April 18, 1928.

Mr. Elmer D. Davies,
 910 American Trust Bldg.,
 Nashville, Tenn.

Dear Davies:

Hope you will pardon my tardiness in answering yours 30th last. However, my alibi is perfect but too detailed for summing up in a letter. As you will note by enclosures the Governor took kindly and even enthusiastically to your suggestion and thinks that Jess Hawley, myself and his excellency should get Uncle Dave to agree to the plan and help him write out and edit his talk so he could rehearse it before appearing at the "Mike". We all agree that your suggestion is a live one.

I am mailing Uncle Dave a copy of all correspondence with the request that he let us know what he thinks about it and when he could best come "outside". The chief packer, we had with us on our trip last fall, "Goldie Moore", spent the winter with Uncle Dave as a State predatory animal hunter and has just recently come out. He thinks Uncle Dave is about ready to take a trip outside, this summer.

If you get a favorable "comeback" from the Broadcasters write me the details of their ideas as to where he would have to appear, most desirable time, etc.

With best wishes,

Sincerely,

HCS:C
