprofit that creates sustainable education and employment opportunities for girls and women in Togo.

Today, SHE serves over 2,000 girls across 22 villages in rural Togo. Widely known for their innovation, SHE designed the world's first school uniform that expands up to six sizes and a foot in length, ensuring girls can confidently wear them for years. The organization also recycles 100% of its fabric waste into reusable menstrual pads, further supporting girls in staying in school.

Beyond education, SHE employs 42 women in Togo, running a zero-waste apparel production center where women earn above living wages, receive free childcare, paid maternity leave, and paid time devoted to adult education. SHE's Paid-to-Learn employment model empowers women with economic independence while ensuring thousands of girls receive the resources they need to stay in school.

Payton's work has gained international recognition and been highlighted by Oprah Winfrey and the Nasdaq. Payton is a Top 5 2024 CNN Hero, a Nasdaq Milestone Maker, 2022 Idaho Woman of the Year, and more.

GUEST SPEAKERS

UNIVERSITY OF IDAHO, IDAHO FALLS

Dana Kirkham

Bringing years of experience leading local government and economic development efforts in southeastern Idaho, **Dana Kirkham**, now Senior Director of Regulatory and Strategic Initiatives for the Idaho Environmental Coalition, supports environmental cleanup at the Idaho National Laboratory Site through the Idaho Cleanup Project. Her leadership role with the cleanup project is helping to lay a solid foundation for INL to advance its mission in future research and development initiatives, while ensuring the Snake River Plain Aquifer continues to be protected.

Prior to her role with Idaho Environmental Coalition, Kirkham served as a city councilmember in Ammon, Idaho, for eight years, six of those years as Council president, before eventually taking on the role of the city's Mayor. She also served as the Chief Executive Officer of Regional Economic Development for Eastern Idaho (REDI) and later joined Fluor Idaho as the Director of Strategic Initiatives.

While much of her recent work has focused on supporting Idaho's southeastern communities, Kirkham's career began with the Central Intelligence Agency in Langley, Virginia. Having grown up as a "third culture kid" in Europe and South America, Kirkham attended Marion Military Institute before graduating from Utah State University with a Bachelor of Science degree in Political Science. She also holds a Master of Science degree in Legal Studies from the Sandra Day O'Connor College of Law at Arizona State University and is beginning work towards a Doctor of Philosophy in Public Policy.

While her leadership roles have evolved, one thing remains constant and that is Kirkham's commitment to serving her community. She currently serves on several boards of directors, including: the Bank of Idaho, the Idaho Falls Arts Council, Idaho Career Ready Students Council, the Idaho Red Cross, the Idaho Governor's Operation Esto Perpetua, the Eastern Idaho Workforce Training Center, and the Idaho Advanced Energy Consortium. She also serves as a Bonneville Fire District commissioner.

Though Kirkham maintains a very busy schedule throughout the week, she is an avid lover of the outdoors and dedicates much of her spare time to outdoor activities with her husband and children.

UNIVERSITY OF IDAHO

PRESIDENT'S MEDALLIONS

The President's Medallion is presented at commencements to individuals selected by the university president who have made significant contributions to the cultural, economic, scientific and/or social advancement of Idaho and its people, as well as provided exceptional service to the state or nation that has influenced the well-being of humankind.

The Honorable Linda Copple Trout

Linda Copple Trout graduated in 1973 from the University of Idaho with a Bachelor of Arts degree, and in 1977 received a Juris Doctorate degree from the University of Idaho College of Law. In 1999 she received an honorary Doctor of Laws from the College of Idaho. Upon graduation from law school, Justice Trout joined the Lewiston law firm of Blake, Feeney & Clark, where she was engaged in the private practice of law for six years.

In 1983, Justice Trout was appointed to the position of Magistrate Judge in the Second Judicial District. From 1987 through 1991, she assumed additional responsibilities as the Acting Trial Court Administrator for that District. In 1990, she was elected a District Judge, and handled cases in Nez Perce and Clearwater Counties. In August of 1992, she was appointed by Governor Cecil Andrus to be the first woman justice on the Idaho Supreme Court. She was elected by the Supreme Court to the position of Chief Justice and served two consecutive terms from February 1, 1997 to September, 2004.

