President M. Duane Nellis

M. Duane Nellis began serving as the University of Idaho's 17th president on July 1, 2009. During his first two years in office, he led the University to record student enrollments, bolstered the University's research mission, and extended University programs that help the people of the state educationally and economically. Also, President Nellis has brought the University community together to develop a new Strategic Action Plan for 2011-15.

As the University's chief executive officer, President Nellis provides robust and engaging leadership for the University of Idaho. He provides support to 42 statewide Extension offices and University center locations in Boise, Coeur d'Alene and Idaho Falls. He works with the WWAMI (Washington, Wyoming, Alaska, Montana and Idaho) Medical Education program to ensure that Idaho is supported, along with the 20 first-year medical students on the Moscow campus each year. Nellis also is engaged with the University alumni, friends, donors, faculty, staff and students around the world to create a University that is more entrepreneurial, sustainable, international, interdisciplinary and diverse.

Previously, President Nellis served as provost and senior vice president at Kansas State University where he oversaw 12 deans and 10 other units, including the offices of the vice provost for information technology services and the vice president for research. He also served for seven years at West Virginia University as dean of the Eberly College of Arts and Sciences, WVU's largest academic college.

President Nellis was appointed by Gov. C. L. "Butch" Otter as a commissioner of the Western Interstate Commission for Higher Education. He has held other professional leadership positions as well, including the Association of Public and Land-Grant Universities Academic Officers Executive Council; president of the Association of American

Geographers; National Council for Geographic Education; Gamma Theta Upsilon, the international geographic honor society; Kansas Academy of Sciences; and member of the National Council of Colleges of Arts and Sciences Research Universities Committee. President Nellis is recognized nationally and internationally for his research that utilizes satellite data and geographic information systems to analyze various dimensions of the earth's land surface. This research has been funded by more than 50 sources such as NASA, the National Geographic Society, the U.S. Agency for International Development, and the U.S.

Department of Agriculture. His research has led to more than 100 articles and reports in a wide range of professional journals, and 15 books and book chapters. He has given more than 100 professional presentations and has been invited to speak at more than 60 universities and related settings internationally.

He also has been recognized nationally and internationally for his research and teaching through numerous awards from organizations such as the Association of American Geographers (AAG), AAG's John Fraser Hart Award for Excellence in Research, the Outstanding Contributions Award by the AAG's Remote Sensing Specialty Group, the Young Research Scholar Award by the Institute of British Geographers, the Kansas State University Outstanding Teaching Award and University Adviser of the Year Award.

President Nellis is a native of the Northwest: he was born in Spokane, Washington. He met and married his wife, Ruthie, while pursuing his bachelor's degree in earth sciences/geography at Montana State University. He received his master's and doctoral degrees in geography at Oregon State University.

GUEST SPEAKERS

UNIVERSITY OF IDAHO – MOSCOW

Jim Lemley

Jim Lemley, a second-generation Vandal, earned a Bachelor of Science degree in marketing at the College of Business and Economics in 1988. He is an American film and television producer based in Paris and Los Angeles. Throughout his career, he has collaborated with leading directors, actors, and producers to create both critically acclaimed and commercially successful projects.

After beginning his career in New York working in the music business for Island Records, Lemley moved to Los Angeles to pursue film. He spent time at both Disney and Universal before joining Icon Entertainment in 1992.

Over the next decade, Lemley quickly rose through the ranks eventually serving as CEO of the London-based Icon Entertainment International. At Icon, he worked on various features across all genres, including *Braveheart*, *Maverick*, *Immortal Beloved*, *Anna Karenina*, *Payback*, *187* and *We Were Soldiers*. Additionally, he produced several television projects, including the highly rated *The Three Stooges* for ABC and *Invincible* for TBS.

In 2002, Lemley teamed with Ridley and Tony Scott to executive produce the medieval romance *Tristan and Isolde*. In 2005, he partnered with Bonnie Curtis to executive produce the Wes Craven thriller *Red Eye*.

Lemley's most recent credits include the action-fantasy-horror film *Abraham Lincoln: Vampire Hunter* (which he produced with Tim Burton) as well as the action-thriller *Wanted*, both directed by cult action director Timur Bekmambetov. Other projects include the critically acclaimed drama *The Diving Bell and the Butterfly*, and the post-apocalyptic animated feature *9*, which he produced with Burton and Bekmambetov.

Currently, Lemley is developing a 10-hour miniseries, *The Singularity*, with Ray Kurzweil the famed American inventor, futurist, Google director and author of the New York Times Bestseller *The Singularity is Near*. The miniseries will explore the science and philosophy behind the future of humanity and its relationship with ever-evolving technology.

Lemley is a member of the Directors Guild of America, The Producers Guild and the Screen Actors Guild and serves on the Advisory Board for the University of Idaho, College of Business and Economics. He is also a member of the Founders Group of the 5D Immersive Design Conference.

Linda Copple Trout

Linda Copple Trout holds the distinction of being the first woman appointed to the Idaho Supreme Court, where she served for 15 years, including two terms as chief justice. Trout retired from the court in 2007 to protest increasingly politicized elections for high-court justices.

She praised the collegiality among justices during her tenure, “. . . And I think that’s the way it should be — judges are nonpartisan.”

Trout earned three degrees at Idaho — marketing, management and law — and praised the foundational value of her experiences during seven years on campus.

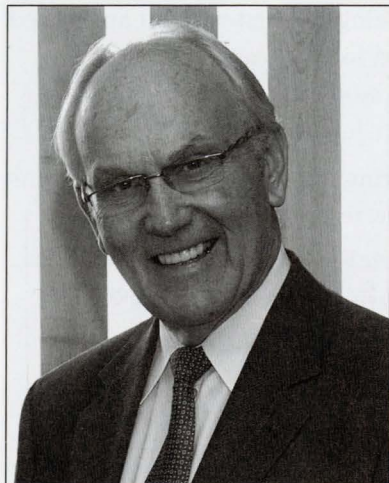

“Attending the University of Idaho challenged my thinking and caused me to look at issues and problems in different ways,” Trout said. “I was exposed to diverse people, concepts and ideas, which continually reaffirmed the importance of keeping an open mind. As a judge, this ability to look at all sides of an issue is invaluable. My campus experience certainly contributed

to my leadership abilities when I was selected to serve as the chief justice.”

Upon graduation from law school in 1979, Trout joined the Lewiston law firm of Blake, Feeney & Clark, where she was engaged in private practice before her appointment to the position of magistrate judge in Idaho’s Second Judicial District. From 1987 through 1991, she assumed additional responsibilities as the acting Trial Court administrator for the five counties of north-central Idaho. In 1990, she was elected as a district judge and handled cases in Nez Perce and Clearwater counties.

In August 1992, Trout was appointed by Gov. Cecil Andrus to be the first woman justice on the Idaho Supreme Court. She was twice elected by the Supreme Court to the position of chief justice.

Trout is a member of the Idaho State Bar Association, and the American Inns of Court and has previously served on a number of boards of directors as well as statewide administrative, judicial and bar committees. She has served on the College of Law Advisory Committee to the dean and inspired law students as an adjunct faculty member through courses she has taught at the University of Idaho in family law.

