Dear Jacques:

It was a great pleasure to get your letter stating the possibilities that you can get to Kimberly. This I will most certainly look forward to as you and Gene and I will have a great get-together going over the many happenings of the past number of years. We have some new technologies and some still to be worked out that we need your help with. I am only sorry that you can't stay longer.

The connections between Boise and Twin Falls do not appear to be too good. The times of the Air West flights from Boise to Twin Falls are as follows:

Leave Boise 11:10 AM	Arrive Twin Falls 11:44 AM
Leave Boise 5:15 PM	Arrive Twin Falls 5:44 PM

Also, the bus schedule doesn't appear to be too good; however, I am enclosing a timetable for both Greyhound and Trailways buses. It would appear that it would be better to fly than to take the bus. If you can let me know your arrival time in Twin Falls, I will be at the airport and meet you.

It is with great excitement I look forward to your visit, as for the past several years I have had trouble keeping track of you and your escapades. Your stay in Dallas would appear to be an exciting one as I have heard of the display of "Ice Age Art". I understand it is a spectacular exhibit and is causing a lot of attention. You are so very fortunate to be able to take part in the exhibit.

By the way, I received three packages of basalt from Japan and there was never a letter and I didn't know the person who had sent the material, so you may have fun trying this when you arrive. I will close for now and look forward to some long conversations. The best of holidays to you.

Your friend,

Don Crabtree