Justice Trout is a member of the Idaho State Bar Association, an emeritus member of the American Inns of Court, and has served two terms on the University of Idaho College of Law Advisory Council. She has previously served on the Boards of Directors of the Lewiston City Library, the Northwest Children's Home, the Lewiston YWCA, the Conference of Chief Justices and the National Association of Women Judges. She has served on a number of statewide administrative, judicial and bar committees, and has taught courses at the University of Idaho College of Law in family law. Justice Trout also completed two terms on the United States Court's Committee on Federal-State Jurisdiction, to which she was appointed by Chief Justice William Rehnquist.

She is the recipient of several honors, among them the University of Idaho Alumni Hall of Fame in 2014, the Idaho State Bar Distinguished Lawyer Award in 2014, the Sheldon A. Vincenti Award for Exemplary Service to the University of Idaho College of Law in 2011, the Distinguished Service Award from the National Center for State Courts in 2005, the Award of Distinction for the Family Law Section of the Idaho State Bar Association in 2001, the Girl Scouts Women of Today and Tomorrow award in 2000 and the Boise High School Hall of Fame in 1997.

Justice Trout retired from the Supreme Court in October, 2007, and is currently serving as a Senior Judge and was appointed by the Idaho Supreme Court in December, 2014, as the Interim Administrative Director of the Idaho Courts.

UNIVERSITY OF IDAHO

PRESIDENT'S MEDALLIONS

Colonel Kedrick Willis

With 30 years of progressive leadership experience, culminating in the role of CEO of a comprehensive statewide law enforcement agency, **Colonel Kedrick Willis** is a driven executive leader and acclaimed author. Known for setting high expectations and fostering a thriving organizational culture in rapidly changing environments, he brings a wealth of expertise to every endeavor.

Kendrick Willis is actively engaged on multiple boards in both public and non-profit sectors at local and international levels. As a sought-after speaker, consultant, and coach, he specializes in leadership and organizational culture, offering insights that have guided countless executives and organizations to success.

Colonel Kedrick Willis began his career with the Idaho State Police (ISP) in 1996. After completing the ISP Academy's Advanced Training Class #15, he served as an east end resident trooper in District 4, based in Jerome, Idaho. In 2002, he was promoted to patrol sergeant and worked in District 2 in Lewiston for two years. By 2004, he advanced to headquarters lieutenant, serving in the Executive Protection Unit and overseeing background investigations for the department.

In 2006, Willis became captain and commanded District 4. Four years later, in 2010, he was promoted to major and served as the Police Services Commander at ISP Headquarters in Meridian. His rise continued in 2013 when he became ISP's deputy director and was promoted to lieutenant colonel. In 2017, Governor Otter appointed him as the ISP Director, and he accepted command of the organization as Colonel on July 2, 2017. After a long dedication to the service, he retired in August 2024 to continue helping others build skills of organizational leadership and culture.

Willis is a graduate of the Naval Postgraduate School's Homeland Security Executive Leaders Program and the 232nd Session of the FBI National Academy. He holds a Bachelor of Science and a Master of Training and Development degree from Idaho State University.

HONORARY DEGREES

An honorary degree is awarded to a person deserving of honor by virtue of scholarly distinction, noteworthy public service or significant contributions to the state of Idaho. In the selection of candidates for honorary degrees, preference is given to those who are Idaho residents or University of Idaho graduates.

UNIVERSITY OF IDAHO – MOSCOW – HONORARY DOCTORATE

Tim Arnold

Tim Arnold is one of the most recognizable mining executives in the world due to his service in the Society for Mining, Metallurgy & Exploration (SME). He is one of the rare operators who has continued to publish and advance technology throughout his career. He was honored with the Distinguished Member Status with SME in 2012 and awarded the Lawrence Saunders Gold Medal in 2019. Tim also co-authored a paper called, “Do Engineers Make Good Managers” in 2001 and the paper is one of the most requested technical papers in the field of mining. Tim also served on the Executive Advisory Board for the Mackay School of Mines at the University of Nevada, Reno and has taught 400 level courses as a guest faculty member.

Tim served in the Society for Mining, Metallurgy & Exploration (SME) through his career on strategic committees, as the Chair of the Mining and Exploration Division, on the Board of Directors, and as the President in 2016. The Society for Mining, Metallurgy & Exploration is the premier international mining organization with over 13,000

global members. Tim led their charge to provide world-class technical resources, educational programs, networking opportunities and professional development tools. Their goal is to share best practices for safety, environmental stewardship, and moving the mining industry forward. As President of SME, Tim personally educated international and domestic political figures in all levels of government on mining and its impact, and advocated for more sustainable and safer mining practices worldwide.