Larry Craig

Former U.S. Senator Larry Craig took an unlikely path to national prominence. He began his education in the one-room South Crane School near his family’s ranch at Midvale, Idaho. But, by the time he graduated from Midvale High, Craig had become a prize-winning speechmaker, who also was active in Future Farmers of America and sang in the choir.

He embraced larger life at the University of Idaho and won his election as student body president and was an active member of Delta Chi fraternity. He left Moscow with a bachelor’s degree in political science and a minor in agricultural economics. He pursued graduate studies in U.S. foreign policy at George Washington University.

Craig soon entered politics and was elected in 1974 to the first of three terms in the Idaho Senate. By 1980 he had been elected to an open seat in the U.S. House of Representatives where he supported President Reagan’s push for vocational education and where, as a member of the Mining Subcommittee of the Interior Committee, he worked to block the demise of the 1872 mining law.

Elected to the U.S. Senate in 1990, Craig rose to prominence and power. In 2007, he declined to run for re-election and left the Senate in 2009 — his 28 years in Congress second in Idaho only to Sen. William Borah’s 32 years. As a senator, Craig championed public land resource issues and was influential in writing and passing the Energy Policy Acts of 2005 and 2007.

In 2009 Craig and his longtime Senate chief-of-staff Michael Ware opened the lobbying firm New West Strategies. Clients include coal mining giant Murray Energy and outdoor group Sportsmen for Fish and Wildlife.

HONORARY DEGREES

UNIVERSITY OF IDAHO – COEUR D'ALENE

JoAnn Harvey

A member of the Nez Perce Tribe, **JoAnn Harvey** is an Idaho Native in the deepest sense, and sharing the value and benefits of education have been an important driver in her career.

Growing up around Lapwai, Harvey went off to earn a bachelor's degree in education from Eastern Washington University, followed by a master's in organizational leadership from Gonzaga University.

She is nothing if not organized, and a leader. Harvey has held every office for the Coeur d'Alene Education Association from building representative to president. She also has been deeply involved in the Region 1 Idaho Education Association that covers the state's five northern counties. She became well-known nationally while chair of the National Education Association's American Indian/Native Alaskan caucus for her efforts to train a spotlight on raising graduation rates for indigenous students.

Harvey organized the NEA's first American Indian/Native Alaskan Issues Conference, which was held at the Coeur d'Alene Resort and Casino in June 2003. The conference has since been held twice more, in 2005 and 2009. She has also devoted six years to the NEA's Human and Civil Rights Committee, along with a myriad of others, and was selected as a delegate to Education International conferences in Porto Alegre, Brazil, in 2002, Berlin in 2006 and Cape Town, South Africa, in 2011.

Perhaps an extension of her concern for indigenous and minority education, Harvey for the last 20 years has been involved with the Kootenai County Task Force on Human Relations, she is the immediate past president, and also serves on the board of a sister organization, the Human Rights Education Institute, since it was formed in 1998.

She still teaches as a physical education specialist for the Coeur d'Alene School District, where she began work in 1986.

Harvey ran unsuccessfully for the Idaho Senate in 2000 and 2002 with one of her campaign goals to increase education funding in the state.

She has a black belt in Tang Soo Do, four adult children, six grandsons and a granddaughter.

Candy Wagahoff Dale

Candy Wagahoff Dale is a trailblazer in Idaho. She broke a 118-year tradition of a male-only federal bench when she was appointed chief United States magistrate judge for the District of Idaho in March 2008.

The Boise native and Borah High graduate took a roundabout path to the bench, originally attending the College of Idaho, where she was a Gipson Scholar, to study English and math. It was after a semester spent at Oxford University in England as part of an exchange program that she enrolled in a political science class and asked her math adviser about attending law school. "They virtually signed me up for the LSAT," Dale has said, adding that her adviser told her, "the logic of mathematics was a perfect foundation for law."

After graduating with honors from the College of Idaho in 1979 with a bachelor's degree, Dale enrolled in the University of Idaho College of Law. She served as editor-in-chief of the Law Review, received the Idaho Law Foundation Scholarship for 1981-82 and graduated with a doctorate of law

degree and in the top 10 in her class in 1982. She was one of fewer than 20 women in her graduating class.

She served at two law firms in Boise and became known as a highly respected trial attorney in business litigation and employment law. She has served in numerous professional organizations. She is past president of the American Inn of the Court No. 130 (Boise), board of directors for the Federal Defender Services of Idaho, lawyer representative to the Ninth Circuit Conference of United States Courts, a member of the Ninth Circuit's Advisory Board and a member of the Gender Fairness and Long Range Planning committees for the Idaho U.S. District.

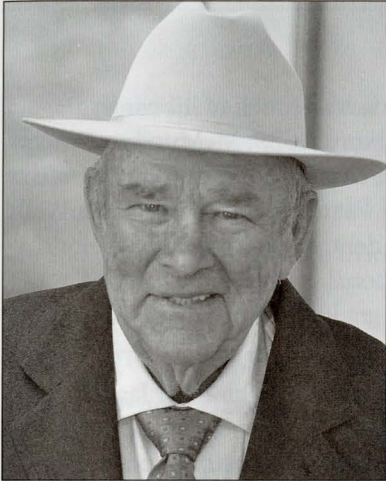

Dale also serves with the federal court's START (Success Through Assisted Recover and Treatment) program and is a member of the Idaho Pro Bono Commission.

Dale was honored with the Kate Feltham Award in 2010 by the Idaho Women Lawyers for "promoting equal rights and opportunities for women and minorities in the legal profession."

She met her husband, Jim Dale, while at the College of Law. The couple has one daughter, Lindsay.

HONORARY DEGREES

An honorary degree is awarded to a person deserving of honor by virtue of scholarly distinction, noteworthy public service or significant contributions to the state of Idaho. In the selection of candidates for honorary degrees, preference is given to those who are Idaho residents or University of Idaho graduates.

Harry Bettis

Will an academic hood fit over a cowboy hat? That's the question of the moment as the University of Idaho recognizes one of the state's most distinctive and generous citizens, **Harry Bettis**, with an honorary doctorate of Administrative Science.

Bettis is a fourth-generation Idahoan who, as a child, was sent by his parents to the California Preparatory School, a prestigious boarding school, and who graduated from Stanford with a degree in business. But he soon returned to join the family endeavors. He took over the family ranch along the Wood River and has ever since been a cattleman with Idaho dirt on his boots and a signature cowboy hat atop his head. The operation has grown into a partnership with his three daughters.

Bettis' business interests include banking and oil distribution. He is a great-grandson, on his father's side, of C.W. Moore, founder of Idaho First National Bank. Bettis has served on the Idaho First National (now U.S. Bank) board of directors since 1971 and has also been on the board of directors of U.S. Bankcorp.

During his Stanford years, Bettis changed his middle name to Little to reflect his heritage on his mother's side and honor the connection to his grandfather, Andrew Little, dubbed the "The Sheep King of Idaho." It was Little, Bettis has said, who taught him how to work.

Bettis, who remains unpretentious and candid, has also continued a family tradition of channeling wealth into the Laura Moore Cunningham Foundation, named for his great aunt. The foundation, of which he is president, is one of Idaho's most powerful and supports major programming for Idaho Public Television, as well as supporting programs, student scholarships and capital improvements at the University of Idaho and other state universities. The foundation's service and contributions to the University of Idaho alone total more than \$7 million.

