Dear Michel:

Thank you for your very kind remarks on my poor writings in Tebiwa. Your offer to subscribe to Tebiwa is indeed a compliment and I have forwarded your letter to Dr. Earl Swanson of the Museum at Idaho State University, Pocatello, Idaho who takes care of these subscriptions. I am sure you will hear from him very soon.

Please tell Jacques Tixier that I will write him a letter in a few days and it will include a report on the Capsien core which I think I have now mastered.

Congratulations on your beautiful art work and do wish I had you here to do some drawings for me.

Sincerely,

Don E. Crabtree
