November 7, 1927.

Mr. R. H. Rutledge,
District Forester,
Ogden, Utah.

Friend Dick:

Copy of your letter to the Forester in behalf of Uncle Dave Lewis received and I wish to express my pleasure at your action and the tenor of your letter. Governor H. C. Baldrige, last Friday, wrote a letter to Peter G. Johnson, Register of the U. S. Land Office at Blackfoot, urging him to waive all technicalities in the way of Uncle Dave's final proof, so I feel that the matter will soon be finished up.

The Governor is very desirous of giving a "Dinner Party" to the hunt party as soon as we can all get together here at Boise, and has authorized me to arrange date when I can get most of the party together. Will you let me know about what dates you will be in, or near, Boise. It may be that we won't be able to pull the party before January as Stanly Easton will be east most of December. I am sending out letters to all of the party today.

Yours sincerely,

H. C. Shellworth