Bettis is a member of the Peregrine Fund, dedicated to protecting Idaho's birds of prey, and has supported the Hornocker Wildlife Institute which works to promote understanding of issues that relate to threatened and endangered species.

Bettis is also part of an all-Idaho ownership group that last spring returned a full season of horse racing to Boise's Les Bois Park for the first time in nearly three years.

UNIVERSITY OF IDAHO PRESIDENT'S MEDALLION

The President's Medallion is presented at University of Idaho Commencement Ceremonies in May and December. Recipients are individuals who have made significant contributions to the cultural, economic, scientific and/or social advancement of Idaho and its people, and have provided exceptional service to the state or nation that has influenced the wellbeing of humankind.

UNIVERSITY OF IDAHO – BOISE

J. Patrick McMurray is a third-generation native Idahoan who was raised in Boise. He served much of his career with First Security Bank and retired in 2007 following a 37-year tenure with the company. At 39, McMurray was named president of the Idaho bank where he served on the First Security Corporation Management Committee with oversight responsibility for regional banking spanning a seven-state territory. From the First Security merger with Wells Fargo in 2000 until his retirement, McMurray held the position of Idaho Region president. He received a bachelor's degree in business finance from the University of Idaho in 1970, and completed additional graduate work at the National Graduate School of Commercial Lending, University of Oklahoma, and is a graduate of the Pacific Coast Banking School, University of Washington.

McMurray served as a director of the Federal Reserve Bank of San Francisco's Salt Lake City branch from January 1996 through December 2002 and chaired the branch's Audit Committee for 1999-2002. He also served on the Idaho Banker's Association Executive Committee and The Financial Services Roundtable, a banking industry association that represents the top 125 bank holding companies in the country.

He is recognized for a long history of dedication and leadership in not-for-profit organizations that range from social services to education and the arts. His service includes time on the board of Blue Cross of Idaho; president of Fundsy, Inc.; vice chairman of the board of directors, Idaho Community Reinvestment Corporation; Boise Art Museum Board chairman; chairman of the Salvation Army Advisory Board and chairman of the Idaho Business Council.

McMurray continues to be active in community organizations, including service on the board of trustees of St. Luke's Regional Medical Center where he serves as immediate past chairman and as a member of the executive committee.

McMurray and his wife, Lisa, reside in Boise and Sun Valley. They are the parents of two adult sons, Tyler and Shawn.

UNIVERSITY OF IDAHO – IDAHO FALLS

Until his retirement at the end of 2012, **David Hill** had been deputy laboratory director for science and technology at the Department of Energy's Idaho National Laboratory, where the focus on research has expanded to include alternative energy as well as nuclear energy and cleanup.

His tenure was honored on the floor of Congress last year when Idaho Rep. Mike Simpson said, "Dave brought a wonderful vision and talent to INL and his imprint is visible in the new and improved facilities that INL scientists and engineers now use. Dave saw the unique role INL can play as our National Nuclear Laboratory and he helped demonstrate how INL's capabilities could support important nuclear energy, nonproliferation and national security programs. Dave also helped bring an unmatched collection of world-renowned technical experts to Idaho to lead the nation's nuclear energy programs. While serious budget challenges are staring every federal program in the face, Dave will leave the Idaho National Laboratory with a firm foundation."

Hill was responsible for the science and technology strategy for a lab whose research and development funding nearly doubled under his seven-year leadership to \$1 billion for programs pertaining to nuclear energy, national and homeland security, and clean energy. An internationally acknowledged expert on nuclear reactor and fuel cycle issues, he has extensive experience in the area of international nuclear cooperation, working with the countries of both Western Europe and the former Soviet Union.

He joined the Idaho National Laboratory in 2005 from Oak Ridge National Laboratory, where he was associate laboratory director for energy and engineering sciences. He holds a bachelor's degree in mathematics and a doctorate in mathematical physics from Imperial College, London University in his native United Kingdom, and a master's of business administration from the University of Chicago.

He and his wife, Georgia, are living in Boise.

UNIVERSITY OF IDAHO – COEUR D'ALENE

Dennis (Denny) Davis left the University of Idaho with two degrees, a bachelor of science in 1973 and his juris doctorate degree in 1977. Then, he headed north, where he has been deeply involved in his adopted city of Coeur d'Alene for the last 35 years.

Davis, who has specialized in real estate and development law for Witherspoon Kelley, also has served as a state senator and participates on two notable initiatives in the northern Idaho city: urban renewal and human rights.

Davis was appointed to serve on the board of the urban renewal entity, the Lake City Development Corporation, in 2005 and has been board chair since 2008. The LCDC has helped reshape Coeur d'Alene, especially along its lakefront, with high-profile projects such as the education corridor, Midtown revival and, most recently, the redesign of venerable McEwen Field.

In 1998, he was one of the founding members of the Human Rights Education Institute, an offshoot of the Kootenai County Task Force on Human Relations.

Davis was elected to the Idaho Legislature as a Democrat, serving in the state senate from 1989 to 1994 and as Assistant Minority Leader in 1993 and 1994. A key promise of his campaign was to challenge the construction of large-scale medical waste incinerators that would accept out-of-state waste. One was proposed for Hauser Lake. Davis won the support of Gov. Cecil Andrus for a moratorium and later successfully pushed a bill, it passed by one vote, limiting the scope of such incinerators.

"Small communities in rural Western states should not be targeted as dumping grounds for large urban areas," Davis said at the time.

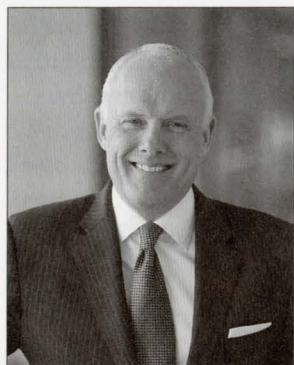

He was an Idaho State Bar appointee to the Idaho Judicial Council from 1999 to 2005. In 2010 he received the Idaho State Bar Association's Professionalism Award. Davis also serves on the University of Idaho College of Law Advisory Council and the university's Northern Advisory Board.

Davis is a former member of the Coeur d'Alene city planning commission and currently serves on the board of Jobs Plus, (Kootenai County's Economic Development Corporation).

ALUMNI ASSOCIATION

ALUMNI HALL OF FAME 2013

This award was created in 1962 and recognizes alumni who have achieved national or international distinction by their accomplishments and leadership. Consideration will be given for: distinction in career accomplishments; leadership within career organizations; voluntary leadership efforts in charitable causes; leadership efforts which have improved the cultural, social, political or economic well-being of society; prior recognition and honors; and artistic, innovative or technical accomplishments.

Matthew J. Espe

Matthew J. "Matt" Espe of Lancaster, Pa., who in 1980 earned a bachelor's degree in marketing in the College of Business and Economics, was appointed CEO of Armstrong World Industries, Inc., in Lancaster, Pa., in 2010.

He oversees \$2.6 billion in revenues and 8,500 employees worldwide. He has logged 30 years of experience in sales, marketing, distribution and management in global manufacturing businesses.

Before joining Armstrong nearly three years ago, he served as chairman and CEO of Ricoh Americas Corp., a subsidiary of Ricoh Co., Ltd. Prior to that, Espe was chairman and CEO of IKON Office Solutions, Inc., a \$4 billion office equipment distributor and services provider with 24,000 employees. Ricoh acquired the company in 2008.

