Dear Uncle Dave:

I got to thinking about old Big Creek today so I thought I would write to you. Everything is getting along fine and the every body is well. I have been working pretty hard in school to make things meet. I sure have been having some fun playing foot ball that sure is some game.

Nale and I went duck hunting Saturday and got six nice Teels and a Mallard duck there isent ~~very~~ many ducks on Snake river this fall a fellow has to hunt like hell to find any.

I sure would like to be in there with you now and get a goat. Did you get to take them bear hinters out this fall or havent you gone yet? How is all your dogs and Horses? Is there many hunters down about your place? There has been severial game in there from here this fall, but the most of them that would like to go are afraid that if they go in there hunting they can't get back out, so decide it best not to go.

Has Canyars got back from ant side yet? and who is he going to get to stay

with him this winter, I sure would like to stay there. do you think there will be many Cougar this winter? If there is I hope you get your part of them. I bet old Dick and Whiskers will put them up the tree. Well Dave I can't think of any more to write about now so, will close hoping to here from you,
