Dr. Raymond H. Thompson  
University of Arizona  
Department of Anthropology  
Tucson, Arizona 85721

Dear Ray:

Thank you so much for returning the manuscript. I have delivered it to Dr. Swanson and we will publish it as a paper on pressure techniques. Earl said it would be well if we had the collection of replica points which were sent with the paper - to have them here at the university for reference.

I am sure you are all looking forward to the visit by Francois Bordes. Believe he said he would be there on March 27th. On April 9th he will fly to Pullman where we hope to get together for a symposium on lithic technology. Do wish you could come.

I do hope we will be able to see you in Florida but as yet have not worked out the details on time and finance. Also must wait to see how Evelyn feels at that time.

Please give our best to Molly, Emil, Bill, Jim and all the fine people in your department.

Sincerely yours,

Don E. Crabtree