Previous to that, Espe was president and CEO of GE Lighting. In a career that spanned 22 years there, he managed multiple functional areas, including sales, marketing, distribution and manufacturing, as well as management within several business units. His global perspective is the result of having run businesses in Europe, Asia and North America.

At home, he is a respected and active volunteer and member of the board of United Way of Southeastern Pennsylvania. He helmed the charitable organization's 2007 campaign, which raised \$50 million for the region's non-profit organizations.

Additionally, he is a member of the board of Unisys Corp. In addition to his U-Idaho degree, he earned a Master of Business Administration from Whittier College.

He is married to Lori (Limbaugh) Espe, also an alumna of the college. They have four children and live in Newtown Square, Pa.

John A. Rosholt

John A. Rosholt, a Lewiston native, earned a bachelor's degree in political science at U-Idaho in 1959. After serving as a commissioned officer at a U.S. Army missile base, he returned to campus, where he earned his law degree in 1964.

He was admitted that same year to the Idaho State Bar Association. In the 27 years following he practiced with two law partnerships and served as partner in one. In 2001, he became a founding partner in the Twin Falls and Boise firm of Barker Rosholt & Simpson LLP. His firm specializes in natural resources law and represents clients with interests in such activities as irrigation, hydropower and mining, while also representing and advising clients on land use, the fine points of a variety of environmental regulations and in settlement agreements with the region's indigenous tribes.

Rosholt was the 1976 president of the National Water Resources Association and belonged to its board of directors from 1969 to 1987. The group represents diversified water interests in the 17 western states.

Rosholt's legal expertise in water rights law has been recognized by numerous professional organizations over the course of his career. Additionally, he has served on various U-Idaho college advisory councils.

Rosholt fondly recalls being co-captain of the University of Idaho Northern Division Pacific Coast Conference championship golf team in 1959, which won a trip to the NCAA tourney.

His community involvement and volunteerism has encompassed the Twin Falls Chamber of Commerce, Rotary Club and the city's planning and zoning commission. In addition, he has served on such boards as the Idaho Association of Commerce and Industry, Mountain States Legal Foundation, Key Bank, the Idaho Community Foundation and the U.S. Golf Association.

He is married to Karen Rae (Fisher) Rosholt '64 and they have three grown children, all of whom are also Vandals.

About the University of Idaho Alumni Association, Inc.

The University of Idaho Alumni Association (UIAA), founded in 1898, is comprised of more than 95,000 living alumni worldwide. The mission of the Alumni Association is to develop and strengthen lifelong alumni relationships with their alma mater. Active leadership includes the UIAA national board of directors, club and chapter volunteers and the Alumni Office staff. The UIAA provides award and recognition programs, assists the University with information and communication efforts, assists with student recruitment and advocates for the University.

Once a University of Idaho student reaches 90 credits or receives a University of Idaho degree, s/he is considered part of the alumni community. The UIAA is not a dues-paying organization.

HONORS TO FACULTY/STAFF MEMBERS

RESEARCH AND CREATIVE ACTIVITY EXCELLENCE AWARD

Patrick J. Hrdlicka, Associate Professor, Chemistry, College of Science

DONALD CRAWFORD GRADUATE FACULTY MENTORING AWARD

Troy E. Hall, Professor, Conservation Social Science, College of Natural Resources

OUTSTANDING MASTER'S GRADUATE STUDENT TEACHING ASSISTANT AWARD

Heather Michelle Blume, M.S. candidate in Family and Consumer Science, College of Agricultural and Life Sciences

OUTSTANDING DOCTORAL GRADUATE STUDENT TEACHING ASSISTANT AWARD

Michelle M. Howard, Ph.D. candidate in Geography, College of Science

OUTSTANDING MASTER'S GRADUATE STUDENT RESEARCH AND CREATIVE ACTIVITY AWARD

Courtney M. Thompson, M.S. candidate in Geography, College of Science

OUTSTANDING DOCTORAL GRADUATE STUDENT RESEARCH AND CREATIVE ACTIVITY AWARD

Christopher J. Cox, Ph.D. candidate in Environmental Science, College of Science

FACULTY ADVISING EXCELLENCE AWARD

Pingchao Zhu, Associate Professor, Department of History, College of Letters, Arts, and Social Sciences

STAFF ADVISING EXCELLENCE AWARD

Kristine Roby, College Advisor, College of Letters, Arts, and Social Sciences

TEACHING EXCELLENCE AWARD

David Lee-Painter, Professor, Theatre Arts Department, College of Letters, Arts, and Social Sciences

HOFFMAN AWARD IN TEACHING EXCELLENCE

Sanjay R. Sisodiya, Assistant Professor, Department of Business, College of Business and Economics

OUTREACH AND ENGAGEMENT EXCELLENCE AWARDS

Harriet Shaklee, Professor, Family and Consumer Sciences, College of Agricultural and Life Sciences
Grace Goc Karp, Professor, Movement Sciences, College of Education

INTERDISCIPLINARY AND COLLABORATIVE EFFORTS EXCELLENCE AWARD

David McIlroy, Professor, Department of Physics, College of Science

2013 – 2015 PRESIDENTIAL MID-CAREER AWARDS

Kenneth D. Cain, Professor, Fish and Wildlife Sciences, College of Natural Resources

Stacey Camp, Assistant Professor, Sociology and Anthropology, College of Letters, Arts and Social Sciences

Barbara A. Cosens, Professor, Law, College of Law

Elizabeth "Lee" Fortunato, Professor, Biological Sciences, College of Science

Brian K. Johnson, Professor, Electrical and Computer Engineering, College of Engineering

Alexander V. Karasev, Associate Professor, Plant, Soil & Entomological Sciences,
College of Agricultural and Life Sciences

Allen Kitchel, Associate Professor, Curriculum and Instruction, College of Education

Sanjay R. Sisodiya, Assistant Professor, Department of Business, College of Business and Economics

Nancy Sprague, Associate Professor, Library, University Library

Agricultural and Life Sciences

Larry Forney, Professor, Department of Biological Sciences, College of Science

UNIVERSITY OF IDAHO CELEBRATING OUR FIRST DOCTORAL DEGREES

Pioneers in two of the higher realms of education at the University of Idaho — Doctor of Education and Doctor of Philosophy — are being honored today. Idaho granted its first doctor of education, or Ed.D., in 1962, with the first doctor of philosophy degrees, or Ph.D.s, awarded the year after.

In the United States, the Ed.D. degree tends to be granted by the school of education of universities and is a terminal degree in education. The Ed.D. is recognized for appointment as a lecturer or professor in a university. It also may be recognized as preparation for administrative positions in education, such as superintendent of schools, human resource director, or school principal.

The Ph.D. degree is the highest academic degree awarded by U.S. universities in most fields of study. The term "philosophy" does not refer solely to the field of philosophy. Rather, it is used in accordance with its original Greek meaning, "love of wisdom. The requirements for obtaining Ph.D.s and other research doctorates in the U.S. typically entail successful completion of pertinent classes, passing of a comprehensive examination, and defense of a dissertation.

Idaho's first Doctor of Education degrees were earned by:

FLORENCE ALLER

In 1962, Florence Aller obtained the University's first doctoral degree in education, specializing in guidance and counseling, with her thesis, "The role of the self concept in student marital adjustment."

