

Dear Pres Gibb.

Jan 29, 1982

My house was sold. I am both glad and sad. I could no longer live there so this is best.

Nancy went to Boise to take care of "things" in the house. She brought back these papers and I thought since water is so "touchy" maybe you

should have them to file with  
others you may have.

I am fine here in Bellevue  
but I do miss my friends in Boise  
and having you & Betty drop by  
now and then.

Sincerely

Dorothy M. Taylor.
