

ONE HUNDRED SECOND COMMENCEMENT

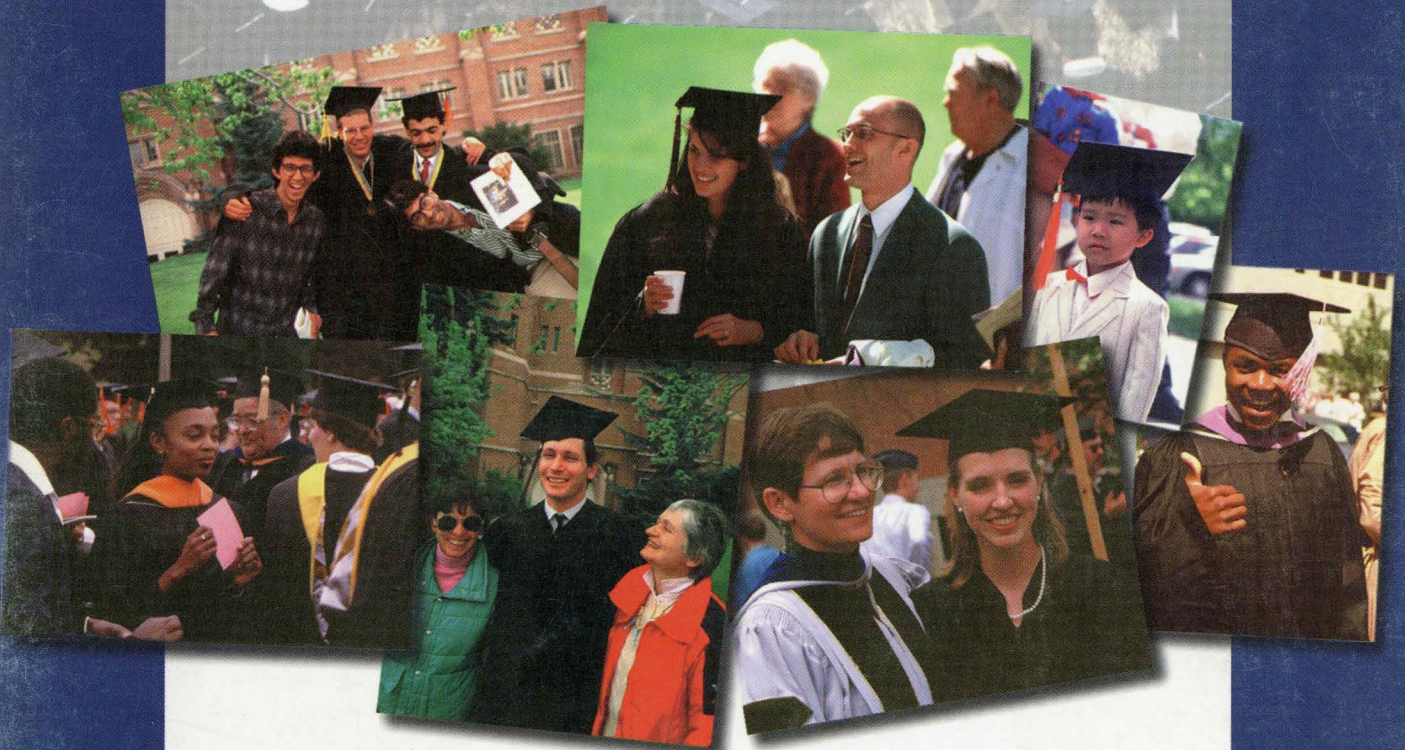

University of Idaho

May 17, 1997

William H. Kibbie ASUI Activity Center

DEGREES CONFERRED

Celebrating 100 years of graduate education

HERE WE HAVE IDAHO

- 1 *Alma Mater, the hope of a pioneer race;
You're fashioned of dreams and of toil,
Your walls and your towers by stout-hearted men
Were raised from the rock and the soil.*

Chorus

*And here we have Idaho,
Winning her way to fame;
Silver and Gold in the sunlight blaze,
And romance lies in her name;
Singing, we're singing of you, ah, proudly too;
All our lives through we'll go singing,
Singing of you, Alma Mater, our Idaho.*

- 2 *Now ours is the heritage, rich and so full,
The gain of their toil and their tears;
And ours is the fruit, and the harvest is ours,
Oh, Idaho, gift of the years.*

Chorus

*And here we have Idaho,
Winning her way to fame;
Silver and Gold in the sunlight blaze,
And romance lies in her name;
Singing, we're singing of you, ah, proudly too;
All our lives through we'll go singing,
Singing of you, Alma Mater, our Idaho.*

By noting certain features of a person's apparel, it is possible to learn several things about his or her academic status: the level of the degree attained, the branch of learning in which it was earned, and the institution.

