Dear Friend Dave;-

You really do not know how I would appreciate a letter from you as I have a genuine interest in you and you work and remember the days with you with the greatest interest. Dave-you will have to forgive me for being a honest to goodness tenderfoot but I certainly enjoyed that great country of yours. I sure would like to drop in and see you and have wished so many, many days since I returned from Idaho. Sit down and write me if you can find time.

I wonder if you ever got the five packages I sent to you before Christmas. I nevr heard from you and did not know if you got them or not.

I just returned from Cleveland Ohio where I attended the International Rotary Club convention and had a return by way of Chicago and stopped off and visited Speed for an evening. I certainly feel bad about your check from Cupp being no good. I have written Shellworth to see what we can do about it.

Dave, Do write me for I am anxious tonhear from you. I have written up our hunt in Outdoor Life and sent you a copy. Did you get it ?

Write me soon.

Sincerely,
C.P. Fordyce