Tim has a passion for mentorship and teaching. He inspires his teams and applies leading edge principles to every task. Tim has opened and operated mines across the western United States and in Africa. Each mining operation presented challenges in leadership, engineering, mining safety, environmental responsibility, and political and community stakeholder engagement. He has excelled at every challenge.

Tim continues to be actively involved through the College of Engineering Academy of Engineers Class of 2018. The Academy of Engineers is the College of Engineer’s premier recognition of engineering accomplishment honoring the top 100 living engineering alum. The Academy of Engineers serves by supporting the College of Engineering Dean in new initiatives through financial support and their extraordinary engineering and leadership skills. Tim has been instrumental in supporting the College of Engineering in the development of a new geological engineering degree program and connecting College of Engineering leadership with mining companies and groups across the United States.

Kathleen Duncan

Kathleen Duncan is a prolific national volunteer and leader, serving on the board of trustees of numerous institutions, including Loyola Marymount University; University of Puget Sound; Santa Clara University; Loyola High School of Los Angeles; California Science Center; Children’s Hospital of Los Angeles, and Doheny Eye Institute. She is also on the board of the Thomas and Dorothy Leavey Foundation; a member of Las Madrinas, which supports Children’s Hospital Los Angeles; Colleagues Helpers in Philanthropic Service (C.H.I.P.S.); The Colleagues Group, which supports Children’s Institute, Inc., and President, Humanitarian Express providing aid to Ukraine. She received her B.A. in psychology from the University of Puget Sound and her teaching credential from Mount St. Mary’s University. She previously worked in human resources at Chase Financial Services and taught 3rd and 5th grade math and science. She is also the mother of two Santa Clara graduates and a USC graduate.

HONORARY DEGREES

UNIVERSITY OF IDAHO – MOSCOW – HONORARY DOCTORATE

Dale Bosworth

Dale Bosworth, a 1966 graduate of the University of Idaho with a B.S. in Forest Management, dedicated over 40 years to the U.S. Forest Service, including serving as the 15th Chief of the Forest Service from 2001 to 2007. In this role, he led over 30,000 employees across 193 million acres, working under both Democratic and Republican administrations. He played a pivotal role in the passage of the Healthy Forest Restoration Act in 2003 and advocated for increased funding to address invasive species and forest management challenges. A strong proponent of science-based forest management and collaboration, Chief Bosworth's leadership also extended to disaster response, notably coordinating incident command processes in the aftermath of the 9/11 attacks.

In recognition of his service, Chief Bosworth received the U.S. President's Distinguished Rank Award in 2003 and was inducted into the University of Idaho Alumni Hall of Fame in 2005. After retiring in 2007, Bosworth continued his conservation work globally, assisting over 30 countries with forest and conservation initiatives. He remains active in volunteer roles, including as a Trustee for The Nature Conservancy in Montana and Director of the National Museum of Forest Service History. Chief Bosworth's dedication to conservation and forest stewardship continues to impact lives around the world.

UNIVERSITY OF IDAHO ALUMNI ASSOCIATION

ALUMNI ASSOCIATION BOARD OF DIRECTORS

About the University of Idaho Alumni Association, Inc.

The University of Idaho Alumni Association, Inc. (UIAA, Inc.) is a non-dues-paying group, founded in 1898, that supports University of Idaho alumni to connect them with their alma mater and each other. This network of almost 117,000 alumni worldwide is made of University of Idaho graduates and students who have completed 90 credits or more.

The University of Idaho Alumni Association, Inc. is managed by an elected board of directors that governs the UIAA, Inc. and meets formally three times a year. Duties of elected directors include managing corporate affairs, business and assets of the association. Appointed members may also serve on the board with no voting privileges.

UNIVERSITY OF IDAHO FOUNDATION

About the University of Idaho Foundation, Inc.

The University of Idaho Foundation was established in 1970 to inspire, manage and distribute private support to enhance the excellence of the University of Idaho. The U of I Foundation is governed by a dedicated volunteer board of directors who share their time, talent and treasure.

