Weiser, Idaho, July 14 1911.

Mr. David Lewis,
Edwardsburgh, Idaho.

Dear Mr. Lewis —
I thought I
would drop you a few lines
as I went out. I have had
such a terrible trip
that I will not come back
this summer. I had to
come all the way to
Weiser to get my tooth
pulled. I tell you I had
a hard time. It caused
me more pain than any
thing I ever had the matter
with me. I find it mighty
hot down here. The ther-
mometer stood above 100°
today. You folks don't know
how fine it is here. You
ought to be out here in

the heat. I will send you
that pipe I spoke of when
I can get to a place
to register it because it
would never get there unless
I did. I am going to
stop in Nebraska for a while
and I will send it from
there. Well you must not
let any of the bears get
you while I am gone.
Don't let them come up
too close - Must close,
Your friend,

B. J. Snyder
