UNITED STATES DEPARTMENT OF AGRICULTURE
FOREST SERVICE
NEZPERCE NATIONAL FOREST

GRANGEVILLE, IDAHO

February 28, 1910.

G
Nezperce-Supervision

Mr. David Lewis,
Whitebird, Idaho.

Dear Sir:-

Yours of February 26 is received.

The hides and all the bounty to be derived from the animals killed goes to the Hunter, but a man who accepts a position as Hunter in the Forest Service must devote official hours to hunting predatory wild animals and the time necessary to care for the hides must not be taken from official hours, since the Government does not care what becomes of the hide but is interested only in the destruction of the animals on the Forest.

Very truly yours,

Geo. V. King
Forest Supervisor.