The U of I Foundation inspires and receives gifts from generous donors dedicated to supporting and advancing the University of Idaho through philanthropic support. Gifts come in a variety of forms that include cash contributions, marketable securities and real estate, and through planned giving opportunities such as bequests, gift annuities, charitable remainder trusts and others.

More than 1,900 individual endowments have been funded through charitable contributions. The endowed funds are managed in the Consolidated Investment Trust (CIT), the U of I Foundation's pooled endowment fund. The principal is non-expendable; investment earnings support scholarships, faculty development, research and other programs in accordance with the donors' wishes.

As a unified philanthropic organization, the U of I Foundation's scope includes core fiduciary responsibilities of managing investments and assets, maintaining accounting records, fundraising, stewardship, data management, alumni relations and constituent engagement functions.

With \$509 million in assets, the University of Idaho Foundation is the largest public foundation in the state of Idaho.

Idaho's WWAMI Medical Education Program is a partnership with the University of Washington School of Medicine and the states of Washington, Wyoming, Alaska, Montana, and Idaho. Started in 1972, WWAMI is currently in its 53rd year of successfully educating Idaho's physicians. The WWAMI program is nationally accredited through its partnership with the UW School of Medicine, allowing 40 Idaho medical students to complete their first 18 months of medical training at the University of Idaho, Moscow campus. Idaho's medical students complete the remainder of their clinical training in Idaho through the WWAMI clinical site in Boise and throughout the five-state WWAMI region.

SIGNIFICANCE OF ACADEMIC APPAREL AND SYMBOLS OF INVESTITURE

University of Idaho Academic Mace

Maces date to the Middle Ages and symbolize strength and authority. Each is unique and reflects the values and characteristics of the institution. The university's chief marshal, who leads all academic processions, carries the mace.

The University of Idaho's mace, used for the first time at the centennial commencement, is 32 inches long, made of walnut and encircled with bands of Idaho gold and silver in which Idaho garnets and opals have been inlaid. The head is embellished with silver and gold representations of camas plants and syringa flowers. The chair of the university's Faculty Senate, the marshal of the academic procession, carries the mace in the American tradition, at a 45-degree angle across the chest, while in England, the bearer carries it over the shoulder.

University of Idaho President's Medallions

The first medallion was created by Idaho artists George and Macky Roberts. The President's Medallion was first used in 1965 at the inauguration of Ernest Hartung, the University of Idaho's 12th president.

The medallion's base is a three-and-a-half-inch disc of pure Idaho silver. Mounted on the base is a disc of native jasper; a sterling silver sunburst is inlaid in the disc. Inside the sunburst is a modification of the Chinese character meaning "mountain," which features three upward-pointing prongs. Over the center prong is a gold inlay, thus symbolizing "Light on the Mountain."

The heavy medallion was worn suspended from a collar woven of Idaho wool, some of which is dyed with dahlia flowers to match the jasper and some of which is from a black sheep.

The second President's Medallion, worn during commencement by then-President Timothy P. White, was commissioned in 2004. This medallion's base is a gold-leafed university seal and is worn suspended by a chain with gold leaf charms, each representing the presidents who have served the university.

SIGNIFICANCE OF ACADEMIC APPAREL AND SYMBOLS OF INVESTITURE

University of Idaho Academic Apparel

By observing certain features of the academic apparel, it is possible to learn several things about the academic status of the scholar: the level of the degree attained, the branch of learning in which it was earned, and the college or university conferring the degree.

Gowns

The gowns differ according to the level of the degree. The sleeves are the principal indicator — gowns of bachelors' have pointed sleeves; those of masters' have oblong sleeves with an arc cut away at the front; and doctors have round, bell-shaped sleeves. Bachelor's and master's gowns are untrimmed. Doctoral gowns have distinctive velvet facing down the front and three velvet bars on each sleeve.

The University of Idaho adopted a doctoral gown of its own in 1989. The silver gown has a panel and sleeve bars of black velvet outlined in antique gold. The beret-styled soft cap is patterned after the Cambridge version instead of the traditional Oxford-style mortarboard. The cap and gown were designed by Emeritus Professor Edmund Chavez in the university's centennial year and are worn today by officials and university administration.

Honor Cords

Honor Cords, worn around the neck and hanging loosely down the front, identify students who are graduating with honors: gold, summa cum laude (with highest distinction); silver, magna cum laude (with great distinction); and bronze, cum laude (with distinction). The cords are provided by the University of Idaho and are worn on this one occasion only.