She had previously graduated as valedictorian of her Hayes Teachers College class. She earned a master's degree in home economics at Oregon State University in 1946. She and her husband, Alvin, moved to Nampa, Idaho, in 1949. The couple went on to join the faculty at Northwest Nazarene College.

A decade later, the couple moved to Moscow where she became an assistant professor of home economics at the University of Idaho and focused her research on student marital adjustment and teenage marriage.

Her dissertation was later published as an article, "Some Factors in Marital Adjustment and Academic Achievement of Married Students" in the March 1963 issue of what was then the Personnel and Guidance Journal and currently the Journal of Counseling & Development. She also had published "Historical Reflections: Idaho Home Economics Association" and "75 Years to Remember: Home Economics at the University of Idaho, 1902-1977."

Florence passed away in 1993. She and her late husband, who was a professor of botany at Idaho, both have memorial scholarships in their names at Northwest Nazarene University.

JOHN MORFORD

In 1963, John Morford earned the University's second doctorate in education. He joined the education faculty at Seattle University in 1973 and has since retired. At Seattle University he was dean of the School of Education from 1973 to 1978. Under his leadership the Doctorate in Educational Leadership program, Seattle U's only doctorate program, was launched in 1975 and continues to be one of the university's most distinguished academic programs. Earlier, as chair of the Department of Education at John Carroll University in Ohio, he founded one of the first programs to prepare teachers to work in urban poverty areas.

He and his wife, Jerene, are active in humanitarian efforts in the Seattle area.

COLLEGE OF GRADUATE STUDIES

Idaho's first Doctor of Philosophy degrees were earned by:

NEWMAN FISHER

Newman Fisher received the university's first doctorate in mathematics. While a student, he was a member of the American Mathematical Association of America, the Society for Industrial and Applied Mathematics, and Pi Mu Epsilon.

He went on to teach mathematics at San Francisco State University, twice serving as department chair. Now retired, he and his wife, the former Neah Trivus, make their home in San Francisco.

DANIEL GEORGE

Specializing in organic chemistry, Daniel George was among the first graduates to earn a doctorate in chemistry at Idaho in 1963. For many years, he was a research chemist at DuPont and is now retired. He lives in Chad Fords, Pennsylvania with his wife, Sachiko, who is an artist.

BRUCE GESNER

Bruce Gesner also belonged to Idaho's inaugural class of chemistry doctoral recipients. He specialized in organic chemistry and authored the book, "The Mechanisms of Carbene Eliminations." Now, he is a retired executive director for technology introduction and support at SBC Communication. His spouse, Phyllis, is a retired attorney and Chief Operating Officer of The National Judicial College. They reside in Reno, Nevada.

RICHARD HERMENS

Richard Hermens is an emeritus professor at Eastern Oregon University. Beginning in 1966, he taught physical, analytical, inorganic and general chemistry. A 50-year member of the American Chemical Society (ACS), Hermens was instrumental in organizing the Eastern Oregon Science Journal, which opened the door for students in science and mathematical fields to publish their research.

Hermens co-founded MicroLab, based in Bozeman, Montana. MicroLab manufactures chemistry equipment for student and classroom use. He also co-owns a publishing company that publishes history books of the La Grande, Oregon area. His spouse, Maxine, is retired from Eastern Oregon University where she worked in student records.

DEAN "DOC" METTER

Dean "Doc" Metter was the first person at the University of Idaho to receive a doctorate in zoology. After earning his degree, he joined the biology faculty at the University of Missouri-Columbia, where he taught zoology, comparative anatomy, evolution and herpetology, the study of amphibians and reptiles. A believer in putting knowledge to the test in the field, Metter was a co-founder of the Bobby Witcher Society and helped create a scholarship named after the colorful herpetologist renowned for his carefree handling of venomous snakes. After Metter's death in 2001, the society renamed the scholarship the Dean E. Metter Memorial Award. In honor of his work, he has a subspecies of reptile named after him.

UNIVERSITY OF IDAHO CELEBRATING OUR FIRST DOCTORAL DEGREES

Presented in honor of the higher nature of education at the University of Idaho with the awarding of the first Ph.D. in Philosophy — awarded to Dr. J. L. ... in 1962 ... the first degree of philosophy degree, or Ph.D., awarded the year after ...

Dean Doc Metzger was the first person at the University of Idaho to receive a doctorate in zoology. After earning his degree from the University of Wisconsin, Metzger returned to Idaho where he began his zoology career. He was a member of the faculty at the University of Idaho from 1928 to 1962. Metzger was a pioneer in the field of zoology and his work was instrumental in the development of the zoology department at the University of Idaho. He was also a member of the American Zoological Association and the Society for the Study of Evolution. Metzger's contributions to the field of zoology are well known and his legacy is honored at the University of Idaho.

GRADUATE DEGREES

CANDIDATES FOR DEGREES AND DEGREES PREVIOUSLY AWARDED

COLLEGE OF GRADUATE STUDIES

Established in 1925. Jie Chen, Ph.D., Dean

DOCTOR OF ATHLETIC TRAINING

Russell Thomas Baker, *Riverside, California*

Athletic Training. Dissertation: "An Examination of the Effects of Mechanical Manual Therapies on Clinician and Patient-Oriented Outcomes Measures: A Dissertation of Clinical Practice Improvement." Major Professor: Alan Mark Nasypany

Jennifer Valerie Melena, *Santa Maria, California*

Athletic Training. Dissertation: "An Athletic Trainer's Patient Outcomes in the First Three Visits when using Manual Therapy Techniques (Positional Release Techniques, Primal Reflex Release and Mulligan Techniques)." Major Professor: Alan Mark Nasypany

Julie Suzanne Miller, *McKenzie, Tennessee*

Athletic Training. Dissertation: "Decreasing Overuse Shoulder Injuries and Improving Patient Outcomes in Athletic Training: A Dissertation of Clinical Practice Improvement." Major Professor: Alan Mark Nasypany

David T. Ruiz, *Rancho Mirage, California*

Athletic Training. Dissertation: "Clinician Effectiveness Utilizing Specific Repeated Movements in the Treatment of Derangements and Dysfunctions as Classified by the McKenzie Method of Mechanical Diagnosis and Therapy System: A Dissertation of Clinical Practice Improvement." Major Professor: Jeff Seegmiller

Wendy Wheeler Dietrich, *Stroudsburg, Pennsylvania*

Athletic Training. Dissertation: "Applied Outcomes Measures in Clinical Athletic Training: A Dissertation of Clinical Practice Improvement." Major Professor: Alan Mark Nasypany

DOCTOR OF EDUCATION

David Michael Aiken, *Lewiston*

Education. Dissertation: "A Superintendent in Cultural Transition." Major Professor: Donald K. Wattam

Kristine Michele Allen, *Spokane, Washington*

Education. Dissertation: "Candidate Mentor-Supervisor Model: An Exploratory Case Study." Major Professor: Donald K. Wattam

Jane H. Baillargeon, *Pueblo West, Colorado*

Education. Dissertation: "Diversity Learning across the Curriculum: Student and Faculty Perspectives." Major Professor: Georgia Johnson

