Dear Don,

Please find the eight slides
of F. Bordes of which you desired
copies.

We are living in our retreat
on the Santa Lucia Range,
behind Cambria & I am working
on the ms of my Australian
Tubes' book. There is even more
to do than I had estimated & I
will have to keep my nose down
to it very steadily.

I am going with Dorothy up to
Pullman to give a series of four
day lectures in mid April but
we will be back here on 26th
April & stay until about the 10th of
June. I will be teaching again
at U.C.L.A. from 15 June to 29th
August. We hope to be home
in Adelaide by about 10th September.

With warmest regards from Dorothy
and myself to Evelyn and
yourself
Sincerely yours
Norman & Indale