Caps

The color of the tassel worn on the cap varies with the level of degree. The bachelor's tassel represents the color appropriate to the major field of study (see colors at right); the master's and specialist's tassels are black; and the doctoral tassels are old gold.

Hoods

The length of the hood also varies according to the level of degree. The bachelor's gown is worn without a hood. A master's hood is three and one-half feet long, and a doctor's hood is four feet in length and has panels at the sides. It is from the colors adorning the hood that one can learn two other facts. Lining: the hood is lined with the official color or colors of the college or university conferring the degree (silver and gold, signifying the University of Idaho). Trimming: the hood is trimmed with velvet of a color appropriate to the wearer's branch of learning. For example, the trimming for the degree of Master of Science in agriculture is maize, representing agriculture, rather than golden yellow, representing science. (In the case of the Doctor of Philosophy degree, the dark blue color is used, representing the mastery of the discipline of learning and scholarship, regardless of the branch of learning.) Colors associated with the different disciplines are listed below:

Agriculture.....	Maize
Arts, Letters, Humanities.....	White
Commerce, Accountancy, Business.....	Drab
Economics.....	Copper
Education.....	Light Blue
Engineering.....	Orange
Fine Arts, including Architecture.....	Brown
Forestry.....	Russet
Journalism.....	Crimson
Law.....	Purple
Music.....	Pink
Philosophy.....	Dark Blue
Physical Education.....	Sage Green
Public Administration.....	Peacock Blue
Science.....	Golden Yellow

UNIVERSITY OF IDAHO BOISE

Premier Education, Research and Professional Development

University of Idaho Boise originated in 1910 when an agricultural extension program was established in Ada County. In 1953, U of I Boise grew with the introduction of teacher education programs, which were expanded in the early 1980s. A cooperative agreement between the university and the Idaho Department of Fish and Game led to the 1963 opening of the Idaho Water Resources Research Institute (IWRRI) with offices in Boise, Moscow and Idaho Falls. Engineering courses were first delivered in Boise in 1988. Agricultural Extension, regional and state personnel, and several university support offices were located in Boise for greater statewide access and service in the early 1990s. In the late 1990s, Idaho WWAMI opened its doors in Boise and all U of I programmatic, advancement, athletics and other efforts in the community were brought together under the umbrella of U of I Boise. In the early 2000s, the College of Art and Architecture began offering courses in Boise, now including the first two years of its bachelor's degree in architecture. At the same time, the College of Law started offering externship opportunities and is now offering its complete Juris Doctor curriculum in Boise.

The College of Law moved into its permanent Boise-based facility at 501 W. Front Street in 2021 just a few blocks west of the main U of I Boise campus located at the corner of Broadway and Front. These facilities serve the greater southwest Idaho community by providing classroom space, housing U of I programs, and by hosting events and meetings for diverse groups of external stakeholders.

Today, students, faculty, researchers and staff work on a variety of topics that include water; natural resources and the environment; education; law; community sustainability and design; family economics; childhood education; pesticide safety and management; food technology, safety and processing; water resources engineering; and public policy.

Excellence at U of I Boise can be measured by the success of the many people we serve across the region and by the quality and achievements of our more than 200 faculty and staff members.

U of I Boise provides southwest Idaho access to all university resources. The center is focused on community impact, regional economic development and supporting university growth.

Strategically located in Boise – the economic and governmental center of Idaho and home to more than 55 percent of the state's population and business entities – U of I Boise supports teaching, learning, research, medical education and outreach. U of I Boise distinguishes itself through:

- Quality programs that accommodate working professionals and full-time students with a focus on professional and workforce development;
- Outreach to southwest Idaho's communities to foster their sustainability, growth and educational access;
- Proactive research for domestic and global solutions;
- Collaborative and interdisciplinary work with the public and private sectors, including other institutions of higher education; and
- Enduring relationships with alumni and friends to carry forward the proud history and traditions of the University of Idaho.

At U of I Boise, we welcome and respect all people. As the Boise location of Idaho's oldest public university, we are committed to serving the region, the state, the nation, and the world.

