

Paris, June 11th 1970.

Dear Evelyn,

Dear Don,

I am just back this morning from Dordogne. I received Earl's telegram and François phoned to me. I have no further information about Evelyn's health but we hope from the bottom of our hearts she may surmount this trouble. We should like to be able to be of use to you. Idaho is so far from here... but you are in our Hearts and in our thoughts. Be sure that your french friends do not forget you.

Best and best wishes.

We kiss Evelyn very affectionately.

"Toute notre amitié à vous deux."
