MEMORANDUM

TO: President Richard D. Gibb
SUBJECT: U.S. Forest Service Land Exchange

We are proposing to trade some land and give the Forest Service a "scenic easement" on the Taylor Ranch land, in exchange for the Clark Fork facility and about 867 acres of forest land in the midst of our Experimental Forest. Jon Warren has reviewed the easement and sees no problem, if forestry doesn't. See Ernie Ables' memo. I need to send a letter of expressed interest. No board action is necessary until Forest Service agrees to the proposal.

A handwritten signature in cursive script that reads "David L. Mc Kinney".

David L. Mc Kinney
Financial Vice President
