Dear Mr. Crabtree,

Enclosed is the latest issue of our Journal that I promised to you. I hope you enjoy it.

I will look forward to a short article and some photographs from you. I am sure our members would like to know more about you flint chipping techniques. I certainly enjoyed the demonstration in Urbana last Saturday. Perhaps a condensed version of your longer article in Tebiwa with some of the sketches and photographs that you already have would be more convenient for you. Of course, we will be real happy with anything you submit.

If you are ever in the St. Louis area, drop in for a visit and I will be glad to show you my collection.

Best personal regards,

Ben W. Thompson
