Dear Don,

Hope this letter finds you well. Junius Bird mentioned to me that you had been ill, and I hope there is no problem.

The reason I write is to request your permission to republish a photograph of Folsom points which I had published earlier in my book Predicting the Past. I have the old black and white print in hand, and simply need your permission to use it once again.

I think that Junius spoke to you about a photograph of you about a photograph of you flintknapping. That was for the same book. Anything you have would be most welcome, and I will, of course, pay whatever costs are involved.

Thank you very much for your help.

Sincerely yours,

David Hurst Thomas  
Chairman