Yolanda J. Bisbee, *Moscow*

Education. Dissertation: "The Native American Persistence in Higher Education: A Journey through Story to Identify the Family Support to Native American Graduates." Major Professor: Georgia Johnson

Jamie Lynn Chaffin, *Coeur d'Alene*

Education. Dissertation: "What do Superintendents Perceive as Important when Hiring Special Education Administrators?" Major Professor: Donald K. Wattam

**Michele Ann McFarlane, *Twin Falls*

Education. Dissertation: "The Quest for Continuous Improvement: A Qualitative Study on Diffusion of Outcomes Assessment among Career and Technical Education Faculty Members at Rocky Mountain States Community Colleges." Major Professor: Kathryn Marie Canfield-Davis

Cynthia Kay Orr, *Coeur d'Alene*

Education. Dissertation: "The Retention of Teachers in Rural Idaho: An Action Research Study in the Longevity of Central Elementary Teachers." Major Professor: Donald K. Wattam

Paul E. Pack, *Ammon*

Education. Dissertation: "A Portrait of Adult Education in Nauvoo, Illinois, 1839-46, Relative to Pratt's Five Perspectives." Major Professor: John G. Cannon

D'Lisa Danielle Penney-Pinkham, *Lapwai*

Education. Dissertation: "Niimiipuu Culturally Responsive Framed Pedagogies: A Study Guided by Indigenous Research Theories. Kiiye pecepelihniku' wapayat'as mamay'asna hipewc'eyyu' cuukwenin' (We Will All Work to Help the Children Become Knowledgeable)." Major Professor: Georgia Johnson

Arthur Maxwell Taylor, *Lapwai*

Education. Dissertation: "Icyeeyee Comes To School: Niimiipuu Cultural Competence and Use of Traditional Niimiipuu Icyeeyee Stories to Construct Indigenous Knowledge with Classroom Teachers for Our Children." Major Professor: Georgia Johnson

**Lee Ann Wiggin, *Lewiston*

Education. Dissertation: "Physical Activity Programs for Middle School Girls." Major Professor: Grace Goc Karp

DOCTOR OF PHILOSOPHY

Suresh Acharya, *Tikathali, Lalitpur, Nepal*

Animal Physiology. Dissertation: "Role of Reactive Oxygen Species in Growth and Development of Skeletal Muscle." Major Professor: Rod Hill

**Jafar Mohammad Ahmad Al-Gharaibeh, *Ajloun, Jordan*

Computer Science. Dissertation: "Programming Language Support for Virtual Environments." Major Professor: Jeffery Clint

Ayodeji Bola Arogundade, *Ekiti State, Nigeria*

Biological and Agricultural Engineering. Dissertation: "A Hybrid Satellite-Ground Measurement Method for Generating Snow Covered Area Depletion Maps for Snowmelt Runoff Modeling and Application to Historical, Current Climate Change Scenarios." Major Professor: Russell J. Qualls

Bryan Bandli, *Duluth, Minnesota*

Geology. Dissertation: "Application of EBSD to Analytical Challenges of Asbestiform Minerals." Major Professor: Mickey E. Gunter

Mehdi Basirat, *Shiraz, Iran*

Mechanical Engineering. Dissertation: "Dislocation-Based Modeling of Creep Deformation and fracture in modified 9Cr-1Mo steels." Major Professor: Gabriel Potirniche

*Andrew Garth Bentley, *Newfield, New York*

Natural Resources. Dissertation: "The Experience of Landscape: Mental Health Benefits of Lakeshore Settings." Major Professor: Troy E. Hall

*Erin Michelle Berryman, *Edmond, Oklahoma*

Natural Resources. Dissertation: "Quantifying Controls on Soil Respiration in Mixed-Conifer and Pinon-Juniper Ecosystems." Major Professor: John D. Marshall

**Ewelina Betleja, *Jaslo, Poland*

Microbiology, Molecular Biology and Biochemistry. Dissertation: "Analysis of the Gliding Machinery in the Green Alga, *Chlamydomonas reinhardtii*." Major Professor: Doug G. Cole

Kevin Glenn Boggs, *Boise*

Geology. Dissertation: "Improved Baseflow Forecasting." Major Professor: Gary S. Johnson

Jennifer Alice Boie, *Troy*

Natural Resources. Dissertation: "The Influence of Cultural Worldview and Networks of Relationships on Implementation of Conservation Practices in Whitman County, WA." Major Professor: Nick Sanyal

*Ryan Anton Bradetich, *Pullman, Washington*

Computer Science. Dissertation: "Framework for Evaluating Information Flow Security in Multicore Processors." Major Professor: Paul W. Oman

Susan H. Buescher, *McCall*

Education. Dissertation: "Experiences and Perceptions of Gifted Middle School Students, Parents and Principals." Major Professor: Michael J. Johnson

**Kenneth Wayne Burchell, *Coeur d'Alene*

History. Dissertation: "We are Reforming Democrats: Gilbert Vale, Thomas Paine, and Nineteenth-Century Transatlantic Reform." Major Professor: Sean M. Quinlan

Daniel R. L. Campbell, *Pullman, Washington*

Education. Dissertation: "Where Assessment and Data Based Decision Making Collide: Chief Academic Officers Perceptions of Assessment Data in Operational Decision Making." Major Professor: Georgia Johnson

Degrees Conferred Earlier

*August 3, 2012 **December 14, 2012

The appearance of a name in this program is presumptive evidence of graduation and graduation honors; it must not in any sense be regarded as conclusive. The academic transcript, signed and sealed by the proper University officers, remains the official testimony of the possession of the degree.

- *Albert Henry Carlson, *Chicago, Illinois*
Computer Science. Dissertation: "Set Theoretic Estimation Applied to the Information Content of Ciphers and Decryption." Major Professor: Bob Hiromoto

