

My dearest Don,

Forgive me for having taken so long in getting back to you, however the person that writes my letter for me was away on vacation and now thank God has finally returned none the worse for wear, I hope. I think that for what Peter tells me his visit with you was truly a highlight and he said that he learned so much in so little time that he only hopes that he can put to use all that you were able to convey to him. The only thing that I regret is that I couldn't be there with him since I, too, would have relished being with you both at that time.

Upon Peters return he also brought me some pieces which you had made and which have found their place in my collection and for which I truly thank you since they mean more to me than I'll be ever able to convey to you by letter. Especially that Folsom point which you were kind enough to send along. Besides the University of Idaho I am probably one of the few people that has at least two of Don Crabtrees Folsom points.

So as not to make this too long I had best sign off for now and thank you again for being the host that you were and the friend that you are.

Very truly yours,

GW/LLS
