
A. A. AUSTIN

FURRIER AND TAXIDERMIST

617 MAIN ST.

BOISE, IDAHO.

A matter of great concern to the raw fur shippers is the confusing and misleading quotations and assortments which some of the less reliable houses persist in sending through the mails. The Austin house has called your attention to this fact on many occasions showing you where the little joker plays its part. The law does not cover such cases, therefore the shipper is unprotected. The shipper must continue to suffer this loss until the law is remedied and the evil removed, or know with whom he is trading. Raw furs at present market values represent a great deal of money to the shipper and trapper, and it is up to them to protect themselves. You ought to know the firm to whom you are consigning or contemplating consigning your furs, and if you don't know Austin it is your own fault, for we are here to answer all questions and testify as to our honesty of purpose. It is up to you to ask if you are doubtful; we will do the rest and satisfy you.

This price list is as plain as it is possible to make one. It is entirely free of misleading assortments and quotations that might confuse you. If you know Raw Furs, you know what you will get for them when you ship to A. A. Austin.