Materials Science and Engineering. Dissertation: "Creep Formation, Failure Analysis, Heat Treatment, and Residual Stress Management of Monolithic and Welded Grade 91 Steel for Power Plant Components." Major Professor: Indrajit Charit
- Stephanie Anne Smith, *Potlatch*
Environmental Science. Dissertation: "Identification, Characterization and Survival of Microbial Isolates Collected from Mars-Bound Spacecraft and Identification of a Selenite Reduction Pathway in a *Dechloromonas* Isolate." Major Professor: Daniel G. Strawn
- Shelly Ann Staniec, *Caldwell*
Education. Dissertation: "The Implementation of Pay for Performance in Idaho Schools: A Case Study of Administrator and Teacher Perspectives." Major Professor: Penny Lee Tenuto
- *Susan Steele, *Moscow*
Education. Dissertation: "Community Engaged Service-Learning: The Effect on University Students and Community Partners." Major Professor: Sharon K. Stoll
- **John Philip Stubban, *Eagle*
Electrical Engineering. Dissertation: "Comparing Point of Use Power Quality to System Level Power Quality in a Shipboard MVDC Distribution System." Major Professor: Brian K. Johnson
- **Eric James Studebaker, *Twin Falls*
Education. Dissertation: "Discovering Shared Experiences of Second Generation Community College Employees: A Grounded Theory Study." Major Professor: Kathryn Marie Canfield-Davis
- *Jency Pricilla Sundararajan, *Tamil Nadu, India*
Physics. Dissertation: "Photocurrent Enhancement by Surface Plasmon Resonance of Gold Nanoparticles in Single Gallium Nitride Nanowires." Major Professor: David N. Melroy
- **Joel David Tenbrink, *Hayden*
Education. Dissertation: "The Effects of Injury Prevention Programs on Balance and Landing Biomechanics." Major Professor: Jeff Seegmiller
- *Thomas Robert Thompson, *Salem, Missouri*
Natural Resources. Dissertation: "Dispersal Ecology of Greater Sage-Grouse in Northwestern Colorado: Evidence from Demographic and Genetic Methods." Major Professor: Kerry Paul Reese
- Kara Jean Thornton, *Nampa*
Animal Physiology. Dissertation: "Physiology of Growth and Metabolism of Skeletal Muscle in Beef Cattle." Major Professor: Gordon Murdoch
- Wade Travis Tinkham, *Spokane, Washington*
Natural Resources. Dissertation: "Improved Assessments of Ecosystem Services through Active-remote Sensing: Quantification of Timber and Snow Resources." Major Professor: Alistair Smith
- *Ryan C. Toohy, *Greensburg, Pennsylvania*
Environmental Science. Dissertation: "Land Use, Hydrological Processes and Ecosystem Services in the Upper Reventazon Watershed, Costa Rica." Major Professor: Jan Boll
- Hossam Sabry Tork, *Cairo, Egypt*
Electrical Engineering. Dissertation: "Tunable Ferroelectric Metamaterial Phase Shifter Embedded in Low Temperature Cofired Ceramics." Major Professor: Aicha Elshabini
- Douglas Andrew Torrance, *Columbus, Ohio*
Mathematics. Dissertation: "Non-defective Secant Varieties of Varieties of Completely Decomposable Forms." Major Professor: Hirotachi Abo
- **Phuoc Thong Tran, *Boise*
Electrical Engineering. Dissertation: "Gain-Enhancement Differential Amplifier Using Positive Feedback." Major Professor: Herbert L. Hess
- Andrew Wendell Tranmer, *Napa, California*
Civil Engineering. Dissertation: "Extremal Hypotheses as a Functional Tool for Assessment of Stream Equilibrium." Major Professor: Peter Goodwin
- John Morgan Wallace, *Coudersport, Pennsylvania*
Environmental Science. Dissertation: "Distribution and Abundance of Bur Chervil, *Anthriscus caucalis*, within the Snake River Canyon Grassland Ecosystem." Major Professor: Timothy Shawn Prather
- Jia Wan, *Xi'an, People's Republic of China*
Mathematics. Dissertation: "On Waring's Problem for Systems of Skewed-Symmetric Forms." Major Professor: Hirotachi Abo
- *Guankui Wang, *Beijing, People's Republic of China*
Animal Physiology. Dissertation: "Characterization, Stability, Cellular Uptake and Intracellular Trafficking of Peptide Gold Nanostructures in Mammalian Cells." Major Professor: Rod Hill
- Shalae Clarice Warner, *Whitefish, Montana*
History. Dissertation: "Gender and the Cultural Impact of War in Weimer, Germany: Moral Degeneration and Regeneration." Major Professor: Sean M. Quinlan
- Peter C. Temple Warwick, *Harvard*
Chemistry. Dissertation: "A Photochemical Route to Metal Chalcogenide Nanomaterials." Major Professor: Thomas E. Bitterwolf
- Marni J. Wattam, *Coeur d'Alene*
Education. Dissertation: "Due Process Downfalls: Case Study Analysis of the State of Idaho from 2004 to 2012." Major Professor: Matthew Wappett
- *Jonathan Webb, *Felts Mills, New York*
Nuclear Engineering. Dissertation: "Analysis and Fabrication of Tungsten Cermet Materials for Ultra-High Temperature Reactor Applications via Pulsed Electric Current Sintering." Major Professor: Indrajit Charit
- Liang Wei, *Deyang, People's Republic of China*
Natural Resources. Dissertation: "Testing a Physiological Model of Forest Growth with Stable Isotopes, Physiology Measurements, and Forest Mensuration Data." Major Professor: John D. Marshall
- Dana Elizabeth Weigel, *Stites*
Natural Resources. Dissertation: "Colonization of Steelhead (*Oncorhynchus mykiss*) after Barrier Removal in a Tributary to the Methow River, Washington." Major Professor: Madison Stuart Powell
- Cheryl Wilhelmsen, *Idaho Falls*
Education. Dissertation: "Engineering Outcomes of Grades 10-12 Using Different Pre-Engineering Curriculums: A Case Study." Major Professor: Raymond Dixon
- *Andrzej Jan Wojtowicz, *Lublin, Poland*
Bioinformatics and Computational Biology. Dissertation: "Estimating the Number and Distribution of Beneficial Mutations for Models of Adaptive Evolution." Major Professor: Paul Joyce
- Yu Xia, *Luotian, People's Republic of China*
Electrical Engineering. Dissertation: "Modern Approaches for Detecting Subsynchronous Resonance in Power Systems." Major Professor: Brian K. Johnson
- Yuqun Xie, *Xin Jang, People's Republic of China*
Chemistry. Dissertation: "Electrochemical Studies of Graphene-like Materials Synthesized by the Thermolyzed Asphalt Reaction." Major Professor: Frank Chang
- Yingqian Zhan, *Wuhan, People's Republic of China*
Physics. Dissertation: "Computational Studies of Molecular Interactions." Major Professor: Frederick M. Ytreberg
- Junli Zhang, *Hebi, People's Republic of China*
Plant Science. Dissertation: "Quantitative Trait Locus Mapping of Agronomic, Physiological, and End-use Quality Traits of Common Wheat (*T.aestivum*)." Major Professor: Jianli Chen
- Abbey Dyanne Zuehlke, *Pentwater, Michigan*
Microbiology, Molecular Biology and Biochemistry. Dissertation: "A Tale of Two Co-chaperones: Identifying the Function of the HSp90 Co-chaperones Cpr6 and Cpr7." Major Professor: Jill L. Johnson

OFFICER EDUCATION PROGRAMS

ARMY RESERVE OFFICER TRAINING CORPS AWARDS

Distinguished Military Graduate

This award is presented to ROTC cadets who are in the top 20 percent of all cadets nationwide in academics and ROTC.

Connor Arbiter, *Moscow*

Kurt Jones, *Emmett*

Luke Petersen, *Wendell*

Department of the Army Superior Cadet

This award is presented to the ROTC cadet who is in the top ROTC cadet of his class in both ROTC and academic standing and demonstrates superior officer potential.

Kurt Jones, *Emmett*

General Fredericks Award

Connor Arbiter, *Moscow*

George C. Marshall Award

This award is presented to the ROTC cadet who is the most outstanding of his class in both ROTC and academic standing, demonstrates leadership qualities and possesses scholastic qualities that epitomize the career of General George C. Marshall.

Luke Petersen, *Wendell*

American Legion Award for Military Excellence

This award is presented to the ROTC Cadet who is in the top 25 percent of his class in ROTC

Paul Schneider, *Yakima, Washington*

American Legion Award for Scholastic Excellence

This award is presented to the ROTC cadet who is in the top 25 percent of his class in ROTC and top 10 percent of his class in academic standing.

Evan Easley, *Lake Oswego, Oregon*

American Veterans (AMVETS)

ROTC cadet in good ROTC and academic standing.