UNIVERSITY OF IDAHO COEUR D'ALENE

The University of Idaho Coeur d'Alene (U of I Coeur d'Alene) engages university expertise to transform education, develop innovative research, and cultivate a knowledge-based economy throughout North Idaho. Students achieve higher education excellence in Coeur d'Alene through in-person and distance degree programs led by faculty from across the state. More than 30 degrees and programs are available to students who wish to attend the University of Idaho from Coeur d'Alene. A variety of professional development offerings bring continuing education opportunities to professionals in both the public and private sector. Each year programs, including 4-H, Master Gardener, and the Idaho Building Capacity project, serve hundreds of community members. The University of Idaho Coeur d'Alene provides opportunities for all people in North Idaho through its degree programs, technology and research centers, outreach, and collaborative philosophy.

Technological innovation is carving a prominent place into the future of North Idaho. U of I Coeur d'Alene elevates this emerging sector with education opportunities in technology. The College of Engineering at the University of Idaho offers computer science education that is critical for satisfying workforce needs, meeting student demand, and growing the economy in North Idaho. Faculty and students in the Vandal Manufacturing Automation Laboratory support local industry by providing curriculum designed to address industry needs. The recent additions of live lab courses in both the B.S. Medical Sciences and B.S. Industrial Technology degrees bring even more educational opportunities to the area. Increased dual credit offerings have broadened educational pathways for students in Region One high schools.

Surrounded by lakes, rivers, and mountains, U of I Coeur d'Alene is uniquely positioned to build programs in connection to its rich natural environment. U of I Coeur d'Alene is now the home of the Idaho Water Resources Research Institute (IWRRI), where conducted research supports the water resource needs of the state of Idaho. IWRRI is charged with supporting faculty across the state as they work toward excellence in water resource science. IWRRI also plays an important role in facilitating, participating in, and developing innovative education and outreach programs that provide research-generated information to water managers, agency research scientists, and the public. Through collaboration on The Confluence Project, IWRRI at the U of I and fellow regional partners give hundreds of high school students hands-on water science experience from the shores of Coeur d'Alene Lake and the slopes of Lookout Pass. IWRRI also provides lake ambassador training through Bay Watchers, leads community conversations with the Our Gem Collaborative, and educates construction workers on stormwater and erosion control (Panhandle Stormwater and Erosion Education Program).

U of I Coeur d'Alene operates several facilities in the North Idaho region. The Harbor Center in Coeur d'Alene houses classrooms, conference rooms, labs, and offices. The Hedlund Building at North Idaho College (NIC) houses the Computer Science program: classrooms, robotics labs, and offices. The DeArmond Higher Education Center at NIC brings state-of-the-art student services and classroom instruction from several higher education institutions under one roof. In Post Falls, the University of Idaho Jacklin Science and Technology Center supports startup companies, U of I research projects, and U of I Extension in Kootenai County.

Through its degree programs, technology and research centers, and collaborative philosophy, University of Idaho Coeur d'Alene provides opportunity and outreach for all people of North Idaho.

UNIVERSITY OF IDAHO, IDAHO FALLS

Celebrating 70 years in eastern Idaho

At the Idaho Falls campus, our core mission is engineering, science, technology and related disciplines. The facilities feature technology enabled classrooms and advanced cybersecurity, energy and engineering laboratories that support the excellence in the curriculum offered. The faculty are recognized leaders in their respective fields and actively engaged in far reaching, impactful research. Collaborations with Idaho National Laboratory, Naval Nuclear Laboratory, local industry and other educational institutions strengthen and expand opportunities for students.

Since our first graduating class in 1955, more than 2000 students have earned degrees through coursework and research at the Idaho Falls location. Students have also completed academic certificates and courses for professional and personal development. We are proud to be part of the community that extends through the entire state of Idaho including the Cooperative Extension Offices in 42 of the counties.

The location in eastern Idaho is ideally situated near the beautiful Snake River and in close proximity to two national parks and many other outdoor recreational areas. Idaho Falls is a regional hub for economic development, commerce, cultural events and health care.

University of Idaho, Idaho Falls faculty and staff congratulate the graduating class of 2024-25 on their achievements. Go Vandals!

“HERE WE HAVE IDAHO”

Chorus

And here we have Idaho,
Winning her way to fame;
Silver and Gold in the sunlight blaze,
And romance lies in her name;
Singing, we're singing of you, ah, proudly too;
All our lives through we'll go singing,
Singing of you, Alma Mater, our Idaho.