Gowns—

The gowns differ according to the level of the degree. The sleeves are the principal indicator—gowns of doctors have round, bell-shaped sleeves; those of masters have long, closed sleeves that now open at the wrist; and bachelors have long, pointed sleeves. Doctoral gowns have distinctive velvet facing around the collar and down the front and three velvet bars on each sleeve.

Hoods—

The size of the hood also varied according to the degree. Hoods of bachelors are only three feet long (they are rarely seen today and not worn at Idaho). A master's hood is three and one-half feet long, and a doctor's is four feet in length and has side panels. It is from the colors adorning the hood that one can learn two other facts: the hood is lined with the official colors of the college or university conferring the degree (silver and gold, of course, signifying the University of Idaho) and it is trimmed with velvet of a color denoting the wearer's branch of learning. Following are the colors that correspond to the advanced degrees granted by the University of Idaho:

Doctor of Philosophy	dark blue
Doctor of Education, Specialist in Education, and Master of Education	light blue
Juris Doctor	purple
Doctor of Veterinary Medicine (conferred through Washington State University)	gray
Master of Arts and Master of Arts in Teaching	white
Master of Science and Master of Natural Science	golden yellow
Master of Architecture	violet
Master of Business Administration	drab
Master of Engineering	orange
Master of Fine Arts	brown
Master of Forestry	rust
Master of Music	pink
Master of Public Administration	peacock blue

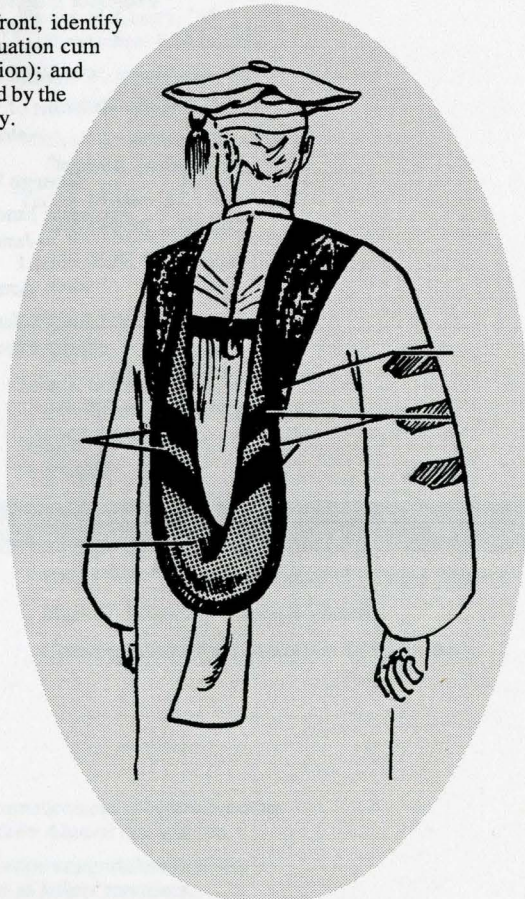

Colors for disciplines not cited above are:

Agriculture	maize
Dentistry	lilac
Economics	copper
Home Economics	maroon
Journalism	crimson
Library Science	lemon
Medicine	green
Nursing	apricot
Pharmacy	olive green
Physical Education	sage green
Public Health	salmon pink
Social Work	citron
Speech	silver gray
Theology	scarlet

Honor Cords—

Honor Cords, worn around the neck and hanging loosely down the front, identify students who are graduating with honors: bronze cords designate graduation cum laude (with distinction); silver, magna cum laude (with great distinction); and gold, summa cum laude (with highest distinction). The cords are provided by the Honor Society of Phi Kappa Phi and are worn on this one occasion only.

The University of Idaho adopted a doctoral gown of its own in 1989. The silver gown has a panel and sleeve bars of black velvet outlined in antique gold. The beret styled soft cap is patterned after the Cambridge version instead of the traditional Oxford-style mortarboard. The cap and gown were designed by Emeritus Professor Edmund Chavez in the university's centennial year.

Cry Room

A cry room for infants needing seclusion is available in the pressbox of the south concourse.

First-Aid Station

A first-aid station, with an EMT in attendance, is located at the center of the south concourse.

Restrooms are located near the center of the south concourse.

Academic Apparel Return

At the conclusion of each college commencement recognition ceremony, graduates must return rented gowns and hoods to a designated table at each college site.

Photography

Image Studios, 222 Troy Road, Moscow (208-882-5594), will provide the photography for the 1997 Commencement. The studio will photograph each student at the individual college ceremonies and mail a free color proof to each student when an address is provided.