Jordan Damron, *Orofino*

Military Officers Association of America (MOAA)

ROTC cadet in good ROTC and academic standing.

Chad Harrison, *Caldwell*

Reserve Officers Association (ROA)

ROTC cadet in good ROTC and academic standing.

The WWAMI Medical Education Program is offered in partnership between the University of Washington School of Medicine and the host universities throughout the five-state regional system. Medical students from Idaho complete their first year of medical training at the University of Idaho, Moscow campus, and then complete the remainder of their medical training in Seattle, Boise, rural Idaho communities, or training sites throughout the WWAMI region. The UI WWAMI Program is offered jointly with the WSU WWAMI Program and offers first-year medical students the opportunities of training with the combined biomedical faculties, while making use of the teaching, research and training facilities on both campuses. UI WWAMI students also complete their first clinical training rotations with local physicians, clinics and hospitals in Moscow and the Palouse.

WASHINGTON-IDAHO REGIONAL PROGRAM IN VETERINARY MEDICINE

Established in 1974. Carl W. Hunt, Head of Animal and Veterinary Science

The University of Idaho cooperates with Washington State University in a program of veterinary medical education, research and service. In the program, students from Idaho take the first three years of professional training in veterinary medicine at Washington State University; faculty members from Idaho and WSU offer instruction in the professional and academic curricula. In the fourth year of the program, students receive part of the clinical training at the Caldwell, Idaho, veterinary medical facility.

SIGNIFICANCE OF ACADEMIC APPAREL AND MACE

By observing certain features of the academic apparel, it is possible to learn several things about the academic status of the scholar: the level of the degree attained, the branch of learning in which it was earned, and the college or university conferring the degree.

Gowns

The gowns differ according to the level of the degree. The sleeves are the principal indicator – gowns of bachelors have pointed sleeves; those of masters have oblong sleeves with an arc cut away at the front; and doctors have round, bell-shaped sleeves. Bachelor's and master's gowns are untrimmed. Doctoral gowns have distinctive velvet facing down the front and three velvet bars on each sleeve.

Caps

The color of the tassel worn on the cap varies with the level of degree. The bachelor's tassel represents the color appropriate to the major field of study; the master's and specialist's tassels are black; and the doctoral tassels are old gold.

Hoods

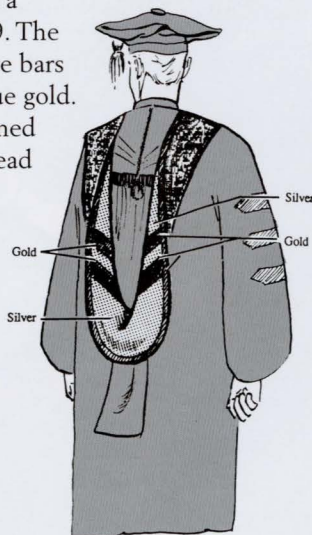

The length of the hood also varies according to the level of degree. The bachelor's gown is worn without a hood. A master's hood is three and one-half feet long, and a doctor's hood is four feet in length and has panels at the sides. It is from the colors adorning the hood that one can learn two other facts. Lining – the hood is lined with the official color or colors of the college or university conferring the degree (silver and gold, signifying the University of Idaho). Trimming – the hood is trimmed with velvet of a color appropriate to the wearer's branch of learning. For example, the trimming for the degree of Master of Science in Agriculture is maize, representing agriculture, rather than golden yellow, representing science. In the case of the Doctor of Philosophy degree, the dark blue color is used, representing the mastery of the discipline of learning and scholarship, regardless of the branch of learning. Colors associated with the different disciplines are as follows:

Agriculture	Maize	Music	Pink
Arts, Letters, Humanities	White	Nursing	Apricot
Commerce, Accountancy, Business	Drab	Oratory (Speech)	Silver Gray
Dentistry	Lilac	Pharmacy	Olive Green
Economics	Copper	Philosophy	Dark Blue
Education	Light Blue	Physical Education	Sage Green
Engineering	Orange	Public Administration	Peacock Blue
Fine Arts, including Architecture	Brown	Public Health	Salmon Pink
Forestry	Russet	Science	Golden Yellow
Journalism	Crimson	Social Work	Citron
Law	Purple	Theology	Scarlet
Library Science	Lemon	Veterinary Science (DVM)	Gray
Medicine	Green		

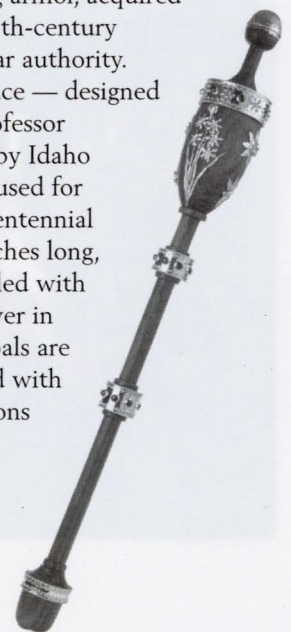

Honor Cords

Honor Cords, worn around the neck and hanging loosely down the front, identify students who are graduating with honors: gold, summa cum laude (with highest distinction); silver, magna cum laude (with great distinction); and bronze, cum laude (with distinction). The cords are provided by the University of Idaho and are worn on this one occasion only.

The University of Idaho adopted a doctoral gown of its own in 1989. The silver gown has a panel and sleeve bars of black velvet outlined in antique gold. The beret-style soft cap is patterned after the Cambridge version instead of the traditional Oxford-style mortarboard. The cap and gown were designed by Emeritus Professor Edmund Chavez in the University's centennial year and is worn today by faculty serving as officials at the University commencements.

The mace, a heavy staff or club used in medieval times for breaking armor, acquired a ceremonial function in 13th-century France as a symbol of secular authority. The University of Idaho mace — designed by Edmund M. Chavez, professor emeritus, with metal work by Idaho artist Ray Goodner — was used for the first time at the 1989 centennial commencement. It is 32 inches long, made of walnut, and encircled with bands of Idaho gold and silver in which Idaho garnets and opals are set. The head is embellished with silver and gold representations of camas plants and syringa flowers.

To enrich education through diversity, the University of Idaho does not discriminate on the basis of race, color, national origin, religion, sex, age, disability, or status as a Vietnam-era veteran in employment or in admission to or the operation of its educational program and activities, as required by state and federal laws and regulation. Inquiries may be directed to the University's Office of Human Rights, Access and Inclusion.

“HERE WE HAVE IDAHO”

1 Alma Mater, the hope of a pioneer race;
You're fashioned of dreams and of toil,
Your walls and your towers by stout-hearted men
Were raised from the rock and the soil.

Chorus

And here we have Idaho,
Winning her way to fame;
Silver and Gold in the sunlight blaze,
And romance lies in her name;
Singing, we're singing of you, ah, proudly too;
All our lives through we'll go singing,
Singing of you, Alma Mater, our Idaho.

2 Now ours is the heritage, rich and so full,
The gain of their toil and their tears;
And ours is the fruit, and the harvest is ours,
Oh, Idaho, gift of the years.

Chorus

And here we have Idaho,
Winning her way to fame;
Silver and Gold in the sunlight blaze,
And romance lies in her name;
Singing, we're singing of you, ah, proudly too;
All our lives through we'll go singing,
Singing of you, Alma Mater, our Idaho.
