Dear Dr. Tindale:

Thank you so much for your letter of May 25th and please excuse my delay in answering. Have been working at the ISU in Pocatello doing some high speed photography and was late getting my mail.

We will be very happy to have you and your wife visit us here at our home and maybe you and I will have time to do some experimenting in my workshop. I have to visit the Grasshopper site in Arizona this Summer and plan now to leave here about the 25th of June but will plan to be back here by the 10th to visit with you. I doubt very much if I will get by Marie's dig at Greeley, for this will not give me enough time to lecture at Grasshopper and also visit Cynthia's site in New Mexico. Am sorry to miss this, but time is short and the month of July is pretty full for me.

I live in the country so had better give you directions to my home. From the town of Twin Falls, Idaho, I live East 2 3/4 miles. At the Motor Vu, or cemetary corner in Twin Falls, start counting miles and drive straight East 2 and 3/4 miles on U.S. 30 and there I am right on the South side of the highway. My house is redwood in color with lots of trees and a porch across the front. Don't think you can miss it. However, if you do, please call me at Twin Falls 733-3275 and I will give you directions.

If your plans change regarding dates in Idaho, please let me know but we will look forward to seeing you on the 10th of July.

Yours sincerely,

Don E. Crabtree
