

MAY PIPE GAS FROM OKLAHOMA

Foreign Companies Cause the Defeat of Law Passed by the State.

MUSKOGEE (Okla.), July 3.—Judge R. E. Campbell, in the Federal Court here to-day, held that the Oklahoma statute prohibiting the shipping of oil and gas out of the State is in violation of the Federal Constitution and of the interstate commerce act. This is regarded as a final victory for the foreign pipe line companies, who were restrained by the State officials from selling the natural products in other states.

To-day's holding was in the case of the Kansas Natural Gas Company and other oil and gas companies of Ohio and West Virginia against the State officials, asking that they be perpetually enjoined from interfering with the plaintiffs' piping oil and gas out of the State. Judge Campbell to-day overruled the demurrers of the defendants. He announced that reasonable further time would be granted the defendants to file other pleadings before final action was taken to make the temporary injunction permanent.
